## Benefit and Cost-Sharing Summary

This Benefit and Cost-Sharing Summary gives you information about your Tufts Health Direct Covered Services and costs you may have to pay. Make sure you review the services you are eligible for under the Benefit and Cost-Sharing Summary for your specific Plan Level. To see which Tufts Health Direct Plan Level you have, check your Tufts Health Plan Member ID Card.

Your Tufts Health Direct Plan may also have a Deductible. A Deductible is the amount you pay for certain Covered Services in a Benefit Year before your Tufts Health Direct Plan will begin to pay for those Covered Services. You are responsible for paying the Deductible, Copayment, and/or Coinsurance amounts listed in this document.

This Summary gives you a general understanding of your benefits. If you want more information about your benefits and capitalized terms, see your *Tufts Health Direct Member Handbook*.

You must go to Providers (doctors, Hospitals, and other health care professionals) who are part of the Tufts Health Direct Provider Network to get services. For Primary Care, you must see the Primary Care Provider (PCP) you have on record in the Member Portal. Services are only covered with In-network Providers, except for Emergency care and out of the Service Area Urgent Care.

Out-of-network services require Prior Authorization, except for Emergency care and out of the Service Area Urgent Care. [Service Area is all of Massachusetts EXCEPT Dukes and Nantucket Counties.]

Always check for the most up-to-date In-network Provider information. If you have questions about your Tufts Health Direct benefits or you need help locating an In-network Provider, call us at **888.257.1985** (TTY: 711).

### ANNUAL DEDUCTIBLE

<b>Individual</b>	\$0
<b>Family</b>	\$0

### ANNUAL OUT-OF-POCKET MAXIMUM

<b>Individual</b>	\$0 (medical)   \$250 (pharmacy)
<b>Family</b>	\$0 (medical)   \$500 (pharmacy)

Deductible, Coinsurance and Copayments apply toward your Out-of-pocket Maximum. The family Deductible and Out-of-pocket Maximum on this Plan have embedded individual Deductibles and Out-of-pocket Maximums, meaning the individual Deductible and Out-of-pocket Maximum above applies to each individual member of the family. This ensures that no single Member on a family Plan will ever have to satisfy the full family Deductible or Out-of-pocket Maximum on their own. Once any combination of family members meets the family Deductible and/or Out-of-pocket Maximum, the entire family is considered to have met the Deductible and/or Out-of-pocket Maximum.
