

## Appendix D – Schedule II and III Opioid Medications

Effective January 1, 2019, the following opioid medications have been classified as Schedule II or Schedule III controlled substances by the state of Massachusetts. In accordance with Massachusetts law, if you are prescribed any of these medications and wish to have a quantity less than what was prescribed, no additional cost or penalty will be imposed on you. If the MEMBER fills a lesser quantity than is prescribed of a Schedule II opioid controlled substance, and then decides to fill the remainder of the original prescription at the same pharmacy within 30 days of the original prescription date, no additional COPAYMENT or other cost sharing will be applied. This list is subject to change throughout the year. Please call a Member Representative for the most current information about Schedule II and III medications covered by Tufts Health Plan.
