

Here are this week's Tuesday Tips, which are specifically geared towards SCO RN Care Mangers correctly documenting the MDS-HC.

Tip #1

When completing an initial MDS-HC assessment on an 11/1/14 effective enrollee for example after their effective date, for question #2 of the MDS-HC assessment you should always select "Change in status" vs. selecting "Initial assessment." This is because the assessment is being completed after the member's effective date.

Tip #2

On the Request for Services section of the MDS-HC assessment, Home and Community Based Services (HCBS) should only be selected when the member is on the Frail Elder Waiver (FEW)

Thanks,

Damien
