

# Recommended Third Party Administrators For Your HRA and HSA

We work with a select group of third party administrators (TPAs) to provide integrated solutions for Health Reimbursement Arrangements (HRAs) and Health Savings Accounts (HSAs). Each of the TPAs listed below provides excellent customer service and flexible options to meet your needs.

Integration means a more seamless, hassle-free experience for the employer. We are able to provide claims feeds directly to all our recommended TPAs. In addition, we offer an enhanced capability with the TPAs that have an asterisk (\*) below. We are able to provide eligibility file feeds directly to these TPAs as well. The integration of claims and eligibility file feeds makes it easier for employers to administer their HRAs and HSAs.

## Recommended TPAs

### **Benefit Strategies**

(888) 401-3539  
benstrat.com
