

# Recommended Third Party Administrators For Your HRA and HSA

Tufts Health Plan works with a select group of third party administrators (TPAs) to provide integrated solutions for Health Reimbursement Arrangements (HRAs) and Health Savings Accounts (HSAs). We also provide claims data directly to all of these organizations. Organizations marked with an asterisk (\*) also receive eligibility files from Tufts Health Plan. Integrating claims and eligibility files makes it easier for employers to manage their HRAs and HSAs.
