

Tufts Health Plan SCO Care Management - Newsflash

Unlisted Providers and CaseTrakker Events

Provider ID# 000000 UNLISTED is a “dummy” provider number that is used as a placeholder when an event is entered in CaseTrakker but the final provider is not yet known or available as an option. Provider ID# 000000 UNLISTED is the only number that should be used in these cases. Never use Provider# 099999 UNLISTED as it is only for use in CCMS.
