

Massachusetts 2024 Evidence of Coverage Amendment

The following amendment is effective for all fully-insured large group plans renewing on or after 1/1/2024. This amendment includes important information about your health care coverage under your Massachusetts health insurance plan.

Fertility Preservation Services

Effective 7/1/2024, *Tufts Health Plan* will provide coverage for the procurement, cryopreservation, and storage of ovarian and testicular tissue when a *Member* has been diagnosed with a medical condition that may impact his/her future fertility. Previously, coverage only applied for the cryopreservation and storage of sperm, eggs, and embryos. No *Member Cost Sharing Amount* applies to the cryopreservation and storage of ovarian and testicular tissue. Prior approval by an *Authorized Reviewer* is required for coverage to apply. When found to be *Medically Necessary*, ovarian and testicular tissue can be stored for up to 24 months. For more information, please contact the Member Services Department.
