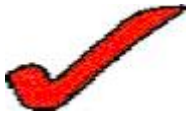
EVIDENCE OF COVERAGE
Choice Copay
Your Choice HMO 1500
MASSACHUSETTS



This health plan meets Minimum Creditable Coverage standards and will satisfy the individual mandate that you have health insurance. Please see next page for additional information.

TIERED PROVIDER Network
Your Choice plan assigns PROVIDERS to benefit TIERS. You may pay different COST SHARING AMOUNTS based on a PROVIDERS' assigned benefit TIER. This plan updates the assigned benefit TIER each year on January 1st. You may pay different COST SHARING AMOUNTS if your PROVIDER is reassigned to a different benefit TIER. Please consult the DIRECTORY OF HEALTH CARE PROVIDERS for information on the TIER levels of available NETWORK PROVIDERS.

Important Note: There are many ways to measure the performance of a physician. We have created the PROVIDER TIERS for this Your Choice plan at the physician group level--not on an individual provider-basis. A physician's TIER does not guarantee the quality of care that you might receive from a specific physician or practice group, or a certain health outcome. You should always speak with your physician when making decisions about where to get care.

*Updates that move a PROVIDER from a higher benefit TIER to a lower benefit TIER may be made at other times during the year

Emergency Care:
EMERGENCY services will be covered from all PROVIDERS at the cost-level of the lowest cost-sharing tier. This is the case regardless of the tier in which we have classified the PROVIDER providing such EMERGENCY services within the Your Choice network. This includes any COST SHARING AMOUNTS that may apply to an INPATIENT hospital admission, if you are seeking EMERGENCY services and are subsequently admitted.

MASSACHUSETTS REQUIREMENT TO PURCHASE HEALTH INSURANCE:

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector Web site (www.mahealthconnector.org).

This health plan meets Minimum Creditable Coverage standards that were effective January 1, 2009 as part of the Massachusetts Health Care Reform Law. If you purchase this plan, you will satisfy the statutory requirement that you have health insurance meeting these standards.

THIS DISCLOSURE IS FOR MINIMUM CREDITABLE COVERAGE STANDARDS THAT WERE EFFECTIVE JANUARY 1, 2009. BECAUSE THESE STANDARDS MAY CHANGE, REVIEW YOUR HEALTH PLAN MATERIAL EACH YEAR TO DETERMINE WHETHER YOUR PLAN MEETS THE LATEST STANDARDS.

If you have questions about this notice, you may contact the Division of Insurance by calling (617) 521-7794 or visiting its Web site at www.mass.gov/doi.

Treatment Cost Estimator
In compliance with Massachusetts law, TUFTS HEALTH PLAN offers a cost transparency estimator tool to help MEMBERS estimate the cost of COVERED SERVICES. Examples of information you can find by using the treatment cost estimator include:

- the estimated or maximum ALLOWED COST for a proposed admission, procedure or service; and
- the estimated amount you will be responsible for paying for admissions, procedures, or services that are COVERED SERVICES (including FACILITY FEES and COST SHARING AMOUNTS), based on information available to TUFTS HEALTH PLAN at the time the request is made.

The cost estimates generated by the tool are binding to the extent required by Massachusetts law. The actual amount you may be responsible for paying may vary due to unforeseen services that arise out of the proposed admission, procedure or service.

Overview

Welcome to TUFTS HEALTH PLAN. We are pleased you have chosen us. We look forward to working with you to help you meet your health care needs. We are a health maintenance organization which arranges for your health care through a network of health care professionals and hospitals. When you join TUFTS HEALTH PLAN, you will need to choose a PRIMARY CARE PROVIDER (PCP*)* to manage your care. Your PCP is a PROVIDER in private practice who personally cares for your health needs, and if the need arises, refers you to a specialist within our network.

IMPORTANT NOTE:
For OUTPATIENT care, when you receive services from your PCP*,* a behavioral health/substance abuse PROVIDER, or an obstetrician/gynecologist ("Ob/Gyn"), your COPAYMENT may be lower than for services from other PROVIDERS.

In addition, this plan is a TIERED plan. This means that most PROVIDERS (PCP's, Specialists, and HOSPITALS) have been placed into three TIERS based upon whether they pass our quality and cost thresholds. These TIERS determine your costs for care from that PROVIDER.

- For most OUTPATIENT services, the PROVIDER's practice group, rather than the individual PROVIDER, is placed into a TIER based upon whether the group passes our quality and cost thresholds. Because a PROVIDER may change his or her practice group affiliation during the year, the PROVIDER's TIER may change. Also, please note that there are different COPAYMENTS for PCPs than there are for specialists. COPAYMENTS are generally lower for PCPs than for specialists.
  - PROVIDERS who pass our quality threshold and lower cost threshold are TIER 1 PROVIDERS. You will pay the lowest COPAYMENT if you obtain care from TIER 1 PROVIDERS. There are different COPAYMENTS for PCPs than there are for specialists.
  - PROVIDERS who pass our quality threshold and moderate cost threshold are TIER 2 PROVIDERS. You will pay higher COPAYMENTS for care from TIER 2 PROVIDERS than for care from TIER 1 PROVIDERS.
- Care at LIMITED SERVICE MEDICAL CLINIC is covered with a TIER 1 PCP COPAYMENT.
- Hospitals are placed into levels based on whether they pass our quality and cost thresholds.
  - HOSPITALS who pass our quality threshold and lower cost threshold are placed into HOSPITAL TIER 1, and are subject to the lowest , COPAYMENTS .
  - HOSPITALS who pass our quality threshold and moderate cost threshold are placed into HOSPITAL TIER 2 and are subject to higher DEDUCTIBLE - COPAYMENTS - than those at HOSPITAL Tier 1.
  - You may receive some OUTPATIENT services, such as diagnostic imaging or DAY SURGERY, at free-standing facilities. Free-standing facilities are independent and are not affiliated with a HOSPITAL or HOSPITAL system. COVERED SERVICES at free-standing facilities are covered with lower COST SHARING than the same services provided at a HOSPITAL
- Please note that some PROVIDERS may be placed in TIER 1 because there was inadequate data to TIER them or because the specialized range of services they provide were not subject to tiering. In addition, please note that TUFTS HEALTH PLAN HOSPITALS located outside of Massachusetts are placed into HOSPITAL TIER 2.

For more information about the standards used for placing these PROVIDERS into levels, please see the Web site at www.tuftshealthplan.com or call 1-800-462-0224.

This book will help you find answers to your questions about TUFTS HEALTH PLAN benefits. Capitalized words are defined in the Glossary in Appendix A.

Your satisfaction with TUFTS HEALTH PLAN is important to us. If at any time you have questions, please call a Member Representative and we will be happy to help you.

Tufts Associated Health Maintenance Organization, Inc. is licensed as a health maintenance organization in Massachusetts, but does business under the name TUFTS HEALTH PLAN.

Eligibility for Benefits
When you join TUFTS HEALTH PLAN, you agree to receive your care from TUFTS HEALTH PLAN PROVIDERS. We cover only the services and supplies described as COVERED SERVICES in Chapter 3. There are no pre-existing condition limitations under this plan. You are eligible to use your benefits as of your EFFECTIVE DATE.

In accordance with federal law (45 CFR § 148.180), TUFTS HEALTH PLAN does not:

- adjust PREMIUMS based on genetic information;
- request or require genetic testing; or
- collect genetic information from an individual prior to, or in connection with enrollment in a plan, or at any time for underwriting purposes.

IMPORTANT NOTE FOR MEMBERS IN GROUP CONTRACTS ONLY:
If you live outside of Massachusetts, your benefits under this plan may also include benefits required by the laws of your state. For more information, please call Member Services.

Calls to Member Services
The Member Services Department is committed to excellent service. All calls are recorded for training and quality purposes.

Benefit Overview

This table provides basic information about your benefits under this plan. Please see "Benefits Limits" and Chapter 3 for detailed explanations of COVERED SERVICES, including certain benefit restrictions and limitations (for example, visit, day, and dollar maximums).

COST SHARING AMOUNTS

OUTPATIENT COST SHARING AMOUNTS vary based upon whether they are provided by a PCP or another TUFTS HEALTH PLAN PROVIDER, and whether they are provided by a TIER 1 PCP or PROVIDER or a TIER 2 PCP or PROVIDER.

INPATIENT COST SHARING AMOUNTS vary based upon whether they are provided at a facility that:

- passes our quality threshold and lower cost threshold (HOSPITAL TIER 1).
- or passes our quality threshold and moderate cost threshold (HOSPITAL TIER 2).

In addition, certain care received at a free-standing facility (a facility not affiliated with a hospital or hospital system) may be subject to lower COST SHARING AMOUNTS. Please note that TUFTS HEALTH PLAN HOSPITALS located outside of Massachusetts are placed into HOSPITAL TIER 2. Please see the following "Benefit Overview" for specific information.

COPAYMENTS for care in an EMERGENCY room are not tiered. You pay a $300.00 COPAYMENT per EMERGENCY room visit, anywhere you go.

Important Notes:

- An EMERGENCY room COPAYMENT may apply if you register in an EMERGENCY room but leave that facility without receiving care.
- If DAY SURGERY services are received, COST SHARING AMOUNTS for those services may apply.
- The DEDUCTIBLE will apply for certain types of office visits. Please see the "Benefit Overview" table below for information about when the DEDUCTIBLE does and does not apply.
- The PCP level applies to care provided by your PCP, a behavioral health/substance abuse PROVIDER, or an obstetrician/ gynecologist ("Ob/Gyn") as well as for OUTPATIENT routine eye care and visits to a LIMITED SERVICE MEDICAL CLINIC.
- For certain OUTPATIENT services listed as "covered in full" in the table below, you may be charged COST SHARING AMOUNTS when these services are provided in conjunction with an office visit. In addition, please note that in accordance with the Patient Protection and Affordable Care Act (ACA), certain services, including women's preventive health care services, are covered in full. Please see the following "Benefit Overview" chart for more information.
- COPAYMENTS for URGENT CARE services vary depending upon type of PROVIDER (PCP vs. Specialist) and location in which services are rendered (for example, PROVIDER's office, LIMITED SERVICE MEDICAL CLINIC, URGENT CARE CENTER, or EMERGENCY room).

DEDUCTIBLES	
DEDUCTIBLES per CONTRACT YEAR: Each of these DEDUCTIBLES applies under this plan for separate TIERS of COVERED SERVICES. However, any amount you pay towards the DEDUCTIBLE at one TIER will apply towards the DEDUCTIBLES of the other tiers. To the extent your DEDUCTIBLE exceeds $1,500 for an individual or $3,000 for a family, your employer will be required to fund a Health Reimbursement Account in the amount that exceeds $1,500 per individual or $3,000 per family.	
TIER 1 DEDUCTIBLE	
Individual	$1,500
Family (two or more MEMBERS)	$1,500 per MEMBER. $3,000 per family.
TIER 2 DEDUCTIBLE	
Individual	$1,500
Family (two or more MEMBERS)	$1,500 per MEMBER. $3,000 per family.

IMPORTANT NOTES ABOUT YOUR DEDUCTIBLES:

- The benefit schedule later in this section tells you which benefits are subject to a DEDUCTIBLE and other COST SHARING AMOUNTS you pay under this plan.
- Any amount that we count toward your TIER 1 or TIER 2 DEDUCTIBLES count toward all of these DEDUCTIBLES.
    - The Family DEDUCTIBLE is satisfied with any combination of DEDUCTIBLE payments for COVERED SERVICES for any enrolled MEMBERS. If any enrolled MEMBER in a family meets the Individual DEDUCTIBLE before the Family DEDUCTIBLE is met, then coverage will begin for that MEMBER (1) subject to any other COST SHARING AMOUNTS that may apply, and (2) any such cost sharing wil not count toward the Family DEDUCTIBLE.
- **The following amounts do not count towards your DEDUCTIBLE at each TIER:**
    - Any amount you pay for services, supplies, or medications that are not COVERED SERVICES.
    - Costs in excess of the REASONABLE CHARGE.
    - The premium you pay for this plan.

Please note: A DEDUCTIBLE amount paid at any TIER by the MEMBER for a COVERED SERVICE received during the last 3 months of a CONTRACT YEAR shall be carried forward to the next CONTRACT YEAR's DEDUCTIBLE. Any DEDUCTIBLE amount carried forward will be applied to the next CONTRACT YEAR OUT-OF POCKET MAXIMUM.

OUT-OF-POCKET MAXIMUM
Individual OUT-OF-POCKET MAXIMUM : $7,000.00. An Individual OUT-OF-POCKET MAXIMUM of $7,000.00 applies to each MEMBER per CONTRACT YEAR.
Family (two or more MEMBERS) OUT-OF-POCKET MAXIMUM: $7,000.00 per MEMBER and $14,000.00 per family each CONTRACT YEAR.
Any DEDUCTIBLE, COPAYMENT or COINSURANCE amount you pay for COVERED SERVICES under this plan counts towards your OUT-OF-POCKET MAXIMUM. Once you have satisfied your OUT-OF-POCKET MAXIMUM, you are no longer responsible for DEDUCTIBLES, COPAYMENTS or COINSURANCE. Note: Under a family plan, any combination of enrolled MEMBERS in a family can contribute towards meeting the Family OUT-OF POCKET MAXIMUM. Once the Family OUT-OF POCKET MAXIMUM is met during a CONTRACT YEAR, we begin to pay for COVERED SERVICES for all enrolled MEMBERS in a family under the terms of this Evidence of Coverage. However:If any enrolled MEMBER in a family meets the Individual OUT-OF POCKET MAXIMUM before the Family OUT-OF POCKET MAXIMUM is met; then: (1) that MEMBER has met his/her OUT-OF POCKET MAXIMUM requirement; and (2) we will begin to pay for his/her COVERED SERVICES, subject to the terms of this Evidence of Coverage. **The following amounts do not count towards your OUT-OF POCKET MAXIMUM:** ● Any amount you pay for services, supplies, or medications that are not COVERED SERVICES. ● Costs in excess of the REASONABLE CHARGE. ● The premium you pay for this plan

Important Note about your coverage under the Affordable Care Act ("ACA"): Under the ACA, preventive care services , including women's preventive health care services, certain prescription medications, and certain over-the-counter medications when prescribed by a licensed PROVIDER and dispensed at a pharmacy pursuant to a prescription, are now covered in full. These services are listed in the following "Benefit Overview". For more information on what services are now covered in full, please see the Web site at **https://www.tuftshealth plan.com/documents/employers/health-wellness/list-of-preventive-services or https://www.tuftshealthplan.com/documents/providers/payment-policies/preventive-services.** You can find information about women's preventive health services at **https://hrsa.gov/womensguidelines2016/index.html.**

Chapter 1 - How Your HMO Plan Works

How the Plan Works

PRIMARY CARE PROVIDERS

Each MEMBER must choose a PRIMARY CARE PROVIDER (PCP). The PCP is responsible for providing or authorizing all of your health care services. If you do not choose a PCP, we will not pay for any services or supplies except for EMERGENCY care.

> **Note:** If you require non-EMERGENCY health care services, always call your PCP. Without authorization from your PCP, services will not be covered. Never wait until your condition becomes an EMERGENCY to call.

COVERED SERVICES and supplies

We will pay for COVERED SERVICES and supplies when they are MEDICALLY NECESSARY. For more information about your MEMBER costs for medical services, see "Benefit Overview" at the front of this EVIDENCE OF COVERAGE.

Important: This plan is a TIERED plan. This means that most PROVIDERS (including PCPs, specialists, and hospitals) are placed into levels of coverage based upon whether they pass our quality and cost thresholds. As a result, for certain benefits, different COST SHARING AMOUNTS will apply depending on which PROVIDER you see or where you obtain the COVERED SERVICES. Please see the "Benefit Overview" for more information about the levels of coverage, the COST-SHARING AMOUNTS you will pay, and for more information about how PROVIDERS are placed into tiers.

SERVICE AREA (see Appendix A)

In most cases, you must receive your care in the TUFTS HEALTH PLAN SERVICE AREA. Please note that the SERVICE AREA, which is defined in Appendix A, includes both the Standard and Extended SERVICE AREA. The exceptions are for an EMERGENCY or URGENT CARE while traveling outside of the SERVICE AREA.

