

CareLink Now Available For More Groups

We are excited to announce the expansion of our CareLink product offering to groups of 51 or more employees.

We know that more Massachusetts and Rhode Island employers now offer flexible, remote working locations for their employees and many may have smaller locations around the country. That is why we have expanded our CareLink plan offering to employers with 51 or more employees.

We know how valuable this can be for smaller business that may not have been able to find quality in-network plans for their out of area employees.

CareLink, offered by Tufts Health Plan and CIGNA, offers employers with workforce in multiple states comprehensive coverage for all employees.

The CareLink plan features:

- Emergency and urgent care coverage 24 hours a day, seven days a week, anywhere in the world.
- A national provider network that includes 700,000 providers and more than 6,000 hospitals.
- Wellness and disease-management programs to help keep members healthy while controlling costs.
- Discounts on fitness club memberships, acupuncture, massage, and more.

Outpatient Services

In-network care

- Copayment only (preventive services are covered in full)

Out-of-network care

- Covered services subject to deductible and coinsurance

Inpatient Services

In-network care

- Most services covered at 100%
