

**Tufts Health Plan SCO Care Management - Newsflash**

**Transportation Line Update**

Effective immediately, members should use the following number for LogistiCare to book rides to and from their medical appointments: **855-251-7092**

All previous correspondence had made reference to 866-383-4153, which is the incorrect number. Please refer to the updated [Transportation Talking Points](#) when speaking with members about their transportation needs.

Thanks,

Damien