In the rare event that a service cannot be provided by a TUFTS HEALTH PLAN PROVIDER in either the Standard or Extended SERVICE AREA, please call a Member Representative for assistance or visit our website.

PROVIDER network

Under TUFTS HEALTH PLAN's HMO limited network plans, we offer MEMBERS access to a select network of physicians, hospitals, and other PROVIDERS in the SERVICE AREA.

Under all other HMO options, we offer MEMBERS access to an extensive network of physicians, hospitals, and other PROVIDERS throughout the SERVICE AREA.

This Your Choice plan assigns PROVIDERS to benefit tiers. You may pay different COST SHARING AMOUNTS based on a PROVIDER'S assigned benefit tier. This plan updates the assigned benefit tier each year on January 1st*. You may pay different COST SHARING AMOUNTS if your PROVIDER is reassigned to a different benefit tier. Please consult the Your Choice DIRECTORY OF HEALTH CARE PROVIDERS for information on the tier levels of available NETWORK PROVIDERS.

Important Note: There are many ways to measure the performance of a physician. We have created the PROVIDER tiers for this Your Choice plan at the physician group level--not on an individual provider-basis. A physician's tier does not guarantee the quality of care that you might receive from a specific physician or practice group, or a certain health outcome. You should always speak with your physician when making decisions about where to get care.

*Updates that move a PROVIDER from a higher benefit tier to a lower benefit tier may be made at other times during the year.

Changes to our PROVIDER network

Although we work to ensure the continued availability of our PROVIDERS, our network of PROVIDERS may change during the year.

This can happen for many reasons, including a PROVIDER's retirement, moving out of the SERVICE AREA, or failure to continue to meet our credentialing standards. In addition, because PROVIDERS are independent contractors who do not work for TUFTS HEALTH PLAN, this can also happen if TUFTS HEALTH PLAN and the PROVIDER are unable to reach agreement on a contract.

If you have any questions about the availability of a PROVIDER, please call a Member Representative.

EMERGENCY Care and URGENT CARE

- Go to the nearest EMERGENCY medical facility.
- You do not need approval from your PCP before receiving EMERGENCY care.
- If you receive OUTPATIENT EMERGENCY care at an EMERGENCY facility, you or someone acting for you should call your PCP or TUFTS HEALTH PLAN within 48 hours after receiving care. You are encouraged to contact your PRIMARY CARE PROVIDER so your PCP can provide or arrange for any follow-up care that you may need.
- If you receive EMERGENCY COVERED SERVICES from a non-TUFTS HEALTH PLAN PROVIDER, we will pay the PROVIDER up to the REASONABLE CHARGE. You will be responsible for any charges in excess of the REASONABLE CHARGE (as well as any applicable COST SHARING AMOUNT). You may receive a bill for these services. If you receive a bill, please call Member Services or see “Bills from PROVIDERS” in Chapter 6 for information on what to do if you receive a bill.

URGENT CARE

If you are in the Standard or Extended SERVICE AREA

- You may seek URGENT CARE: in your PCP's office; in a PROVIDER's office; in an EMERGENCY room; in a hospital-based walk-in clinic; in a Limited Service Medical Clinic; or at a Free-Standing URGENT CARE Center. If you receive URGENT CARE services in the Standard or Extended Service Area in a TUFTS HEALTH PLAN PROVIDER's office or from a TUFTS HEALTH PLAN PROVIDER in a hospital-based walk-in clinic, a referral is required from your PCP. A referral is not required for URGENT CARE services in the Standard or Extended Service Area when provided by your PCP, in an emergency room, or in a Limited Service Medical Clinic or Free-Standing URGENT CARE Center affiliated with TUFTS HEALTH PLAN.
- If you receive URGENT CARE services in the Standard or Extended Service Area in a Non-TUFTS HEALTH PLAN PROVIDER's office, from a non-TUFTS HEALTH PLAN PROVIDER in a hospital-based walk-in clinic, or in a Free-Standing URGENT CARE Center or Limited Service TUFTS HEALTH PLAN Medical Clinic that is not affiliated with TUFTS HEALTH PLAN , a referral is required from your PCP.
- A referral is not required for URGENT CARE services provided in an EMERGENCY room.

If you are outside the Standard or Extended SERVICE AREA

- You may seek URGENT CARE in a PROVIDER's office, LIMITED SERVICE MEDICAL CLINIC, a Free-Standing URGENT CARE CENTER, a hospital-based walk in clininc or the EMERGENCY room.
- You do not need a referral from your PCP before receiving EMERGENCY care or URGENT CARE.

Important notes about EMERGENCY Care and URGENT CARE

- If you are admitted as an INPATIENT after receiving EMERGENCY or URGENT CARE COVERED SERVICES, you or someone acting for you must call your PCP or TUFTS HEALTH PLAN within 48 hours after receiving care. (Notification from the attending PROVIDER satisfies this requirement.)
- If you receive URGENT CARE outside of the SERVICE AREA, you or someone acting for you must contact your PCP to arrange for any necessary follow-up care.
- EMERGENCY or URGENT CARE services are covered, whenever you need it, anywhere in the world. Continued services after the EMERGENCY or URGENT condition has been treated and stabilized may not be covered if we determine, in coordination with the MEMBER's PROVIDER, that the MEMBER is safe for transport back into the SERVICE AREA and it is appropriate and cost-effective to transport the MEMBER back into the SERVICE AREA.
- If you receive care from a non-TUFTS HEALTH PLAN PROVIDER,we will pay the PROVIDER up to the REASONABLE CHARGE. You will be responsible for any charges in excess of the REASONABLE CHARGE (as well as any applicable COST SHARING AMOUNT). You may receive a bill for these services. Please call Member Services or see “Bills from PROVIDERS” in Chapter 6 for more information on what to do if you receive a bill.

COST SHARING AMOUNTS for URGENT CARE services vary depending on:

- type of PROVIDER (PCP vs. SPECIALIST);
- location where services are provided (for example, PROVIDER’s office, LIMITED SERVICE MEDICAL CLINIC, FREE-STANDING URGENT CARE CENTER, or Emergency room); and
- any additional Diagnostic OUTPATIENT services provided during the visit. Such services including but are not limited to laboratory tests, x-rays, or DURABLE MEDICAL EQUIPMENT may be subject to separate COST SHARING AMOUNTS (see the Benefit Overview.) For more information, please call Member Services.

INPATIENT Hospital Services

- If you need INPATIENT services, in most cases, you will be admitted to your PCP's TUFTS HEALTH PLAN HOSPITAL.
- Charges after the discharge hour: If you choose to stay as an INPATIENT after a TUFTS HEALTH PLAN PROVIDER has scheduled your discharge or determined that further INPATIENT services are no longer MEDICALLY NECESSARY, we will not pay for any costs incurred after that time.
- If you are admitted to a facility which is not the TUFTS HEALTH PLAN HOSPITAL in your PCPs PROVIDER ORGANIZATION, and your PCP determines that transfer is appropriate, you will be transferred to the TUFTS HEALTH PLAN HOSPITAL in your PCP's PROVIDER ORGANIZATION or another TUFTS HEALTH PLAN HOSPITAL. Important: We may not pay for INPATIENT care provided in the facility to which you were first admitted after your PCP has decided that a transfer is appropriate and transfer arrangements have been made.

Behavioral Health/Substance Use Disorder Services

OUTPATIENT behavioral health/substance use disorder services

Within 30 days of your first visit, your behavioral health and substance use disorder PROVIDER must provide notification for OUTPATIENT behavioral health/substance use disorder services by calling TUFTS HEALTH PLAN OUTPATIENT Behavioral Health/Substance Use Disorder Program at 1-800-208-9565. You or your PCP may also call TUFTS HEALTH PLAN's Behavioral Health/Substance Use Disorder Program to provide notification.

INPATIENT and intermediate behavioral health/substance use disorder services

For INPATIENT and intermediate behavioral health/substance use disorder services, each MEMBER may be assigned to a DESIGNATED FACILITY. Assignment is based on each MEMBER's age (adult or CHILD), as well as the PROVIDER ORGANIZATION affiliation of that MEMBER's PCP.

- If you live in an area where TUFTS HEALTH PLAN's DESIGNATED FACILITIES are available, you will be assigned to one. In this case, the following will apply:
  - You must call your DESIGNATED FACILITY to receive INPATIENT/intermediate behavioral health/substance use disorder services. Call a TUFTS HEALTH PLAN Behavioral Health Service Coordinator at 1-800-208-9565 for the name and telephone number of your DESIGNATED FACILITY.
  - Your DESIGNATED FACILITY will provide or authorize such services for you.
  - If you are admitted to a facility which is not your DESIGNATED FACILITY, and the DESIGNATED FACILITY decided that transfer is appropriate, you will be transferred to your DESIGNATED FACILITY or another PROVIDER as authorized by the DESIGNATED FACILITY.
    Important Notes:
    - We will not pay for INPATIENT care provided in the facility to which you were first admitted after your DESIGNATED FACILITY has decided that a transfer is appropriate and transfer arrangements have been made.
    - If you choose to stay as an INPATIENT after your DESIGNATED FACILITY has scheduled your discharge or determined that further INPATIENT services are no longer MEDICALLY NECESSARY, we will not pay for any costs incurred after that time.
- If you are not assigned to a DESIGNATED FACILITY, you must call the Behavioral Health Department at TUFTS HEALTH PLAN at 1-800-208-9565 for information on where you may receive INPATIENT/intermediate behavioral health/substance use disorder services at a TUFTS HEALTH PLAN facility.

Continuity of Care

If you are an existing MEMBER

If your PROVIDER is involuntarily disenrolled from TUFTS HEALTH PLAN for reasons other than quality or fraud, you may continue to see your PROVIDER in the following circumstances:

- Pregnancy. If you are in your second or third trimester of pregnancy, you may continue to see your PROVIDER through your first postpartum visit.
- Terminal Illness. If you are terminally ill (having a life expectancy of 6 months or less), you may continue to see your PROVIDER as long as necessary.

If your PCP disenrolls, we will provide you notice at least 30 days in advance. If the disenrollment is for reasons other than quality or fraud, you may continue to see your PCP for up to 30 days after the disenrollment.

To choose a new PCP, call a Member Representative. The Member Representative will help you to select one. You can also see the searchable Tufts Health Plan Directory of Health Care Providers, which is available on our website to choose a PCP.

If you are enrolling as a new MEMBER

When you enroll as a MEMBER, if none of the health plans offered by the GROUP at that time include your PROVIDER, you may continue to see your PROVIDER if:

- you are undergoing a course of treatment. In this instance, you may continue to see your PROVIDERfor up to 30 days from your EFFECTIVE DATE.
- the PROVIDER is your PCP. In this instance, you may continue to see your PCP for up to 30 days from your EFFECTIVE DATE;
- you are in your second or third trimester of pregnancy. In this instance, you may continue to see your PROVIDER through your first postpartum visit;
- you are terminally ill. In this instance, you may continue to see your PROVIDER as long as necessary.

Conditions for coverage of continued treatment

TUFTS HEALTH PLAN may condition coverage of continued treatment upon the PROVIDER's agreement:

- to accept reimbursement from TUFTS HEALTH PLAN at the rates applicable prior to notice of disenrollment as payment in full and not to impose cost sharing with respect to a MEMBER in an amount that would exceed the cost sharing that could have been imposed if the PROVIDER has not been disenrolled;
- to adhere to the quality assurance standards of TUFTS HEALTH PLAN and to provide us with necessary medical information related to the care provided; and
- to adhere to TUFTS HEALTH PLAN's policies and procedures, including procedures regarding referrals, obtaining prior authorization, and providing services pursuant to a treatment plan, if any, approved by TUFTS HEALTH PLAN .

About Your PRIMARY CARE PROVIDER

Importance of choosing a PCP

Each MEMBER must choose a PCP when he or she enrolls. The PCP you choose will be associated with a specific TUFTS HEALTH PLAN PROVIDER ORGANIZATION. This means that you will usually receive COVERED SERVICES from health care professionals and facilities associated with that TUFTS HEALTH PLAN PROVIDER ORGANIZATION.

Once you have chosen a PCP, you are eligible for all COVERED SERVICES.

IMPORTANT NOTE: Until you have chosen a PCP, only EMERGENCY care is covered.

What a PCP does

A PCP provides routine health care (including routine physical examinations), arranges for your care with other TUFTS HEALTH PLAN PROVIDERS, and provides referrals for other health care services. See “Behavioral Health/Substance Use Disorder Services” earlier in this chapter for more information about these services. Please note that OUTPATIENT behavioral health/substance use disorder services do not require a referral.

Your PCP, or a COVERING PROVIDER, is available 24 hours a day. Your PCP will coordinate your care by treating you, or referring you to specialty services.

Choosing a PCP

You must choose a PCP from the list of PCPS in our DIRECTORY OF HEALTH CARE PROVIDERS. If you already have a PROVIDER who is listed as a PCP, in most instances you may choose him or her as your PCP. Once you have chosen a PCP who is part of our network, you must inform us of your choice in order to be eligible for all COVERED SERVICES.

If you do not have a PCP or your PCP is not listed in our Directory of Health Care Providers, call a Member Representative for help in choosing a PCP. If you have difficulty choosing a PCP, please contact Member Services.

Notes:

- Under certain circumstances required by law, if your PCP is not in our network, you will be covered for a short period of time for services provided by that PCP. A Member Representative can give you more information. Please see "Continuity of Care" above.
- For additional information about a PCP or specialist, the **Massachusetts Board of Registration in Medicine** provides information about physicians licensed to practice in Massachusetts. You may reach the Board of Registration at (800) 377-0550 or www.mass.gov/massmedboard.

Contacting your new PCP

If you have chosen a new PROVIDER as your PCP, you should:

- contact your new PCP as soon as you join and identify yourself as a new TUFTS HEALTH PLAN MEMBER,
- ask your previous PROVIDER to transfer your medical records to your new PCP, and
- make an appointment for a check-up or to meet your PCP.

If you can't reach your PCP by phone right away

If your PCP cannot take your call at once, always leave a message with the office staff or answering service. Wait a reasonable amount of time for someone to return your call.

If you need medical services after hours, please contact your PCP or a COVERING PROVIDER. Your PCP, or a COVERING PROVIDER is available 24 hours a day, 7 days a week. If you need INPATIENT behavioral health or substance use disorder services after hours, please call 1-800-208-9565 for assistance.

Note: If you are experiencing a medical EMERGENCY, you do not have to contact your PCP or a COVERING PROVIDER; instead, proceed to the nearest EMERGENCY medical facility for treatment (see "EMERGENCY Care and URGENT CARE" below for more information).

About Your PRIMARY CARE PROVIDER, continued

Changing your PCP

You may change your PCP or, in certain instances, we may require you to do so. The new PCP will not be considered your PCP until:

- you choose a new PCP from our DIRECTORY OF HEALTH CARE PROVIDERS;
- you report your choice to a Member Representative; and
- we approve the change in your PCP.

Note: You may not change your PCP while you are an INPATIENT or in a partial hospitalization program, except when approved by TUFTS HEALTH PLAN in limited circumstances.

Canceling appointments

If you must cancel an appointment with any PROVIDER, always give as much notice to the PROVIDER as possible (at least 24 hours). If your PROVIDER's office charges for missed appointments that you did not cancel in advance, we will not pay for the charges.

Referrals for specialty services

Every PCP is associated with a specific PROVIDER ORGANIZATION. If you need to see a specialist (including a pediatric specialist), your PCP will select the specialist and make the referral. Usually, your PCP will select and refer you to another PROVIDER in the same PROVIDER ORGANIZATION (as defined in Appendix A). Because the PCP and the specialists already have a working relationship, this helps to provide quality and continuity of care.

If you need specialty care that is not available within your PCP's PROVIDER ORGANIZATION (this is a rare event), your PCP will choose a specialist in another PROVIDER ORGANIZATION and make the referral. When selecting a specialist for you, your PCP will consider any long-standing relationships that you have with any TUFTS HEALTH PLAN PROVIDER, as well as your clinical needs. (As used in this section, a long-standing relationship means that you have recently been seen or been treated repeatedly by that TUFTS HEALTH PLAN specialist.)

If you require specialty care which is not available through any TUFTS HEALTH PLAN PROVIDER (this is a rare event), your PCP may refer you, with the prior approval of an AUTHORIZED REVIEWER, to a PROVIDER not associated with TUFTS HEALTH PLAN . You will be responsible for any applicable COINSURANCE or COPAYMENT). You may receive a bill for these services. Please call Member Services, or see “Bills from PROVIDERS” in Chapter 6 for information on what to do if you receive a bill.

Notes:

- A referral to a specialist must be obtained from your PCP before you receive any COVERED SERVICES from that specialist. If you do not obtain a referral prior to receiving services, you will be responsible for the cost of those services.
- COVERED SERVICES provided by non-TUFTS HEALTH PLAN PROVIDERS are not paid for unless authorized in advance by your PCP and approved by an AUTHORIZED REVIEWER.
- For behavioral health and substance use disorder services, you do not need a referral from your PCP; however, you or your PROVIDER must notify the TUFTS HEALTH PLAN Behavioral Health Department within 30 days of when you start receiving these services. See "Behavioral Health and Substance Abuse Services" earlier in this chapter for more information."
- COPAYMENTS for COVERED SERVICES provided by your PCP, a behavioral health/substance abuse PROVIDER, and obstetrician/gynecologist ("Ob/Gyn") may be lower than for services provided by other PROVIDERS. Please see the "Benefit Overview" section at the beginning of this document for more information.

Referral forms for specialty services

Except as provided below, your PCP must complete a referral every time he or she refers you to a specialist. Sometimes your PCP will ask you to give a referral form to the specialist when you go for your appointment. Your PCP may refer you for one or more visits and for different types of services. Your PCP must approve any referrals that a specialist may make to other PROVIDERS. Make sure that your PCP has made a referral before you go to any other PROVIDER. A PCP may authorize a standing referral for specialty health care provided by a TUFTS HEALTH PLAN PROVIDER.

AUTHORIZED REVIEWER approval

If the specialist refers you to a non-TUFTS HEALTH PLAN PROVIDER , the referral must be approved by your PCP and an AUTHORIZED REVIEWER. In addition, certain COVERED SERVICES described in Chapter 3 must be authorized in advance by an AUTHORIZED REVIEWER, or, for behavioral health and substance abuse services, from a TUFTS HEALTH PLAN Behavioral Health AUTHORIZED REVIEWER. If you do not obtain that authorization, we will not cover those services and supplies.

When referrals are not required

The following COVERED SERVICES do not require a referral from your PCP. You must obtain these services from a TUFTS HEALTH PLAN PROVIDER except: (1) as listed in this chapter; (2) for URGENT CARE outside of our SERVICE AREA; or (3) for EMERGENCY care.

- URGENT CARE within the SERVICE AREA, when received from your PCP, in an EMERGENCY room, or a LIMITED SERVICE MEDICAL CLINIC or FREE-STANDING URGENT CARE Center that participates with TUFTS HEALTH PLAN. **IMPORTANT NOTE:** A referral is required for coverage of URGENT CARE services received within the SERVICE AREA at a LIMITED SERVICE MEDICAL CLINIC or FREE-STANDING URGENT CARE Center that is not affiliated with TUFTS HEALTH PLAN. Additionally, URGENT CARE services received within the SERVICE AREA in a PROVIDER's office or hospital-based walk-in clinic require a referral from your PCP. This includes services provided by both TUFTS HEALTH PLAN PROVIDERS and non-TUFTS HEALTH PLAN PROVIDERS.
- Telemedicine services, when received from the TUFTS HEALTH PLAN designated telemedicine vendor.
- Mammography screenings at the following intervals:
  - one baseline at 35-39 years of age;
  - one every year at age 40 and older; or
  - as otherwise MEDICALLY NECESSARY.
- Pregnancy terminations.
- Routine eye exams.
- Other vision care from an optometrist.
- Chiropractic medicine
- Dental surgery, orthodontic treatment and management, or preventive and restorative dentistry, when provided for the treatment of cleft lip or cleft palate for CHILDREN under age 18.
- Acupuncture services
- Medical treatment provided by an optometrist.
- OUTPATIENT behavioral health/substance use disorder services.
- Oral surgery.
- The following specialty care provided by a TUFTS HEALTH PLAN PROVIDER who is an obstetrician, gynecologist, certified nurse midwife or family practitioner:
- Maternity Care.
- MEDICALLY NECESSARY evaluations and related health care services for acute or EMERGENCY gynecological conditions.
- Routine annual gynecological exam, including any follow-up obstetric or gynecological care determined to be MEDICALLY NECESSARY as a result of that exam.

Financial Arrangements between TUFTS HEALTH PLAN and TUFTS HEALTH PLAN PROVIDERS

Methods of payment to TUFTS HEALTH PLAN PROVIDERS

Our goal in compensation of PROVIDERS is to encourage preventive care and active management of illnesses. We strive to be sure that the financial reimbursement system we use encourages appropriate access to care and rewards PROVIDERS for providing high quality care to our MEMBERS. We use a variety of mutually agreed upon methods to compensate TUFTS HEALTH PLAN PROVIDERS.

The TUFTS HEALTH PLAN DIRECTORY OF HEALTH CARE PROVIDERS indicates the method of payment for each PROVIDER. Regardless of the method of payment, we expect all participating PROVIDERS to use sound medical judgment when providing care and when determining whether a referral for specialty care is appropriate. This approach encourages the provision of MEDICALLY NECESSARY care and reduces the number of unnecessary medical tests and procedures which can be both harmful and costly to MEMBERS.

We review the quality of care provided to our MEMBERS through its Quality of Health Care Program. You should feel free to discuss with your PROVIDER specific questions about how he or she is paid.

Member Identification Card

Introduction

TUFTS HEALTH PLAN gives each MEMBER a member identification card (Member ID).

Reporting errors

When you receive your Member ID card, check it carefully. If any information is wrong, call a Member Representative.

Identifying yourself as a TUFTS HEALTH PLAN MEMBER

Your Member ID card is important because it identifies you as a TUFTS HEALTH PLAN MEMBER. Please:

- carry your Member ID card at all times;
- have your Member ID card with you for medical, hospital and other appointments; and
- show your Member ID card to any PROVIDER before you receive health care services.

When you receive services, you must tell the office staff that you are a TUFTS HEALTH PLAN MEMBER.

> **IMPORTANT NOTE:** If you do not identify yourself as a TUFTS HEALTH PLAN MEMBER, then:
>
> - we may not pay for the services provided; and
> - you would be responsible for the costs.

Membership requirement

You are eligible for benefits if you are a MEMBER when you receive care. A Member ID card alone is not enough to get you benefits. If you receive care when you are not a MEMBER, you are responsible for the cost.

Membership identification number

If you have any questions about your member identification number, please call a Member Representative.

Utilization Management

TUFTS HEALTH PLAN has a utilization management program. This is employed to evaluate whether health care services provided to MEMBERS are: (1) MEDICALLY NECESSARY and (2) provided in the most appropriate and efficient manner.

MEDICAL NECESSITY Guidelines are used to determine MEDICAL NECESSITY for services or items which are covered when found to be MEDICALLY NECESSARY. These Guidelines are developed for specific services or items found to be safe and proven effective in a limited, defined population of patients or clinical circumstances.

MEDICAL NECESSITY Guidelines are:

- based on current literature review;
- developed with input from practicing PROVIDERS in the SERVICE AREA;
- developed in accordance with the standards adopted by government agencies and national accreditation organizations;
- updated annually or more often as new treatments, applications, and technologies are adopted as generally accepted professional medical practice; and
- scientific evidence-based, if practicable.

TUFTS HEALTH PLAN considers these guidelines as well as the MEMBER'S individual health care needs to evaluate on a case-by-case basis if a service or supply is MEDICALLY NECESSARY.

The utilization management program sometimes includes prospective, concurrent, and retrospective review of health care services for MEDICAL NECESSITY (collectively, this comprises AUTHORIZED REVIEW) and is performed by an AUTHORIZED REVIEWER.

Prospective review is used to determine whether proposed treatment is MEDICALLY NECESSARY before that treatment begins. Prospective review also referred to as "Pre-Service Review".

Concurrent review is used to:

- monitor ongoing admissions (the course of treatment) as they occur; and
- to determine when that treatment is no longer MEDICALLY NECESSARY.

Retrospective review is used to evaluate the MEDICAL NECESSITY of care after it has been provided. In some circumstances, we engage in retrospective review to more accurately determine if a MEMBER'S health care services are appropriate. Retrospective review is also referred to as “Post-Service Review”.

TIMEFRAMES TO REVIEW YOUR REQUEST FOR COVERAGE

Type of Review	Timeframe for Determinations*
Prospective (Pre-service) review	Urgent: Within 72 hours of receiving all necessary information and prior to the expected date of service. Non-urgent: Within 15 calendar days of receiving all necessary information and prior to expected date of service.
Concurrent review	Prior to the end of the current certified period. Urgent: Within 24 hours of receipt of the request.
Retrospective (Post-service) review	Within 30 calendar days of receipt of a request for payment with all supporting documentation.

***Note:**

- See “Processing of Plan Benefits” in Appendix B for determination procedures under the Department of Labor’s (DOL) Regulations.

Utilization review helps MEMBERS in the following ways:

- Prospective and concurrent reviews let MEMBERS know if proposed health care services are MEDICALLY NECESSARY and covered under their plan. This allows MEMBERS to make informed decisions about their care.
- Utilization review can enhance the quality of care and convenience for the MEMBER by evaluating if treatment is MEDICALLY NECESSARY and the most appropriate for the MEMBER.
- By evaluating treatment cost effectiveness, MEMBER COST SHARING AMOUNTS may be reduced.
- Helping to control overall plan costs plays an important part in making sure health care plans continue to be affordable.

When your request for coverage is denied, you have the right to file an appeal. See Chapter 6 for information on how to file an appeal.

TUFTS HEALTH PLAN make coverage determinations. You and your PROVIDER make all treatment decisions.

Care Management

Some MEMBERS with Severe Illnesses or Injuries may warrant care management intervention under our case management program. Under this program we:

- encourage the use of the most appropriate and cost-effective treatment; and
- support the MEMBER's treatment and progress.

If a MEMBER is identified by us as an appropriate candidate for care management or referred to the program, we may contact that MEMBER and his or her TUFTS HEALTH PLAN PROVIDER to discuss a treatment plan and establish prioritized goals. A TUFTS HEALTH PLAN Complex Care Manager may suggest alternative services and supplies available to the MEMBER.

We may periodically review the MEMBER's treatment plan. We will contact the MEMBER and the MEMBER's TUFTS HEALTH PLAN PROVIDER if we identify alternatives to the MEMBER's current treatment plan that qualify as COVERED SERVICES, are cost effective, and are appropriate for the MEMBER.

A Severe Illness or Injury may include, but is not limited to, the following:

- high-risk pregnancy and newborn CHILDREN;
- serious heart or lung disease;
- cancer;
- certain neurological diseases;
- AIDS or other immune system diseases;
- severe traumatic injury.

Care Management, continued

Individual case management (ICM)

In certain circumstances, we may authorize an individual case management ("ICM") plan for a MEMBER with a Severe Illness or Injury who is already participating in the care management program. The ICM plan is designed to arrange for the most appropriate health care services and supplies for the MEMBER.

As a part of the ICM plan, we may authorize coverage for certain alternative services and supplies that do not otherwise constitute COVERED SERVICES for that MEMBER. This will occur only if we determine, in its sole discretion, that all of the following conditions are satisfied:

- the MEMBER's condition is expected to require medical treatment for an extended duration;
- the alternative services and supplies are MEDICALLY NECESSARY to treat the MEMBER's condition;
- the alternative services and supplies are provided directly to the MEMBER with the condition;
- the alternative services and supplies are provided in place of or to prevent more expensive services or supplies that the MEMBER otherwise might have incurred during the current episode of illness;
- the MEMBER and an AUTHORIZED REVIEWER agree to the alternative treatment program; and
- the MEMBER continues to show improvement in his or her condition, as determined periodically by an AUTHORIZED REVIEWER.

We will periodically monitor the appropriateness of the alternative services and supplies provided to the MEMBER. If, at any time, these services and supplies fail to satisfy any of the conditions described above, we may modify or terminate coverage for the services or supplies provided pursuant to the ICM plan at our sole discretion. Please note that ICM plans are not used to authorize services or supplies that are specifically excluded under the MEMBER's plan or that fall within the parameters of the Utilization Review program described above and do not meet the relevant MEDICALLY NECESSARY criteria for authorization.

AUTHORIZED REVIEWER Approval

Prior approval by an AUTHORIZED REVIEWER is required for certain COVERED SERVICES. COVERED SERVICES that may require this approval are identified by (AR) in the "Benefit Overview".

If you receive these services from or authorized by your TUFTS HEALTH PLAN PCP, your PCP (or other TUFTS HEALTH PLAN Provider) is responsible for obtaining approval from an AUTHORIZED REVIEWER .

For more information about AUTHORIZED REVIEWER approval, please call Member Services.

If a request for coverage is denied, you have a right to appeal. Please see Part 7, "Member Satisfaction Process" for information on how to file an appeal.

Services that you receive in an EMERGENCY do not require the prior approval of an AUTHORIZED REVIEWER.

A DEPENDENT's coverage cannot start before the SUBSCRIBER's coverage starts.

If you or your enrolled DEPENDENT is an INPATIENT on your EFFECTIVE DATE, your coverage starts on the later of:

- the EFFECTIVE DATE, or
- the date we are notified and given the chance to manage your care.

Adding DEPENDENTS under FAMILY COVERAGE

When DEPENDENTS may be added

After you enroll, you may apply to add any DEPENDENTS who are not currently enrolled in TUFTS HEALTH PLAN only:

- during the OPEN ENROLLMENT PERIOD that applies to you; or
- within 30 days after any of the following events:
  - a change in your marital status,
  - the birth of a CHILD,
  - the adoption of a CHILD as of the earlier of the date the CHILD is placed with you for the purpose of adoption or the date you file a petition to adopt the CHILD,
  - a court orders you to cover a CHILD through a qualified medical child support order,
  - a DEPENDENT loses other health care coverage involuntarily,
  - a DEPENDENT moves into the SERVICE AREA, or
  - if your GROUP has an IRS qualified cafeteria plan, any other qualifying event under that plan.

Adding DEPENDENTS under FAMILY COVERAGE, continued

How to add DEPENDENTS

The process for adding Dependents to this coverage will differ, depending on whether you enrolled under this plan directly with Tufts Health Plan or through the Commonwealth Health Insurance Connector Authority ("the Connector").

IF YOU ENROLLED DIRECTLY WITH TUFTS HEALTH PLAN, FOLLOW THIS PROCESS:

1. If you have Family Coverage, fill out either a group-approved form or Tufts Health Plan forma membership application form listing the Dependents. Give the form to your Group (if you are enrolled in a Group Contract) or to Tufts Health Plan (if you have an Individual Contract), whichever applies, either during your Open Enrollment Period or within 30 days after the date of an event listed above, under "When Dependents may be added."

2. If you don't have Family Coverage, ask your Group or Tufts Health Plan, whichever applies, to change your Individual Coverage to Family Coverage and then follow the procedure above.

IF YOU ENROLLED THROUGH THE CONNECTOR, FOLLOW THIS PROCESS:

For more information about adding Dependents, contact the Connector either by phone (1-877-MA-ENROLL) or on its Web site (www.mahealthconnector.org).

EFFECTIVE DATE of DEPENDENTS coverage

If we accept your application to add DEPENDENTS, we will send you a Member ID card for each DEPENDENT.

EFFECTIVE DATES will be no later than:

- the date of the CHILD's birth, adoption or placement for adoption; or
- in the case of marriage or loss of prior coverage, the date of the qualifying event.

Availability of benefits after enrollment

COVERED SERVICES for an enrolled DEPENDENT are available as of the DEPENDENT's EFFECTIVE DATE. There are no waiting periods. Maternity benefits are available even if the pregnancy began before your EFFECTIVE DATE.

Note: We will only pay for COVERED SERVICES which are provided on or after your EFFECTIVE DATE.

Newborn CHILDREN and ADOPTIVE CHILDREN

Importance of enrolling and choosing a PCP for newborn CHILDREN and ADOPTIVE CHILDREN

You must enroll your newborn CHILD within 30 days after the CHILD's birth for the CHILD to be covered from birth. Otherwise, you must wait until the next OPEN ENROLLMENT PERIOD to enroll the CHILD. Choose a PCP for the newborn CHILD before or within 48 hours after the newborn CHILD's birth. That way, the PCP can manage your CHILD's care from birth.

You must enroll your ADOPTIVE CHILD within 30 days after the CHILD has been adopted or placed for adoption with you for that CHILD to be covered from the date of his or her adoption. Otherwise, you must wait until the next OPEN ENROLLMENT PERIOD to enroll the CHILD.

Steps to follow to choose a PCP for newborn CHILDREN and ADOPTIVE CHILDREN

1. Choose a PCP from the list of PCPs in the searchable Directory of Health Care Providers (available on our website) or call a Member Representative for help.
2. Call the Provider and ask him or her to be the newborn or Adoptive Child's PCP.
3. If he or she agrees, call a Member Representative to report your choice.

Continuing Eligibility for DEPENDENTS

When coverage ends

DEPENDENT coverage for a CHILD ends on the last day of the month in which the CHILD's 26th birthday occurs.

Coverage after termination

When a CHILD loses coverage under this EVIDENCE OF COVERAGE, he or she may be eligible for federal or state continuation or to enroll in INDIVIDUAL COVERAGE. See Chapter 5 for more information.

What the SUBSCRIBER must do to continue coverage for DISABLED DEPENDENTS

1 About 30 days before the CHILD no longer meets the definition of DEPENDENT, call Member Services.
2 Give proof, acceptable to us, of the CHILD's disability.

When coverage ends

DISABLED DEPENDENT coverage ends when:

- the DEPENDENT no longer meets the definition of DISABLED DEPENDENT, or
- the SUBSCRIBER fails to give us proof* of the DEPENDENT's continued disability.

Coverage after termination

The former DISABLED DEPENDENT may be eligible to enroll in coverage under an INDIVIDUAL CONTRACT. See Chapter 5 for more information.

Rule for former SPOUSES for GROUP CONTRACT (Also see Chapter 5)

If you and your SPOUSE divorce or legally separate, your former SPOUSE may continue coverage as a DEPENDENT under your FAMILY COVERAGE in accordance with Massachusetts law.

Note: If you remarry, your former SPOUSE's coverage as a DEPENDENT under your FAMILY COVERAGE will end. However, your former SPOUSE may continue coverage under an INDIVIDUAL CONTRACT through your employer GROUP. If your former SPOUSE remarries, coverage will end unless continuation is still available under federal law.

How to continue coverage for former SPOUSES for GROUP CONTRACT

Follow these steps to continue coverage for a former SPOUSE:

- Call a Member Representative within 30 days after the divorce decree is issued to tell us about your divorce.
- Send us proof* of your divorce or separation when asked.

***Important Note about DISABLED DEPENDENT and former SPOUSES coverage:** If you enrolled for coverage directly with TUFTS HEALTH PLAN , this proof must be provided to us. If you enrolled through the Connector, please call **1-877-MA-ENROLL.**

Keeping our records current

You must notify us of any changes that affect you or your DEPENDENTS' eligibility. Examples of these changes are:

- birth, adoption, changes in marital status, or death;
- your remarriage or the remarriage of your former SPOUSE, when the former SPOUSE is an enrolled DEPENDENT under your FAMILY COVERAGE;
- moving out of the SERVICE AREA or temporarily residing out of the SERVICE AREA for more than 90 consecutive days;
- address changes; and
- changes in an enrolled DEPENDENT's status as a CHILD or DISABLED DEPENDENT.

If you enrolled for coverage directly with TUFTS HEALTH PLAN, forms to report these changes are available from your GROUP (only if your coverage is under a GROUP CONTRACT) or from the Member Services Department. If you enrolled through the Connector, please call **1-877-MA-ENROLL.**

Chapter 3 - COVERED SERVICES

When health care services are COVERED SERVICES

Health care services and supplies are COVERED SERVICES only if they are:

- listed as COVERED SERVICES in this chapter;
- MEDICALLY NECESSARY;
- consistent with applicable state or federal law;
- consistent with TUFTS HEALTH PLAN's Medical Necessity Guidelines in effect at the time the services or supplies are provided. This information is available to you on our website or by calling Member Services;
- provided to treat an injury, illness or pregnancy, except for preventive care;
- provided or authorized in advance by your PCP, except in an EMERGENCY or for URGENT CARE (see "EMERGENCY or URGENT CARE" earlier in this EOC for more information);
- approved by an AUTHORIZED REVIEWER, in some cases; and
- in the case of INPATIENT or intermediate behavioral health/substance abuse services, provided or authorized by:
  - a DESIGNATED FACILITY, if you have one; or
  - another TUFTS HEALTH PLAN HOSPITAL, if you are not assigned to a DESIGNATED FACILITY.

AUTHORIZED REVIEWER approval: Certain COVERED SERVICES described in this chapter must be authorized in advance by an AUTHORIZED REVIEWER. If such authorization is not obtained, you may be responsible for the full cost of those services and supplies.

COVERED SERVICES

Health care services and supplies only qualify as COVERED SERVICES if they meet the requirements shown above for "When health care services are COVERED SERVICES". The following section describes those services that qualify as COVERED SERVICES.

Notes:

- For information about your costs for the COVERED SERVICES listed below (for example, COPAYMENTS , DEDUCTIBLES and COINSURANCE), see the "Benefit Overview" section at the beginning of this document.
- Information about the day, dollar, and visit limits under this plan are listed in certain COVERED SERVICES in this chapter.
- For OUTPATIENT care: When you receive services from your PCP, a behavioral health/substance use disorder PROVIDER, an obstetrician/gynecologist ("Ob/Gyn") your COPAYMENT may be lower than for services from other PROVIDERS.

This Your Choice plan assigns PROVIDERS to benefit tiers. You may pay different COST SHARING AMOUNTS based on a PROVIDER'S assigned benefit tier. This plan updates the assigned benefit tier each year on January 1st*. You may pay different COST SHARING AMOUNTS if your PROVIDER is reassigned to a different benefit tier. Please consult the Your Choice Directory of Health Care Providers for information on the tier levels of available NETWORK PROVIDERS. You may also call Member Services for more information about to which hospitals your PROVIDER has admitting privileges, and the tier at which these hospitals are placed.

Important Note: There are many ways to measure the performance of a physician. We have created the PROVIDER tiers for this Your Choice plan at the physician group level--not on an individual provider-basis. A physician's tier does not guarantee the quality of care that you might receive from a specific physician or practice group, or a certain health outcome. You should always speak with your physician when making decisions about where to get care.

*Updates that move a PROVIDER from a higher benefit tier to a lower benefit tier may be made at other times during the year.

EMERGENCY care

(no PCP referral required)

Notes:

- The EMERGENCY room COPAYMENT is waived if the EMERGENCY room visit results in immediate hospitalization or DAY SURGERY. If you are admitted as an INPATIENT after receiving EMERGENCY care, please call TUFTS HEALTH PLAN in order to have your EMERGENCY room COPAYMENT waived.
- If you receive EMERGENCY COVERED SERVICES from a non-TUFTS HEALTH PLAN PROVIDER, we will pay the PROVIDER up to the REASONABLE CHARGE. You will be responsible for any charges in excess of the REASONABLE CHARGE (as well as any applicable COST SHARING AMOUNT). You may receive a bill for these services. Please call Member Services or see "Bills from PROVIDERS" in Chapter 6 for more information on what to do if you receive a bill.
- An EMERGENCY room COST SHARING AMOUNT may apply if you register in an EMERGENCY room but leave that facility without receiving car\e.
- A DAY SURGERY COPAYMENT may apply if DAY SURGERY services are recieved.

In compliance with Massachusetts law, TUFTS HEALTH PLAN offiers coverage for services and medications for pain management that are alternatives to opioids. Services include, but are not limited to

To find a PROVIDER for these services, please see our website. Click on "Find a Doctor or Hospital" to start your search. You may also call Member Services for help in finding a PROVIDER.

Important Information About Your COST SHARING AMOUNTS
For certain OUTPATIENT services, you may be billed both a facility fee and a separate physician fee for a single episode of care if the services are provided in a hospital setting or free-standing facility. If the COST SHARING AMOUNT for the OUTPATIENTservice includes a DEDUCTIBLE or COINSURANCE charge, that charge will apply to both fees. If the COST SHARING AMOUNT is a COPAYMENT charge, only a singular COPAYMENT will apply unless otherwise specified in the “Benefit Overview.”

Prescription Drug Benefit

Introduction
This section describes the Prescription Drug Benefit. The following topics are included in this section to explain your prescription drug coverage:

- How Prescription Drugs Are Covered
- Prescription Drug Coverage Table
- What is Covered
- What is Not Covered
- TUFTS HEALTH PLAN Pharmacy Management Programs
- Filling Your Prescription

How Prescription Drugs Are Covered
Prescription drugs will be considered COVERED SERVICES only if they comply with the "TUFTS HEALTH PLAN Pharmacy Management Programs" section described below and are:

- listed below under "What is Covered";
- approved by the United States Food and Drug Administration (FDA);
- provided to treat an injury, illness, or pregnancy;
- MEDICALLY NECESSARY; and
- written by a TUFTS HEALTH PLAN participating PROVIDER, except in cases of authorized referral or in Emergencies.

The "Prescription Drug Coverage Table" below describes your prescription drug benefit amounts.

- Tier-1 drugs have the lowest level COST SHARING AMOUNT.
- Tier-2 drugs have the middle level COST SHARING AMOUNT.
- Tier-3 drugs have a higher level COST SHARING AMOUNT.
- Tier-4 drugs have the highest COST SHARING AMOUNT.

[Note: Prescription drugs are subject to the plan's prescription drug DEDUCTIBLE. [This prescription drug DEDUCTIBLE does **not** apply to generic drugs, regardless of their tier].

Notes:

- Prescribed, orally administered anticancer medications used to kill or slow the growth of cancerous cells are covered subject to a $50.00 COPAYMENT for up to a 30-day supply .
- Smoking cessation agents (both prescription and generic over-the-counter agents when prescribed by a PROVIDER) are covered in full.
- Most generic drugs are covered on Tier 1 or Tier 2.
- Certain drugs on our formulary are designated as part of our low cost drug program. Your retail pharmacy COPAYMENTS for these low cost drugs are $5 for up to a 30-day supply and $10 for a 31-90 day supply. Please see the Web site at www.tuftshealthplan.com/member/pharmacy/commercial-plans-pharmacy or call Member Services for more information.
- In compliance with Massachusetts law, opioid medications listed as Schedule II or Schedule III controlled substances will be filled at a lesser quantity than prescribed if the MEMBER requests it. If the MEMBER requests the lesser quantity, no additional cost or penalty will be enforced on the MEMBER. If the MEMBER fills a lesser quantity than is prescribed of a Schedule II opioid controlled substance, and then decides to fill the remainder of the original prescription at the same pharmacy within 30 days of the original prescription date, no additional COPAYMENT or other cost sharing will be applied. Please see Appendix C, "Schedule II and III Opioid Medications", for a list of these medications.
- Pursuant to Massachusetts law, naloxone (an opioid antagonist) is available without a prescription when obtained from a Massachusetts pharmacy. Whoever requests naloxone at a pharmacy will be billed for the medication, even if that person is picking up the medication for someone else.

TUFTS HEALTH PLAN Pharmacy Management Programs

In order to provide safe, clinically appropriate, cost-effective medications under this Prescription Drug Benefit, we have developed the following Pharmacy Management Programs:

Quantity Limitations Program

We limit the quantity of selected medications that MEMBERS can receive in a given time period, for cost, safety and/or clinical reasons.

Prior Authorization Program:

We restrict the coverage of certain drug products that have a narrow indication for usage, may have safety concerns and/or are extremely expensive, requiring the prescribing PROVIDER to obtain prior approval from us for such drugs..

Step Therapy PA Program

Step therapy is a type of prior authorization program (usually automated) that uses a step-wise approach, requiring the use of the most therapeutically appropriate and cost-effective agents first, before other medications may be covered. MEMBERS must first try one or more medications on a lower step to treat a certain medical condition before a medication on a higher step is covered for that condition.

Designated Specialty Pharmacy Program (Mail Order):

We have designated specialty pharmacies that specialize in providing medications used to treat certain conditions, and are staffed with clinicians to provide support services for MEMBERS. Some medications must be obtained at a specialty pharmacy. Medications may be added to this program from time to time. Designated specialty pharmacies can dispense up to a 30-day supply of medication at one time and it is delivered directly to the MEMBERS's home via mail. This is NOT part of the mail order pharmacy benefit. Extended day supplies and COPAYMENT savings do not apply to these designated specialty drugs.

Split Fill Program

This program applies only to certain medications. Medications in the Split Fill Program are dispensed in split fills with less than a month's supply of the medication filled at a time. You will be responsible for paying a pro-rated COST SHARING AMOUNT instead of the full 1-30 day supply COST SHARING AMOUNT. For more information about this program, please call Member Services, or see the Web site at www.tuftshealthplan.com.

New-To-Market Drug Evaluation Process:

New-To-Market drug products are reviewed for safety, clinical effectiveness and cost by the TUFTS HEALTH PLAN's Pharmacy and Therapeutics Committee. We then make a coverage determination based on the Committee's recommendation.

A new drug product will not be covered until this process is completed - usually within 6 months of the drug product's availability.

IMPORTANT NOTES:

- If your PROVIDER feels it is MEDICALLY NECESSARY for you to take medications that are not on a formulary or restricted under any of the "TUFTS HEALTH PLAN Pharmacy Management Programs" described above, he or she may submit a request for coverage. We will review the request and provide you with notification of our coverage determination within 72 (seventy-two) hours after receiving the request. We will approve the request if it meets our guidelines for coverage. For more information, you can call a Member Representative.

Please note: You or your prescribing PROVIDER may request an expedited exception process based on exigent circumstances. We will notify you and your prescribing PROVIDER of our determination no later than 24 hours after receiving such a request. Exigent circumstances exist when a MEMBER:

- is suffering from a health condition that may seriously jeopardize his or her life, health, or ability to regain maximum function; or
- is undergoing a current course of treatment using a non-formulary drug.

Additionally, if TUFTS HEALTH PLAN denies a standard or expedited exception request for a drug not covered by the plan, you have the option of requesting an external review at the same time as filing an internal appeal. The external review determination must be made within 72 hours for standard requests and 24 hours for expedited requests. Please contact the TUFTS HEALTH PLAN Appeals and Grievances Department at 888-880-8699, x. 59674 for more information regarding this external option.

- If a request is made to cover medications that are part of the "New-to-Market Drug Evaluation Process" program or the "Non-Covered Drugs with Suggested Alternatives" program, and that request is approved by TUFTS HEALTH PLAN, the medications will generally be covered on the highest tier (e.g., Tier 3 on a 3-tier formulary, Tier 4 on a 4-tier formulary), with some exceptions. Please call Member Services or see our Web site at www.tuftshealthplan.com for more information about on which tier your medication is covered.
- The TUFTS HEALTH PLAN Web site has a list of covered drugs with their tiers. We may change a drug's tier during the year. For example, if a brand drug's patent expires, we may change the drug's status either (a) by moving the brand drug from Tier-2 to Tier-3 .
- If you have questions about your prescription drug benefit, would like to know the tier of a particular drug, or would like to know if your medication is part of a Pharmacy Management Program, check our website or call a Member Services.

IMPORTANT NOTE: There may be limited circumstances when we may change a drug's tier which can happen at any time throughout the year. For example, a brand drug's patent may expire. In this case, we may change the drug's status by either (a) moving the brand drug from Tier-2 to Tier-3 or (b) no longer covering the brand drug when a generic alternative becomes available. In such cases, we will make the generic available at the same tier (i.e., Tier-2) or a lower tier (i.e., Tier-1).

If you are affected by a deletion to the formulary, TUFTS HEALTH PLAN will notify you at least 60 days before the change is made. Please be aware that advance notification will not be issued for prescription drugs deleted from the formulary that the Food and Drug Administration (FDA) have determined to be unsafe.

Filling Your Prescription

Where to Fill Prescriptions:

Fill your prescriptions at a TUFTS HEALTH PLAN designated pharmacy. Our designated pharmacies include:

- for the majority of prescriptions, most of the pharmacies in Massachusetts, New Hampshire and Rhode Island and additional pharmacies nationwide; and
- for a select number of drug products, a small number of designated specialty pharmacy providers. (For more information about TUFTS HEALTH PLAN's designated specialty pharmacy program, see "TUFTS HEALTH PLAN Pharmacy Management Programs" earlier in this Prescription Drug Benefit section.) If you have questions about where to fill your prescription, call the TUFTS HEALTH PLAN Member Services Department.

How to Fill Prescriptions:

- Make sure the prescription is written by a TUFTS HEALTH PLAN participating PROVIDER, except in cases of authorized referral or in Emergencies.
- When you fill a prescription, provide your MEMBER ID to any TUFTS HEALTH PLAN designated pharmacy and pay your COST SHARING AMOUNT.
- If the cost of your prescription is less than your COPAYMENT, then you are only responsible for the actual cost of the prescription.
- If you have any problems using this benefit at a TUFTS HEALTH PLAN designated pharmacy, call our Member Services Department.

Important: Your prescription drug benefit is honored only at TUFTS HEALTH PLAN designated pharmacies. In cases of EMERGENCY, please call the Member Services Department for instructions about submitting your prescription drug claims for reimbursement

Filling Prescriptions for Maintenance Medications:

If you are required to take a maintenance medication, we offer you two choices for filling your prescription:

- you may obtain your maintenance medication directly from a TUFTS HEALTH PLAN designated retail pharmacy; or
- you may have most maintenance medications* mailed to you through a TUFTS HEALTH PLAN designated mail services pharmacy.

*The following may not be available to you through a TUFTS HEALTH PLAN designated mail services pharmacy:

- Medications for short term medical conditions;
- Certain controlled substances and other prescribed drugs that may be subject to exclusions or restrictions;
- Medications that are part of our Quantity Limitations program; or
- Medications that are part of our Designated Specialty Pharmacy program.

NOTE: Your COST SHARING AMOUNTS for covered prescription drugs are shown in the "Prescription Drug Coverage Table" above.

Chapter 5 - When Coverage Ends

Reasons coverage ends

This coverage is guaranteed renewable to the extent required by federal law (45 C.F.R. 148.122), and may only non-renew or cancel coverage under the plan for the following reasons, when applicable: non-payment of premiums, fraud, market exit, movement outside of the SERVICE AREA, or cessation of bona fide association membership. Specifically, your coverage (including federal COBRA coverage and Massachusetts continuation coverage) ends when any of the following occurs:

- you lose eligibility because you:
  - enrolled under a GROUP CONTRACT and no longer meet your GROUP's or TUFTS HEALTH PLAN's eligibility rules; or
  - enrolled under an INDIVIDUAL CONTRACT and no longer meet your INDIVIDUAL CONTRACT's or TUFTS HEALTH PLAN's eligibility rules; or
  - are a SUBSCRIBER or SPOUSE and no longer live, work or reside in the SERVICE AREA*; or
- choose to drop coverage; or
- commit an act of physical or verbal abuse unrelated to your physical or mental condition which poses a threat to any PROVIDER, any TUFTS HEALTH PLAN MEMBER, TUFTS HEALTH PLAN or any TUFTS HEALTH PLAN employee; or
- commit an act of misrepresentation or fraud; or
- your GROUP CONTRACT or INDIVIDUAL CONTRACT (whichever applies) with TUFTS HEALTH PLAN ends. (For more information, see "Termination of a GROUP CONTRACT and Notice" or "Termination of an INDIVIDUAL CONTRACT" later in this chapter.)

*Note: CHILDREN are not required to live, work or reside in the SERVICE AREA. However, care outside of the SERVICE AREA is limited to EMERGENCY or URGENT CARE only.

Benefits after termination

TUFTS HEALTH PLAN will not pay for services you receive after your coverage ends even if:

- you were receiving INPATIENT or OUTPATIENT care when your coverage ended; or
- you had a medical condition (known or unknown), including pregnancy, that required medical care after your coverage ends.

Continuation and conversion

Once your coverage ends, you may be eligible to continue your coverage with your GROUP or to enroll in coverage under an INDIVIDUAL CONTRACT. See Chapter 5 for more information.

When a MEMBER is No Longer Eligible

Loss of eligibility
Your coverage ends on the date you no longer meet your GROUP's or TUFTS HEALTH PLAN's eligibility rules.

Important Note: Your coverage will terminate retroactively to the date you are no longer eligible for coverage.

DEPENDENT Coverage
An enrolled DEPENDENT's coverage ends when the SUBSCRIBER's coverage ends or when the DEPENDENT no longer meets the definition of DEPENDENT, whichever occurs first. Coverage of any CHILD of an enrolled DEPENDENT CHILD ends when the enrolled DEPENDENT CHILD's coverage ends.

If you no longer live, work or reside in the SERVICE AREA
If you are a SUBSCRIBER or SPOUSE and you no longer live, work or reside in the SERVICE AREA, coverage ends as of the date you no longer live, work or reside there. CHILDREN are not required to live, work or reside in the SERVICE AREA. However, care outside of the SERVICE AREA is limited to EMERGENCY or URGENT CARE only.

Before you no longer live, work or reside in the SERVICE AREA, tell your GROUP or call a Member Representative to notify TUFTS HEALTH PLAN of the date you no longer live, work or reside there.

For more information about coverage available to you when you no longer live, work, or reside in the SERVICE AREA, contact a Member Representative.

You choose to drop coverage
Coverage ends if you decide you no longer want coverage and you meet any qualifying event your GROUP requires. To end your coverage, notify your GROUP (or TUFTS HEALTH PLAN if covered under an INDIVIDUAL CONTRACT) at least 30 days before the date you want your coverage to end. You must pay PREMIUMS up through the day your coverage ends.

Membership Termination for Acts of Physical or Verbal Abuse

Acts of physical or verbal abuse

TUFTS HEALTH PLAN may terminate your coverage if you commit acts of physical or verbal abuse which:

- are unrelated to your physical or mental condition;
- pose a threat to any PROVIDER, any TUFTS HEALTH PLAN MEMBER, or TUFTS HEALTH PLAN or any TUFTS HEALTH PLAN employee.

Membership Termination for Misrepresentation or Fraud

Policy
TUFTS HEALTH PLAN may terminate your coverage for misrepresentation or fraud. If your coverage is terminated for misrepresentation or fraud, TUFTS HEALTH PLAN may not allow you to re-enroll for coverage with TUFTS HEALTH PLAN under any other plan (such as a non-GROUP or another employer's plan) or type of coverage (for example, coverage as a DEPENDENT or SPOUSE).

Acts of misrepresentation or fraud
Examples of misrepresentation or fraud include:

- false or misleading information on your application;
- enrolling as a SPOUSE someone who is not your SPOUSE;
- receiving benefits for which you are not eligible;
- keeping for yourself payments made by TUFTS HEALTH PLAN that were intended to be used to pay a PROVIDER;
- abuse of the benefits under this plan, including the resale or transfer of supplies, medication, or equipment provided to you as COVERED SERVICES;
- allowing someone else to use your MEMBER ID; or
- submission of any false paperwork, forms, or claims information.

Date of termination
If TUFTS HEALTH PLAN terminates your coverage for misrepresentation or fraud, your coverage will end as of your EFFECTIVE DATE or a later date chosen by TUFTS HEALTH PLAN.

Payment of claims
TUFTS HEALTH PLAN will pay for all COVERED SERVICES you received between:

- your EFFECTIVE DATE; and
- your termination date, as chosen by TUFTS HEALTH PLAN. TUFTS HEALTH PLAN may retroactively terminate your coverage back to a date no earlier than your EFFECTIVE DATE.

TUFTS HEALTH PLAN will use any PREMIUM you paid for a period after your termination date to pay for any COVERED SERVICES you received after your termination date.

If the PREMIUM is not enough to pay for that care, TUFTS HEALTH PLAN, at its option, may:

- pay the PROVIDER for those services and ask you to pay TUFTS HEALTH PLAN back; or
- not pay for those services. In this case, you will have to pay the PROVIDER for the services.

If the PREMIUM is more than is needed to pay for COVERED SERVICES you received after your termination date, TUFTS HEALTH PLAN will refund the excess to your GROUP or to you if enrolled under an INDIVIDUAL CONTRACT.

Termination of a GROUP CONTRACT and Notice

End of TUFTS HEALTH PLAN's and GROUP's relationship
If you enrolled under a GROUP CONTRACT, coverage will terminate if the relationship between your GROUP and TUFTS HEALTH PLAN ends for any reason, including:

- your GROUP's contract with TUFTS HEALTH PLAN terminates;
- your GROUP fails to pay PREMIUMS on time;
- TUFTS HEALTH PLAN stops operating; or
- your GROUP stops operating.

Notice of termination
If you enrolled through a GROUP, the GROUP CONTRACT will terminate if your GROUP fails to pay PREMIUMS on time. If this happens, TUFTS HEALTH PLAN will notify you of the termination in writing within 60 days after the EFFECTIVE DATE of termination. The notice will tell you that you can elect to continue your coverage under Temporary Continuation of Coverage (TCC) and coverage under an individual contract, as well as how to elect that coverage. If you elect Temporary Continuation of Coverage and pay the required PREMIUM, TCC coverage is available to you during the period between:

- the EFFECTIVE DATE of termination of your GROUP COVERAGE; and
- the date TUFTS HEALTH PLAN sends to you a written notice of termination.

The benefits available under Temporary Continuation of Coverage will be identical to those in your GROUP COVERAGE.

TUFTS HEALTH PLAN may terminate your coverage back to the date the GROUP CONTRACT terminated, if:

- TUFTS HEALTH PLAN sends you a written notice of termination;
- TUFTS HEALTH PLAN offers you the opportunity to elect Temporary Continuation of Coverage coverage under an INDIVIDUAL CONTRACT; and
- you do not elect that coverage within the time period specified in the notice.

Upon termination of TCC, you may elect coverage under an INDIVIDUAL CONTRACT. For more information about this coverage, see "Coverage Under an INDIVIDUAL CONTRACT" at the end of Chapter 5.

If the GROUP CONTRACT terminates for any reason other than your GROUP's failure to pay PREMIUMS, TUFTS HEALTH PLAN will send a notice of termination to your GROUP with the effective date of termination. Your GROUP is responsible for notifying you of the termination. TUFTS HEALTH PLAN is not responsible if your GROUP does not notify you.

Transfer to Other Employer GROUP Health Plans

Conditions for transfer
If you enrolled under a GROUP CONTRACT, you may transfer from TUFTS HEALTH PLAN to any other health plan offered by your GROUP only during your GROUP's OPEN ENROLLMENT PERIOD, within 30 days after moving out of the SERVICE AREA, or as of the date your GROUP no longer offers TUFTS HEALTH PLAN.

Note: Both your GROUP and the other health plan must agree.

Termination of an INDIVIDUAL CONTRACT

End of TUFTS HEALTH PLAN's and SUBSCRIBER's relationship under an INDIVIDUAL CONTRACT
If you enrolled under an INDIVIDUAL CONTRACT, coverage will terminate if your relationship with TUFTS HEALTH PLAN ends for any reason, including:

- your INDIVIDUAL CONTRACT with TUFTS HEALTH PLAN terminates;
- you fail to pay PREMIUMS on time*; or
- TUFTS HEALTH PLAN stops operating.

*If the SUBSCRIBER is terminated, he or she cannot then reinstate coverage under this plan for a period of at least one year from his or her original enrollment date.

Chapter 6 - Continuation of GROUP CONTRACT Coverage

Federal Continuation Coverage (COBRA)

Rules for federal COBRA continuation

Under the Federal Consolidated Omnibus Budget Reconciliation Act (COBRA), you may be eligible to continue coverage after GROUP COVERAGE ends if you were enrolled in TUFTS HEALTH PLAN through a GROUP which has 20 or more eligible employees and you experience a qualifying event (see list below) which would cause you to lose coverage under your GROUP.

Qualifying Events

A qualifying event is defined as:

- the SUBSCRIBER's death;
- termination of the SUBSCRIBER's employment for any reason other than gross misconduct;
- reduction in the SUBSCRIBER's work hours;
- the SUBSCRIBER's divorce or legal separation;
- the SUBSCRIBER's entitlement to Medicare; or
- the SUBSCRIBER's or SPOUSE's enrolled DEPENDENT ceases to be a DEPENDENT CHILD.

If a MEMBER experiences a qualifying event, he or she may be eligible to continue GROUP COVERAGE as a SUBSCRIBER or an enrolled DEPENDENT under federal COBRA law as described below.

When federal COBRA coverage is effective

A MEMBER who is eligible for federal COBRA continuation coverage is called a "qualified beneficiary." A qualified beneficiary must be given an election period of 60 days to choose whether to elect federal COBRA continuation coverage. This period is measured from the later of the date the qualified beneficiary's coverage under the GROUP CONTRACT ends (see the list of qualifying events described above) or the date the plan provides the qualified beneficiary with a COBRA election notice.

A qualified beneficiary's federal COBRA continuation coverage becomes effective retroactive to the start of the election period, if he or she elects and pays for that coverage.

Cost of Coverage

In most cases, you are responsible for payment of 102% of the cost of coverage for the federal COBRA continuation coverage. (See "Important Note" in the "Duration of Coverage" table below for information about when you may be responsible for payment of more than 102% of the cost of COBRA coverage. For more information, contact your GROUP.

Federal Continuation Coverage (COBRA), continued

Duration of Coverage

Qualified beneficiaries are eligible for federal COBRA continuation coverage, in most cases, for a period of 18 or 36 months from the date of the qualifying event, depending on the type of qualifying event. Generally, COBRA coverage is available for a maximum of 18 months for qualifying events due to employment termination or reduction of work hours. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a qualified beneficiary to receive a maximum of 36 months of COBRA continuation coverage. For more information, see the "Duration of Coverage" table below.

FEDERAL COBRA - DURATION OF COVERAGE		
Qualifying Event(s)	**Qualified Beneficiaries**	**Maximum Period of Coverage**
● Termination of SUBSCRIBER's employment for any reason other than gross misconduct. ● Reduction in the SUBSCRIBER's work hours.	SUBSCRIBER, SPOUSE, and DEPENDENT CHILDREN	18 months*
SUBSCRIBER's divorce, legal separation, entitlement to Medicare, or death.	SPOUSE and DEPENDENT CHILDREN	36 months
SUBSCRIBER's or SPOUSE's enrolled DEPENDENT ceases to be a DEPENDENT CHILD.	DEPENDENT CHILD	36 months
*__Important Note:__ If a qualified beneficiary is determined under the federal Social Security Act to have been disabled within the first 60 days of federal COBRA continuation coverage for these qualifying events, then that qualified beneficiary and all of the qualified beneficiaries in his or her family may be able to extend COBRA coverage for up to an additional 11 months. You may be responsible for payment of up to 150% of the cost of COBRA coverage for this additional period of up to 11 months.		

When coverage ends

Federal COBRA continuation coverage will end at the end of the maximum period of coverage. However, coverage may end earlier if:

- Coverage costs are not paid on a timely basis.
- Your GROUP ceases to maintain any GROUP health plan.
- After the COBRA election, the qualified beneficiary obtains coverage with another employer GROUP health plan that does not contain any exclusion or pre-existing condition of such beneficiary. However, if other GROUP health coverage is obtained prior to the COBRA election, COBRA coverage may not be discontinued, even if the other coverage continues after the COBRA election.
- After the COBRA election, the qualified beneficiary becomes entitled to federal Medicare benefits. However, if Medicare is obtained prior to COBRA election, COBRA coverage may not be discontinued, even if the other coverage continues after the COBRA election.

Massachusetts Continuation Coverage

How to qualify for coverage

A MEMBER's GROUP COVERAGE under the GROUP CONTRACT may end because he or she experiences a qualifying event.

A qualifying event is defined as:

- the SUBSCRIBER's death;
- termination of the SUBSCRIBER's employment for any reason other than gross misconduct;
- reduction in the SUBSCRIBER's work hours;
- the SUBSCRIBER's divorce or legal separation;
- the SUBSCRIBER's entitlement to Medicare; or
- the SUBSCRIBER's or SPOUSE's enrolled DEPENDENT ceases to be a DEPENDENT CHILD.

If a MEMBER experiences a qualifying event, he or she may be eligible to continue GROUP COVERAGE as a SUBSCRIBER or an enrolled DEPENDENT under Massachusetts continuation coverage as described below.

Note: Same-sex marriages legally entered into in Massachusetts are recognized under Massachusetts law. Therefore, Massachusetts continuation does apply to same-sex SPOUSES. Contact your employer for more information.

When coverage begins

Massachusetts continuation coverage is effective on the date following the day GROUP COVERAGE ends, in most cases.

When coverage ends

Massachusetts continuation coverage would end, in most cases, 18 or 36 months from the date of the qualifying event, depending on the type of qualifying event.

Payment of PREMIUM

In most cases, you are responsible for payment of 102% of the GROUP PREMIUM for Massachusetts continuation coverage.

Rules for Massachusetts continuation

Under a Massachusetts law similar to COBRA, you may be eligible to continue coverage after GROUP COVERAGE ends if: you were enrolled in TUFTS HEALTH PLAN through a Massachusetts GROUP which has 2 - 19 eligible employees; and you experience a qualifying event which would cause you to lose coverage under your GROUP; and you elect this continuation coverage by following the procedure described below.

A MEMBER who is eligible for Massachusetts continuation of coverage (a "qualified beneficiary") must be given an election period of 60 days to choose whether to elect Massachusetts continuation of coverage. This period is measured from the later of the date the qualified beneficiary's coverage under the GROUP CONTRACT ends, or the date the GROUP provides the qualified beneficiary with an election notice. To elect this coverage, you must complete a Massachusetts continuation of coverage election form and return it to your GROUP within the 60 day period. Contact your GROUP for more information.

Plant Closing

Description of continuation available under a GROUP CONTRACT
Under Massachusetts law, SUBSCRIBERS whose employment is terminated due to a state-certified plant closing or covered partial closing may be eligible, along with their enrolled DEPENDENTS, for continuation of coverage for a period of 90 days. The GROUP is responsible for notifying SUBSCRIBERS of their eligibility. Contact your GROUP or Member Services for more information.

Note: Same-sex marriages legally entered into in Massachusetts are recognized under Massachusetts law. Plant closing continuation provisions therefore do apply to same-sex SPOUSES. Contact your employer for more information.

The Uniformed Services Employment and Reemployment Rights Act (USERRA)

The Uniformed Services Employment and Reemployment Rights Act (USERRA) protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

Under USERRA:

- You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed services, and (1) you ensure that your employer receives advance written or verbal notice of your service; (2) you have five years or less of cumulative service in the uniformed services while with that particular employer; (3) you return to work or apply for reemployment in a timely manner after conclusion of service; and (4) you have not been separated from service with a disqualifying discharge or under other than honorable conditions. If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you have not been absent due to military service, or in some cases, a comparable job.
- If you are a past or present member of the uniformed services, have applied for membership in the uniformed services, or are obligated to serve in the uniformed services, then an employer may not deny you initial employment, reemployment, retention in employment, promotion, or any benefit of employment because of this status. In addition, an employer may not retaliate against anyone assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.
- If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your DEPENDENTS for up to 24 months while in the military.
- If you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (for example, pre-existing condition exclusions), except for service-connected illnesses or injuries.
- Service members may be required to pay up to 102% of the premium for the health plan coverage. If coverage is for less than 31 days, the service member is only required to pay the employee share, if any, for such coverage.
- USERRA coverage runs concurrently with COBRA and other state continuation coverage.
- The U.S. Department of Labor, Veterans' Employment and Training Service (VETS) is authorized to investigate and resolve complaints of USERRA violations.

For assistance in filing a complaint, or for any other information on USERRA, contact VETS at 1-866-4-USA-DOL or visit its Web site at www.dol.gov/VETS. If you file a complaint with VETS and VETS is unable to resolve it, you may request that your case be referred to the Department of Justice for representation. You may also bypass the VETS process and bring a civil action against an employer for violations of USERRA. The rights listed here may vary depending on the circumstances.

For more information, please contact your GROUP.

Coverage under an INDIVIDUAL CONTRACT

If GROUP coverage ends, the Member may be eligible to enroll in coverage under an INDIVIDUAL CONTRACT offered either directly by TUFTS HEALTH PLAN through the Commonwealth Health Insurance Connector Authority ("the Connector"). Please note that coverage under an INDIVIDUAL CONTRACT may differ from group coverage. For more information, call TUFTS HEALTH PLAN Member Services or contact the Connector either by phone (1-877-MA-ENROLL) or on its Web site (www.mahealthconnector.org).

Chapter 7 - MEMBER Satisfaction

MEMBER Satisfaction Process

TUFTS HEALTH PLAN has a multi-level MEMBER Satisfaction Process including:

- Internal Inquiry;
- MEMBER Grievance Process;
- Internal MEMBER Appeals; and
- External Review by the Office of Patient Protection.

All grievances and appeals should be sent to TUFTS HEALTH PLAN at the following address:

TUFTS HEALTH PLAN
Attn: Appeals and Grievances Dept.
705 Mt. Auburn Street
P.O. Box 9193
Watertown, MA 02472-9193
Fax: 617-972-9509

All calls should be directed to TUFTS HEALTH PLAN's Member Services. Alternatively, you may submit your grievance or appeal at the address listed above.

Internal Inquiry
Call a TUFTS HEALTH PLAN Member Representative to discuss concerns you may have regarding your health care. Every effort will be made to resolve your concerns within three (3) business days. If your concerns cannot be explained or resolved within three (3) business days or if you tell a Member Representative that you are not satisfied with the response you have received from TUFTS HEALTH PLAN, we will notify you of any options you may have, including the right to have your inquiry processed as a grievance or appeal. If you choose to file a grievance or appeal, you will receive written acknowledgement and written resolution in accordance with the timelines outlined below.

TUFTS HEALTH PLAN maintains records of each inquiry made by a MEMBER or by that MEMBER's authorized representative. The records of these inquiries and the response provided by TUFTS HEALTH PLAN are subject to inspection by the Commissioner of Insurance and the Health Policy Commission.

MEMBER Grievance Process

A grievance is a formal complaint about actions taken by TUFTS HEALTH PLAN or a TUFTS HEALTH PLAN PROVIDER. There are two types of grievances: administrative grievances and clinical grievances. The two types of grievances are described below.

It is important that you contact TUFTS HEALTH PLAN as soon as possible to explain your concern. Grievances may be filed either verbally or in writing. If you choose to file a grievance verbally, please call a TUFTS HEALTH PLAN Member Representative, who will document your concern and forward it to an Appeals and Grievances Specialist in the Appeals and Grievances Department. To accurately reflect your concerns, you may want to put your grievance in writing and send it to the address provided at the beginning of this section. Your explanation should include:

- your name and address;
- your TUFTS HEALTH PLAN MEMBER ID number;
- a detailed description of your concern (including relevant dates, any applicable medical information, and TUFTS HEALTH PLAN PROVIDER names); and
- any supporting documentation.

Important Note: The MEMBER Grievance Process does not apply to requests for a review of a denial of coverage. If you are seeking such a review, please see the "Internal MEMBER Appeals" section below.

Administrative Grievances

An administrative grievance is a complaint about a TUFTS HEALTH PLAN employee, department, policy, or procedure, or about a billing issue.

Administrative Grievance Timeline

- If you file your grievance in writing, we will notify you by mail, within five (5) business days after receiving your letter, that your letter has been received and provide you with the name, address, and telephone number of the Appeals and Grievances Specialist coordinating the review of your grievance.
- If you file your grievance verbally, we will send you a written confirmation within forty-eight (48) hours. We will also include the name, address, and telephone number of the person coordinating the review.
- If your request for review was first addressed through the internal inquiry process, and does not require the review of medical records, the thirty (30) calendar day review period will begin the day following the end of the three (3) business day Internal Inquiry process or earlier if you notify TUFTS HEALTH PLAN that you are not satisfied with the response you received during the Internal Inquiry process.
- If your grievance requires the review of medical records, you will receive a form that you will need to sign which authorizes your PROVIDERS to release medical information relevant to your grievance to TUFTS HEALTH PLAN. You must sign and return the form before TUFTS HEALTH PLAN can begin the review process. If you do not sign and return the form to TUFTS HEALTH PLAN within thirty (30) business days of the date you filed, TUFTS HEALTH PLAN may issue a response to your grievance without having reviewed the medical records. You will have access to any medical information and records relevant to your grievance that are in the possession and control of TUFTS HEALTH PLAN.
- TUFTS HEALTH PLAN will review your grievance and will send you a letter regarding the outcome, as allowed by law, within thirty (30) calendar days of receipt.
- The time limits in this process may be waived or extended beyond the time allowed by law upon mutual written agreement between you or your authorized representative and TUFTS HEALTH PLAN.

Clinical Grievances

A clinical grievance is a complaint about the quality of care or services that you have received. If you have concerns about your medical care, you should discuss them directly with your PROVIDER. If you are not satisfied with your PROVIDER's response or do not wish to address your concerns directly with your PROVIDER, you may contact Member Services to file a clinical grievance.

If you file your grievance in writing, we will notify you by mail, within five (5) business days after receiving your letter, that your letter has been received and provide you with the name, address, and telephone number of the Appeals and Grievances Specialist coordinating the review of your grievance. If you file your grievance verbally, we will send you a written confirmation of our understanding of your concerns within forty-eight (48) hours. We will also include the name, address, and telephone number of the person coordinating the review.

TUFTS HEALTH PLAN will review your grievance and will notify you in writing regarding the outcome, as allowed by law, within thirty (30) calendar days of receipt. The review period may be extended up to an additional thirty (30) days if additional time is needed to complete the review of your concern. You will be notified in writing if the review timeframe is extended.

Internal MEMBER Appeals

An appeal is a request for a review of a denial of coverage for a service or supply that has been reviewed and denied by TUFTS HEALTH PLAN based on medical necessity (an adverse determination) or a denial of coverage for a specifically excluded service or supply. The TUFTS HEALTH PLAN Appeals and Grievances Department will review all of the information submitted upon appeal, taking into consideration your benefits as detailed in this EVIDENCE OF COVERAGE.

It is important that you contact TUFTS HEALTH PLAN as soon as possible to explain your concern. You have 180 days from the date you were notified of the denial of benefit coverage or claim payment to file an internal appeal. Appeals may be filed either verbally or in writing. If you would like to file a verbal appeal, call a TUFTS HEALTH PLAN Member Representative who will document your concern and forward it to an Appeals and Grievances Specialist in the Appeals and Grievances Department. To accurately reflect your concerns, you may want to put your appeal in writing and send it to the address provided at the beginning of this section. You may also submit your appeal in person at the address listed at the beginning of this chapter.

Your explanation should include:

- your name and address;
- your TUFTS HEALTH PLAN Member ID number;
- a detailed description of your concern (including relevant dates, any applicable medical information, and PROVIDER names); and
- any supporting documentation.

Appeals Timeline

- If you file your appeal verbally or in writing, we will notify you in writing, within forty-eight (48) hours after receiving your written or verbal appeal, that your appeal has been received and provide you with the name, address, and telephone number of the Appeals and Grievances Specialist coordinating the review of your appeal and our understanding of your concerns.
- If your request for review was first addressed through the Internal Inquiry process, and does not require the review of medical records, the thirty (30) calendar day review period will begin the day following the end of the three (3) business day Internal Inquiry process or earlier if you notify TUFTS HEALTH PLAN that you are not satisfied with the response you received during the Internal Inquiry process.
- TUFTS HEALTH PLAN will review your appeal, make a decision, and send you a decision letter within thirty (30) calendar days of receipt.
- The time limits in this process may be waived or extended beyond the time allowed by law upon mutual verbal or written agreement between you or your authorized representative and TUFTS HEALTH PLAN.

This extension may be necessary if we are waiting for medical records that are necessary for the review of your appeal and have not received them. The Appeals and Grievances Specialist handling your case will notify you in advance if an extension may be needed. In addition, a letter will be sent to you confirming the extension.

Note: If you need help, the Consumer Assistance Program in Massachusetts can help you file your appeal. Contact:

When Medical Records are Necessary

If your appeal requires the review of medical records, you will receive a form that you will need to sign that authorizes your PROVIDERS to release to TUFTS HEALTH PLAN medical information relevant to your appeal. You must sign and return the form before TUFTS HEALTH PLAN can begin the review process. If you do not sign and return the form to TUFTS HEALTH PLAN within thirty (30) calendar days of the date you filed your appeal, TUFTS HEALTH PLAN may issue a response to your request without having reviewed the medical records. You will have access to any medical information and records relevant to your appeal that are in the possession and control of TUFTS HEALTH PLAN

Who Reviews Appeals?

If the appeal involves a medical necessity determination, an actively practicing health care professional in the same or similar specialty as typically treats the medical condition, performs the procedure, or provides the treatment that is under review, and who did not participate in any of the prior decisions on the case, will take part in the review. In addition, a committee made up of managers and clinicians from various TUFTS HEALTH PLAN departments will review your appeal. A committee within the Appeals and Grievances Department will review appeals involving non-COVERED SERVICES.

Appeal Response Letters
The letter you receive from TUFTS HEALTH PLAN will include identification of the specific information considered for your appeal and an explanation of the basis for the decision. A response letter regarding a final adverse determination (a decision based on medical necessity) will include: the specific information upon which the adverse determination was based; TUFTS HEALTH PLAN's understanding of your presenting symptoms or condition; diagnosis and treatment interventions, and the specific reasons such medical evidence fails to meet the relevant medical review criteria; alternative treatment options offered, if any; applicable clinical practice guidelines and review criteria; notification of the steps for requesting external review by the Office for Patient Protection; and the titles and credentials of the individuals who reviewed the case ; and the availability of translation services and consumer assistance programs. Please note that requests for coverage of services that are specifically excluded in your EVIDENCE OF COVERAGE are not eligible for external review.

An appeal not properly acted on by TUFTS HEALTH PLAN within the time limits of Massachusetts law and regulations, including any extensions made by mutual written agreement between you or your authorized representative and TUFTS HEALTH PLAN, shall be deemed resolved in your favor.

Expedited Appeals
We recognize that there are circumstances that require a quicker turnaround than the thirty (30) calendar days allotted for the standard Appeals Process. We will expedite an appeal when there is an ongoing service about to terminate or a service to be delivered imminently whereby a delay in treatment would seriously jeopardize your life and health or jeopardize your ability to regain maximum function. Should you feel that your request meets the criteria cited above, you or your attending PROVIDER should contact the Member Services Department. Under these circumstances, you will be notified of our decision within 2 business days, but no later than seventy-two (72) hours (whichever is less) after the review is initiated. If your treating PROVIDER (the practitioner responsible for the treatment or proposed treatment) certifies that the service being requested is MEDICALLY NECESSARY; that a denial of coverage for such services would create a substantial risk of serious harm; and such risk of serious harm is so immediate that the provision of such services should not await the outcome of the normal appeal process, you will be notified of our decision within forty-eight (48) hours of the receipt of certification. If you are appealing coverage for DURABLE MEDICAL EQUIPMENT (DME) that we determined was not MEDICALLY NECESSARY, you will be notified of our decision within less than forty-eight (48) hours of the receipt of certification. If you are an INPATIENT in a hospital, we will notify you of the decision before you are discharged. If your appeal concerns the termination of ongoing coverage or treatment, the disputed coverage shall remain in effect at our expense through the completion of the Internal Appeals Process. Only those services which were originally authorized by TUFTS HEALTH PLAN and which were not terminated pursuant to a specific time or episode-related exclusion will continue to be covered.

If you have a terminal illness, we will notify you of our decision within five (5) days of receiving your appeal. If our decision is to deny coverage, you may request a conference. We will schedule the conference within 10 days (or within 5 business days if your physician determines, after talking with a TUFTS HEALTH PLAN Medical Affairs Department Physician or Psychological Testing Reviewer, that based on standard medical practice the effectiveness of the proposed treatment or alternative covered treatment would be materially reduced if not provided at the earliest possible date). You may bring another person with you to the conference. At the conference, you and/or your authorized representative, if any, and a representative of TUFTS HEALTH PLAN who has authority to determine the disposition of the appeal, shall review the information provided.

If the appeal is denied, the decision will include the specific medical and scientific reasons for denying the coverage, and a description of any alternative treatment, services or supplies that would be covered. If your request meets the criteria for an expedited review, you may also file a request for a simultaneous external appeal as described below.

If You are Not Satisfied with the Appeals Decision

"Reconsideration"
In circumstances where relevant medical information (1) was received too late to review within the thirty (30) calendar day time limit; or (2) was not received but is expected to become available within a reasonable time period following the written resolution, you may choose to request a reconsideration. TUFTS HEALTH PLAN may allow the opportunity for reconsideration of a final adverse determination. If you request a reconsideration, you must agree in writing to a new time period for review. The time period will be no greater than thirty (30) calendar days from the agreement to reconsider the appeal.

External Review by the Office of Patient Protection

The Massachusetts Office of Patient Protection, which is not connected in any way with TUFTS HEALTH PLAN, administers an independent external review process for final coverage determinations based on medical necessity (final adverse determination). Appeals for coverage of services specifically excluded in your EVIDENCE OF COVERAGE and payment disputes are not eligible for external review.

To request an external review by the Office of Patient Protection, you must file your request in writing with the Office of Patient Protection within four (4) months of your receipt of written notice of the denial of your appeal by TUFTS HEALTH PLAN. The letter from TUFTS HEALTH PLAN notifying you of the denial will contain the forms and other information that you will need to file an appeal with the Office of Patient Protection. The review panel will make a decision within forty-five(45) calendar days for standard reviews and within seventy-two (72) hours for expedited reviews.

You, or your authorized representative, may request to have your review processed as an expedited external review. Any request for an expedited external review must contain a certification, in writing, from a PROVIDER, that delay in providing or continuation of health care services that are the subject of a final adverse determination, would pose a serious and immediate threat to your health. Upon a finding that a serious and immediate threat to your health exists, the Office of Patient Protection will qualify such request as eligible for an expedited external review.

Your cost for an external review by the Office of Patient Protection is $25.00. This payment should be sent to the Office of Patient Protection, along with your written request for a review. The Office of Patient Protection may waive this fee if it determines that the payment of the fee would result in an extreme financial hardship to you and shall refund the fee to the insured if the adverse determination is reversed in its entirety. TUFTS HEALTH PLAN will pay the remainder of the cost for an external review. Upon completion of the external review, the Office of Patient Protection shall bill TUFTS HEALTH PLAN the amount established pursuant to contract between the Massachusetts Department of Public Health and the assigned external review agency minus the $25 fee which is your responsibility. You will not be required to pay more than $75 per plan year, regardless of the number of external review requests submitted.

You or your authorized representative will have access to any medical information and records relating to your appeal in the possession of the TUFTS HEALTH PLAN or under its control.

If the subject matter of the external review involves the termination of ongoing services, you may apply to the external review panel to seek the continuation of coverage for the terminated service during the period the review is pending. The review panel may order the continuation of coverage where it determines that substantial harm to your health may result absent such continuation or for such other good cause as the review panel shall determine. Any such continuation of coverage will be at TUFTS HEALTH PLAN's expense regardless of the final external review determination.

The decision of the review panel will be binding on TUFTS HEALTH PLAN. If the external review agency overturns a TUFTS HEALTH PLAN decision in whole or in part, TUFTS HEALTH PLAN will send you a written notice within five (5) business days of receipt of the written decision from the review agency. This notice will:

- include an acknowledgement of the decision of the review agency;
- advise you of any additional procedures that you need to take in order to obtain the requested coverage or services;
- advise you of the date by which the payment will be made or the authorization for services will be issued by TUFTS HEALTH PLAN; and
- include the name and phone number of the person at TUFTS HEALTH PLAN who will assist you with final resolution of the appeal.

Please note: if you are not satisfied with TUFTS HEALTH PLAN's Member Satisfaction Process, you have the right at any time to contact the Commonwealth of Massachusetts at either the Division of Insurance Bureau of Managed Care at 617-521-7372 or the Health Policy Commission's Office of Patient Protection at:

Bills from PROVIDERS

Medical Expenses

Occasionally, you may receive a bill from a PROVIDER for COVERED SERVICES. Before paying the bill, contact the TUFTS HEALTH PLAN Member Services Department.

If you do pay the bill, you must send the following information to the MEMBER Reimbursement Medical Claims Department:

- A completed, signed MEMBER Reimbursement Medical Claim Form, which can be obtained from the TUFTS HEALTH PLAN web site or by contacting the TUFTS HEALTH PLAN Member Services Department; and
- the documents listed on the MEMBER Reimbursement Medical Claim Form that are required for proof of service and payment.

The address for the MEMBER Reimbursement Medical Claims Department is listed on the MEMBER Reimbursement Medical Claim Form.

Please note: You must contact TUFTS HEALTH PLAN regarding your bill(s) or send your bill(s) to TUFTS HEALTH PLAN within twelve months from the date of service. If you do not, the bill cannot be considered for payment. Most completed reimbursement requests are processed within 30 days. Incomplete requests and requests for services rendered outside of the United States may take longer. Reimbursements will be sent to the Subscriber at the address Tufts Health Plan has on file.

If you receive COVERED SERVICES from a non-TUFTS HEALTH PLAN PROVIDER, we will pay up to the REASONABLE CHARGE for the services.

IMPORTANT NOTE

Certain services you receive from non-TUFTS HEALTH PLAN PROVIDERS at in-network settings may be reimburseable. Some examples of these types of non-TUFTS HEALTH PLAN PROVIDERS include:

- radiologists, pathologists, and anesthesiologists who work in TUFTS HEALTH PLAN Hospitals; and
- EMERGENCY room specialists.

We reserve the right to be reimbursed by the MEMBER for payments made due to TUFTS HEALTH PLAN's error.

Pharmacy Expenses

If you obtain a prescription at a non-designated pharmacy, you will need to pay for the prescription up front and submit a claim for reimbursement. Pharmacy claim forms can be obtained by contacting a Member Representative. You can also get them at our website.

Limitation on Actions

Limitation on Actions

You cannot file a lawsuit against TUFTS HEALTH PLAN for failing to pay or arrange for COVERED SERVICES unless you have completed the TUFTS HEALTH PLAN MEMBER Satisfaction Process and file the lawsuit within two years from the time the cause of action arose. For example, if you want to file a lawsuit because you were denied coverage under this GROUP CONTRACT or INDIVIDUAL CONTRACT, you must first complete our MEMBER Satisfaction Process, and then file your lawsuit within two years after the date you were first sent a notice of the denial. Going through our MEMBER Satisfaction Process does not extend the time limit for filing a lawsuit beyond two years after the date you were first denied coverage. However, if you choose to pursue external review by the Office of Patient Protection, the days from the date your request is received by the Office of Patient Protection until the date you receive the response are not counted toward the two-year limit.

Subrogation

TUFTS HEALTH PLAN's right of subrogation

You may have a legal right to recover some or all of the costs of your health care from someone else (a "Third Party". "Third Party" means any person or company that is, could be, or is claimed to be, responsible for the costs of injuries or illness to you. This includes such costs to any DEPENDENT covered under this plan.

TUFTS HEALTH PLAN may cover health care costs for which a Third Party is responsible. In this case, we may require that Third Party to repay us the full cost of all such benefits provided by this plan. Our rights of recovery apply to any recoveries made by you or on your behalf from any source. This includes, but is not limited to:

- payments made by a Third Party;
- payments made by any insurance company on behalf of the Third Party;
- any payments or rewards under an uninsured or underinsured motorist coverage policy;
- any disability award or settlement;
- medical payments coverage under any automobile policy;
- premises or homeowners' medical payments coverage;
- premises or homeowners' insurance coverage; and
- any other payments from a source intended to compensate you for Third Party injuries.

We have the right to recover those costs in your name. We can do this with or without your consent, directly from that person or company. Our right has priority, except as otherwise provided by law. We can recover against the total amount of any recovery, regardless of whether:

- all or part of the recovery is for medical expenses; or
- the recovery is less than the amount needed to reimburse you fully for the illness or injury.

Personal Injury Protection/MedPay Benefits

You may be entitled to benefits under your own or another individual’s automobile coverage, regardless of fault. These benefits are commonly referred to as Personal Injury Protection (PIP) and Medical Payments (MedPay) benefits. Our coverage is secondary to both PIP and MedPay benefits. If we pay benefits before PIP or MedPay benefits have been exhausted, we may recover the cost of those benefits as described above.

TUFTS HEALTH PLAN's right of reimbursement

This provision applies in addition to the rights described above. You may recover money by suit, settlement, or otherwise. If this happens, you are required to reimburse us for the cost of health care services, supplies, medications, and expenses for which we paid or will pay. This right of reimbursement attaches when we have provided health care benefits for expenses where a Third Party is responsible and you have recovered any amounts from any sources. This includes, but is not limited to:

- payments made by a Third Party;
- payments made by any insurance company on behalf of the Third Party;
- any payments or awards under an uninsured or underinsured motorist coverage policy;
- any disability award or settlement;
- medical payments coverage under any automobile policy;
- premises or homeowners' medical payments coverage;
- premises or homeowners' insurance coverage; and
- any other payments from a source intended to compensate you where a Third Party is responsible.

We have the right to be reimbursed up to the amount of any payment received by you, regardless of whether (a) all or part of the payment to you was designated, allocated, or characterized as payment for medical expenses; or (b) the payment is for an amount less than that necessary to compensate you fully for the illness or injury.

MEMBER cooperation

You further agree:

- to notify TUFTS HEALTH PLAN promptly and in writing when notice is given to any Third Party or representative of a Third Party of the intention to investigate or pursue a claim to recover damages or obtain compensation;
- to cooperate with us and provide us with requested information;
- to do whatever is necessary to secure our rights of subrogation and reimbursement under this plan;
- to assign us any benefits you may be entitled to receive from a Third Party. Your assignment is up to the cost of health care services and supplies, and expenses, that we paid or will pay for your illness or injury;
- to give us a first priority lien on any recovery, settlement, or judgment or other source of compensation which may be had by any Third Party. You agree to do this to the extent of the full cost of all benefits associated with Third Party responsibility;
- to do nothing to prejudice our rights as set forth above. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan;
- to serve as a constructive trustee for the benefit of this plan over any settlement or recovery funds received as a result of Third Party responsibility;
- that we may recover the full cost of all benefits provided by this plan without regard to any claim of fault on your part, whether by comparative negligence or otherwise;
- that no court costs or attorney fees may be deducted from our recovery;
- that we are not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any Third Party; and
- that in the event you or your representative fails to cooperate with TUFTS HEALTH PLAN, you shall be responsible for all benefits provided by this plan in addition to costs and attorney's fees incurred by TUFTS HEALTH PLAN in obtaining repayment.

Workers' compensation

Employers provide workers' compensation insurance for their employees to protect them in case of work-related illness or injury.

If you have a work-related illness or injury, you and your employer must ensure that all medical claims related to the illness or injury are billed to your employer's workers' compensation insurer. TUFTS HEALTH PLAN will not provide coverage for any injury or illness for which it determines that the MEMBER is entitled to benefits pursuant to any workers' compensation statute or equivalent employer liability, or indemnification law (whether or not the employer has obtained workers' compensation coverage as required by law.

If TUFTS HEALTH PLAN pays for the costs of health care services or medications for any work-related illness or injury, TUFTS HEALTH PLAN has the right to recover those costs from you, the person, or company legally obligated to pay for such services, or from the PROVIDER. If your PROVIDER bills services or medications to TUFTS HEALTH PLAN for any work-related illness or injury, please contact the TUFTS HEALTH PLAN Liability and Recovery Department at 1-888-880-8699, x. 21098.

Constructive Trust

By accepting benefits from TUFTS HEALTH PLAN(whether the payment of such benefits is made to you directly or made on your behalf, for example, to a PROVIDER, you hereby agree that if you receive any payment from any responsible party as a result of an injury, illness, or condition, you will serve as a constructive trustee over the funds that constitute such payment. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to TUFTS HEALTH PLAN.

Subrogation Agent

TUFTS HEALTH PLAN may contract with a third party to administer subrogation recoveries. In such case, that subcontractor will act as TUFTS HEALTH PLAN's agent.

Coordination of Benefits

Benefits under other plans

You may have benefits under other plans for hospital, medical, dental or other health care expenses.

We have a coordination of benefits (COB program that prevents duplication of payment for the same health care services. We will coordinate benefits payable for Covered Services with benefits payable by other plans, consistent with Massachusetts law, 211 CMR 38.00 et seq. As permitted under this law, we will coordinate benefits for prescription drug claims pursuant to our secondary payer allowed amount in all cases.

Note: We coordinate benefits with Medicare according to federal law, rather than state law.

Primary and secondary plans

TUFTS HEALTH PLAN will coordinate benefits by determining which plan has to pay first when you make a claim and which plan has to pay second. TUFTS HEALTH PLAN will make these determinations according to applicable state law.

Right to receive and release necessary information

When you enroll, you must include information on your membership application about other health coverage you have. After you enroll, you must notify us of new coverage, or termination of other coverage, or if you are enrolled in any high deductible health plan with a health savings account (HSA. We may ask for and give out information needed to coordinate benefits. You agree to provide information about other coverage and cooperate with TUFTS HEALTH PLAN's COB program.

Right to recover overpayment

Appendix B - ERISA Information and other State and Federal Notices

ERISA Rights

Note: Applies to Group Contracts only.

If your plan is an ERISA plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Most plans are ERISA plans, but not all. Please contact your plan administrator to determine if your plan is an ERISA plan.

ERISA provides that all plan participants shall be entitled to receive information about their plan and benefits, continue group health plan coverage, and prudent actions by plan fiduciaries.

Receiving Information About Your Plan and Benefits
ERISA provides that all plan participants shall be entitled to:

- Examine, without charge, at the plan administrator's office and at other specified locations, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The plan administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continuing Group Health Plan Coverage
ERISA provides that all plan participants shall be entitled to:

- Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage.
- Review your summary plan description and the documents governing the plan on the rules governing your continuation coverage rights under the Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

Prudent Actions by Plan Fiduciaries
In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the plan. The people who operate your plan, called ``fiduciaries'' of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a plan benefit or exercising your rights under ERISA.

Enforcing Your Rights
If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay a daily penalty until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

ERISA RIGHTS, continued

Assistance with Your Questions
If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the Employee Benefits Security Administration.

PROCESSING OF CLAIMS FOR PLAN BENEFITS

Note: Applies to Group Contracts only.

The Department of Labor's (DOL) Employee Benefits Security Administration has published benefit determination procedure regulations for employee benefit plans governed under ERISA. The regulations set forth requirements with respect to the processing of claims for plan benefits, including urgent care claims, pre-service claims, post-service claims and review of claims denials.

Who can submit a claim?
The DOL Regulations apply to claims submitted by ERISA participants or their beneficiaries. In accordance with the regulations, Tufts Health Plan permits an authorized representative (referred to here as the "authorized claimant") to act on your behalf in submitting a claim or obtaining a review of a claim decision. An authorized claimant can be any individual (including, for example, a family Member, an attorney, etc.) whom you designate to act on your behalf with respect to a claim for benefits.

How do I designate an Authorized Claimant?
An authorized claimant can be designated at any point in the claims process - at the pre-service, post service or appeal level. Please contact a Tufts Health Plan Member Representative at the number on your ID card for the specifics on how to appoint an authorized claimant.

Types of claims
There are several different types of claims that you may submit for review. Tufts Health Plan's procedures for reviewing claims depends upon the type of claim submitted (urgent care claims, pre-service claims, post-service claims, and concurrent care decisions).

Urgent care claim: An "urgent care claim" is a claim for medical care or treatment where the application of the claims review procedure for non-urgent claims: (1) could seriously jeopardize your life, health or ability to regain maximum function, or (2) based upon your provider's determination, would subject you to severe pain that cannot adequately be managed without the care or treatment being requested. For urgent care claims, Tufts Health Plan will respond to you within 72 hours after receipt of the claim*. If Tufts Health Plan determines that additional information is needed to review your claim, we will notify you within 24 hours after receipt of the claim and provide you with a description of the additional information needed to evaluate your claim. You have 48 hours after that time to provide the requested information. Tufts Health Plan will evaluate your claim within 48 hours after the earlier of our receipt of the requested information, or the end of the extension period given to you to provide the requested information.

Concurrent care decisions: A "concurrent care decision" is a determination relating to the continuation/reduction of an ongoing course of treatment to be provided over a period of time or number of treatments. If Tufts Health Plan has already approved an ongoing course of treatment for you and considers reducing or terminating the treatment, Tufts Health Plan will notify you sufficiently in advance of the reduction or termination of treatment to allow you to appeal the decision and obtain a determination before the treatment is reduced or terminated. If you request to extend an ongoing course of treatment that involves urgent care, Tufts Health Planwill respond to you within 24 hours after receipt of the request (provided that you make the request at least 24 hours prior to the expiration of the ongoing course of treatment). If you reach the end of a pre-approved course of treatment before requesting additional services, the "pre-service" or "post-service" time limits will apply.

Pre-service claim: A "pre-service claim" is a claim that requires approval of the benefit in advance of obtaining the care. For pre-service claims, Tufts Health Plan will respond to you within 15 days after receipt of the claim*. If Tufts Health Plan determines that an extension is necessary due to matters beyond our control, we will notify you within 15 days informing you of the circumstances requiring the extension and the date by which we expect to render a decision (up to an additional 15 days). If you make a pre-service claim, but do not submit enough information for Tufts Health Plan to make a determination, we will notify you within 15 days and describe the information that you need to provide to Tufts Health Plan. You will have no less than 45 days from the date you receive the notice to provide the requested information.

PROCESSING OF CLAIMS FOR PLAN BENEFITS, continued

Types of claims, continued
Post-service claim: A "post-service claim" is a claim for payment for a particular service after the service has been provided. For post-service claims, we will respond to you within 30 days and describe the information that you need to provide to us. You will have no less than 45 days from the date you receive the notice to provide the requested information.

If your request for coverage is denied, you have the right to file an appeal. See Chapter 6 for information on how to file an appeal.

* In accordance with Massachusetts law, Tufts Health Plan will make an initial determination regarding a proposed admission, procedure, or service that requires such a determination within two working days of obtaining all necessary information.

STATEMENT OF RIGHTS UNDER THE NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Note: Applies to Group Contracts only.

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans or issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physcian or other health care provider obtain authorization for prescribing a length of stay or up to 48 hours (or 96 hours). However, to use certain providers or facilities, you may be required to provide notification to Tufts Health Plan. For information on notification requirements, contact your plan administrator.

FAMILY AND MEDICAL LEAVE ACT OF 1993

Note: The Family and Medical Leave Act only applies to groups with 50 or more employees
Under the Family and Medical Leave Act of 1993 (FMLA), if an employee meets the eligibility requirements, that employee is legally allowed to take up to 12 weeks of unpaid leave during any 12-month period for one or more of the following reasons:

- for the birth and care of the newborn child of the employee;
- for placement with the employee of a son or daughter for adoption or foster care;
- to care for an immediate family member (spouse, child, or parent) with a serious health condition; or
- to take medical leave when the employee is unable to work because of a serious health condition.

The FMLA was amended to add two new leave rights related to military service, effective January 16, 2009:

- Qualifying Exigency Leave: Eligible employees are entitled to up to 12 weeks of leave because of "any qualifying exigency" due to the fact that the spouse, son, daughter or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation. Effective October 28, 2009, deployment to a foreign country was added as a requirement for exigency leave.
- Military Caregiver Leave: An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled up to 26 weeks of leave in a single 12-month period to care for the servicemember. The employee is entitled to a combined total of 26 weeks for all types of FMLA leave in the single 12-month period. Effective March 8, 2013, the definition of "covered service member" was expanded to include certain veterans.

In order to be eligible, the employee must have worked for his or her employer for a total of 12 months and worked at least 1,250 hours over the previous 12 months.

A covered employer is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the employer may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

An employee should contact his or her employer for details about FMLA and to make payment arrangements, if applicable. Additional information is also available from the U.S. Department of Labor (1-866-487-9243, TTY: 1-877-899-5627 or http://www.dol.gov/whd/regs/compliance/posters.fmlaen.pdf.

PATIENT PROTECTION DISCLOSURE

This plan generally requires the designation of a primary care provider You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact Member Services or see our website**.**

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Tufts Health Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specializes in obstetrics or gynecology, contact Member Services or see our website.

NOTICE OF PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Tufts Health Plan is committed to safeguarding the privacy of our members' protected health information ("PHI"). PHI is information which:

- identifies you (or can reasonably be used to identify you); and
- relates to your physical or mental health or condition, the provision of health care to you or the payment for that care.

We are required by law to maintain the privacy of your PHI and to provide you with notice of our legal duties and privacy practices with respect to your PHI. This Notice of Privacy Practices describes how we may collect, use, and disclose your PHI, and your rights concerning your PHI. This Notice applies to all members of Tufts Health Plan's insured health benefit plans (including HMO plans; Tufts Health Plan Medicare Preferred plans; and insured POS and PPO plans. It also applies to all members of health plans insured by Tufts Insurance Company (a Tufts Health Plan affiliate)). It does not apply to products offered by Tufts Health Public Plans. Unless your employer has notified you otherwise, this Notice of Privacy Practices also applies to all members of self-insured group health plans that are administered by a Tufts Health Plan entity.

How We Obtain PHI

As a managed care plan, we engage in routine activities that result in our being given PHI from sources other than you. For example, health care providers - such as physicians and hospitals - submit claim forms containing PHI to enable us to pay them for the covered health care services they have provided to you.

How We Use and Disclose Your PHI

We use and disclose PHI in a number of ways to carry out our responsibilities as a managed care plan. The following describes the types of uses and disclosures of PHI that federal law permits us to make without your specific authorization:

- Treatment: We may use and disclose your PHI to health care providers to help them treat you. For example, our care managers may disclose PHI to a home health care agency to make sure you get the services you need after discharge from a hospital.

- Payment Purposes: We use and disclose your PHI for payment purposes, such as paying doctors and hospitals for covered services. Payment purposes also include activities such as: determining eligibility for benefits; reviewing services for medical necessity; performing utilization review; obtaining premiums; coordinating benefits; subrogation; and collection activities.
- Health Care Operations: We use and disclose your PHI for health care operations. For example, this includes: population-based activities relating to improving health or reducing health care costs; coordinating/managing care; assessing and improving the quality of health care services; reviewing coordinating/managing care; assessing and improving the quality of health care services; reviewing the qualifications and performance of providers; reviewing health plan performance; conducting medical reviews; and resolving grievances. It also includes business activities such as: underwriting; rating; placing or replacing coverage; determining coverage policies; business planning; obtaining reinsurance; arranging for legal and auditing services (including fraud and abuse detection programs); and obtaining accreditations and licenses. We do not use or disclose PHI that is genetic information for underwriting purposes.
- Health and Wellness Information: We may use or disclose your PHI so that you may be contacted with information about: appointment reminders; treatment alternatives; therapies; health care providers; settings of care; or other health-related benefits, services and products that may be of interest to you. For example, you may receive information about smoking cessation or weight management programs, or we might send a mailing to subscribers approaching Medicare eligible age with materials describing our senior products and an application form..

- Organizations That Assist Us: In connection with treatment, payment and health care operations, we may share your PHI with our affiliates and third party "business associates" that perform activities for us or on our behalf, for example, our pharmacy benefit manager. We will obtain assurances from our business associates that they will appropriately safeguard your information.

- Plan Sponsors: If you are enrolled in Tufts Health Plan through your current or former place of work, you are enrolled in a group health plan. We may disclose PHI to the group health plan's plan sponsor - usually your employer - for plan administration purposes. A plan sponsor of an insured health benefit plan must certify that it will protect the PHI in accordance with law.

- Public Health and Safety; Health Oversight: We may disclose your PHI: to a public health authority for public health activities, such as responding to public health investigations; when authorized by law, to appropriate authorities, if we reasonably believe you are a victim of abuse, neglect or domestic violence; when we believe in good faith that it is necessary to prevent or lessen a serious and imminent threat to your or others' health or safety; or to health oversight agencies for certain activities such as: audits; disciplinary actions; and licensure activity.
- Legal Process; Law Enforcement; Specialized Government Activities: We may disclose your PHI: in the course of legal proceedings; in certain cases, in response to a subpoena, discovery request or other lawful process; to law enforcement officials for such purposes as responding to a warrant or subpoena; or for specialized governmental activities such as national security.
- Research; Death; Organ Donation: We may disclose your PHI to researchers, provided that certain established measures are taken to protect your privacy. We may disclose PHI, in certain instances, to coroners, medical examiners and in connection with organ donation.
- Workers' Compensation: We may disclose your PHI when authorized by workers' compensation laws.
- Family and Friends: We may disclose PHI to a family member, relative, or friend - or anyone else you identify - as follows: (i) when you are present prior to the use or disclosure and you agree; or (ii) when you are not present (or you are incapacitated or in an emergency situation) if, in the exercise of our professional judgment and in our experience with common practice, we determine that the disclosure is in your best interests. In these cases, we will only disclose the PHI that is directly relevant to the person's involvement in your health care or payment related to your health care.
- Personal Representatives: Unless prohibited by law, we may disclose your PHI to your personal representative, if any. A personal representative is a person who has legal authority to act on your behalf regarding your health care or health care benefits. For example, an individual named in a durable power of attorney, or a parent or guardian of an unemancipated minor, are personal representatives.
- Communications: We will communicate information containing your PHI to the address or telephone number we have on record for the subscriber of your health benefits plan. Also, we may mail information containing your PHI to the subscriber. For example, communication regarding member requests for reimbursement may be addressed to the subscriber. We will not make separate mailings for enrolled dependents at different addresses, unless we are requested to do so and agree to the request. See below "Right to Receive Confidential Communications" for more information on how to make such a request.
- Required by Law: We may use or disclose your PHI when we are required to do so by law. For example, we must disclose your PHI to the U.S. Department of Health and Human Services upon request if they wish to determine whether we are in compliance with federal privacy laws.

If one of the above reasons does not apply, we will not use or disclose your PHI without your written permission ("authorization"). You may give us written authorization to use or disclose your PHI to anyone for any purpose. You may later change your mind and revoke your authorization in writing. However, your written revocation will not affect actions we've already taken in reliance on your authorization. Where state or other federal laws offer you greater privacy protections, we will follow those more stringent requirements. For example, under certain circumstances, records that contain information about: alcohol abuse treatment; drug abuse prevention or treatment; AIDS-related testing or treatment; or certain privileged communications, may not be disclosed without your written authorization. In addition, when applicable, we must have your written authorization before using or disclosing medical or treatment information for a member appeal. See below "Who to Contact for Questions or Complaints" if you would like more information.

How We Protect PHI Within Our Organization

Tufts Health Plan protects oral, written and electronic PHI throughout our organization. We do not sell PHI to anyone. We have many internal policies and procedures designed to control and protect the internal security of your PHI. These policies and procedures address, for example, use of PHI by our employees. In addition, we train all employees about these policies and procedures. Our policies and procedures are evaluated and updated for compliance with applicable laws.

Your Individual Rights
The following is a summary of your rights with respect to your PHI:

- **Right of Access to PHI:** You have the right to inspect and get a copy of most PHI Tufts Health Plan has about you, or a summary explanation of PHI if agreed to in advance by you. Requests must be made in writing and reasonably describe the information you would like to inpsect or copy. If your PHI is maintained electronically, you will also have the right to request a copy in electronic format. We have the right to charge a reasonable cost-based fee for paper or electronic copies as established by state or federal law. Under certain circumstances, we may deny your request. If we do so, we will send you a written notice of denial describing the basis of our denial. You may request that we send a copy of your PHI directly to another person that you designate. Your request must be in writing, signed by you, and clearly identify the person and the address where the PHI should be sent.

- **Right to Request Restrictions:** You have the right to ask that we restrict uses or disclosures of your PHI to carry out treatment, payment and health care operations and disclosures to family members or friends. We will consider the request. However, we are not required to agree to it and, in certain cases, federal law does not permit a restriction. Requests may be made verbally or in writing to Tufts Health Plan.
- **Right to Receive Confidential Communications**: You have the right to ask us to send communications of your PHI to you at an address of your choice or that we communicate with you in a certain way. For example, you may ask us to mail your information to an address other than the subscriber's address. We will accommodate your request if: you state that disclosure of your PHI through our usual means could endanger you; your request is reasonable; it specifies the alternative means or location; and it contains information as to how payment, if any, will be handled. Requests may be made verbally or in writing to Tufts Health Plan.
- **Right to Amend PHI:** You have the right to have us amend most PHI we have about you. We may deny your request under certain circumstances. If we deny your request, we will send you a written notice of denial. This notice will describe the reason for our denial and your right to submit a written statement disagreeing with the denial. Requests must be in writing to Tufts Health Plan and must include a reason to support the requested amendment.
- **Right to Receive an Accounting of Disclosures:** You have the right to a written accounting of the disclosures of your PHI that we made in the last six years prior to the date you request the accounting. However, except as otherwise provided by law, this right does not apply to: (i) disclosures we made for treatment, payment or health care operations; (ii) disclosures made to you or people you have designated; (iii) disclosures you or your personal representative have authorized; (iv) disclosures made before April 14, 2003; and (v) certain other disclosures, such as disclosures for national security purposes. If you request an accounting more than once in a 12-month period, we may charge you a reasonable fee. All requests for an accounting of disclosures must be made in writing to Tufts Health Plan.
- **Right to authorize other use and disclosure:** You have the right to authorize any use or disclosure of PHI that is not specified within this notice. For example, we would need your written authorization to use or disclose your PHI for marketing, for most uses or disclosures of psychotherapy notes, or if we intended to sell your PHI. You may revoke an authorization at any time, in writing, except to the extent that we have taken an action in reliance on the use or disclosure indicated in the authorization.
- **Right to receive a privacy breach notice**: You have the right to receive written notification if we discover a breach of your unsecured PHI, and determine through a risk assessment that notification is required.
- **Right to this notice**: You have a right to receive a paper copy of this Notice from us on request.

- **How to Exercise Your Rights:** To exercise any of the individual rights described above or for more information, please call a Member Services Representative at 1-800-462-0224 (TDD: 711) or write to:

Massachusetts Mental Health Parity Laws and The Federal Mental Health Parity and Addiction Equity Act (MHPAEA)

This is to inform you about your Tufts Health Plan benefits for mental/behavioral health and substance use disorder services.

Under both Massachusetts laws and federal laws, benefits for mental/behavioral health services and substance use disorder services must be comparable to benefits for medical/surgical services. This means that copays, coinsurance and deductibles for mental/behavioral health and substance use disorder services must be at the same level as those for medical/surgical services. Also, Tufts Health Plan's review and authorization of mental/behavioral health or substance use disorder services must be handled in a way that is comparable to the review and authorization of medical/surgical services.

If Tufts Health Plan makes a decision to deny or reduce authorization of a service, you will receive a letter explaining the reasons for the denial or reduction. At your request, Tufts Health Plan will send you or your provider a copy of the criteria used to make this decision.

If you think that Tufts Health Plan is not handling your benefits in accordance with this notification, you may file a complaint with the Division of Insurance (DOI) Consumer Services Section.

You may file a written complaint using the DOI's Insurance Complaint Form. You may request the form by phone or by mail or find it on the DOI's webpage at www.mass.gov/ocabr/docs/doi/consumer/css-complaint-form.pdf.

You may also submit a complaint by phone by calling 877-563-4467 or 617-521-7794. If you submit a complaint by phone, you must follow up in writing and include your name and address, the nature of your complaint, and your signature authorizing the release of any information.

Filing a written complaint with the DOI is not the same as filing an appeal under your Tufts Health Plan coverage. You must also file an appeal with Tufts Health Plan in order to have a denial or reduction of coverage of a service reviewed. This may be necessary to protect your right to continued coverage of treatment while you wait for an appeal decision. Follow the appeal procedures outlined in your Tufts Health Plan benefit document for more information about filing an appeal.
