#### MENTAL HEALTH PARITY STATEMENT

This plan provides parity in the benefits for mental/behavioral health and substance use disorder services. This means that coverage of benefits for mental/behavioral health and substance use disorders is generally comparable to, and not more restrictive than, the benefits for coverage of physical health.

#### For example:

- Cost Sharing Amounts such as Deductibles, Copayments, Coinsurance, or Out-of-Pocket Maximums, are not more
  restrictive for mental/behavioral health and substance use disorder services than they are for medical/surgical
  services.
- Limitations on the use of services, such as limits on the number of Inpatient days or outpatient visits that are
  covered, are not more restrictive for mental/behavioral health and substance use disorder services than they are for
  medical/surgical services.
- Other kinds of treatment limitations, such as requirements for *Medical Necessity* determinations, prior approval, or *Inpatient Notification* are applied in comparable ways to both mental/behavioral health and substance use disorder services and medical/surgical services.

# Address and Telephone Directory

#### TUFTS HEALTH PLAN

1 Wellness Way Canton, MA 02021

#### **Member Services Hours**:

Hours: Monday – Thursday 8:00 a.m. to 7:00 p.m. E.T. Friday 8:00 a.m. to 5:00 p.m. E.T.

#### **IMPORTANT PHONE NUMBERS:**

#### **Emergency Care**

For routine care, you should always call your *Provider* before seeking care. If you have an urgent medical need and cannot reach your *PCP* or *Provider*, you should seek care at the nearest emergency room.

<u>Important Note</u>: If needed, call 911 for emergency medical assistance. If 911 services are not available in your area, call the local number for emergency medical services.

#### **Liability Recovery**

Call the Liability and Recovery Department at 1-888-880-8699, x.21098 for questions about coordination of benefits and workers' compensation. For example, call the Liability and Recovery Department if you have any questions about how *Tufts Health Plan* coordinates coverage with other health care coverage you may have. The Liability and Recovery you may have. The Liability and Recovery Department is available from 8:00 a.m. – 5:00 p.m. Monday through Friday.

For questions related to subrogation, call a Member Representative at 800-463-8080. If you are uncertain which department can best address your questions, call Member Services.

#### **Member Services Department**

Call *Our* Member Services Department at 800-463-8080 for general questions; benefit questions; and information regarding eligibility for enrollment and billing. For help finding a *Network Provider*, call Member Services and follow the appropriate prompts. *Our* Member Services team can help you find a *Provider* who is appropriate for your age, condition and type of treatment.

#### Behavioral Health and Substance Use Disorder Services

If you need assistance locating a *Provider* or in finding information about your behavioral health/substance use disorder benefits, please contact the Behavioral Health Department at 1-800-208-9565.

#### Services for Hearing Impaired Members

If you are hearing impaired, the following services are provided:

#### Telecommunications Device for the Deaf (TDD)

If you have access to a TDD phone, call 711. You will reach *Our* Member Services Department.

#### **Rhode Island Relay**

711 or 1-800-745-5555

#### **IMPORTANT ADDRESSES**

#### Fraud and Abuse

You may have questions about being billed for services you never received, or that your insurance information has been stolen or used by someone else. To report potential health care fraud or abuse, or if you have questions, please call Member Services, or email <u>fraudandabuse@point32health.org</u>. You can also call *Our* confidential hotline any time at 877-824-7123 or send an anonymous letter to *Us* at:

Tufts Health Plan Attn: Fraud and Abuse 1 Wellness Way Canton, MA 02021

#### **Appeals and Grievances Department**

If you need to call *U*s about a concern or appeal, contact Member Services. To submit your appeal or grievance in writing, send your letter to the address below. Or you may fax it to us at 617-972-9509.

Tufts Health Plan
Attn: Appeals and Grievances Department

#### **EVIDENCE OF COVERAGE**

This booklet is your *Evidence of Coverage* for health benefits underwritten by Tufts Insurance Company ("TIC"). TIC has entered into an agreement with Tufts Benefit Administrators ("TBA") for TBA to administer the health benefits. *TBA* also makes available a network of *Providers* described in this *Evidence of Coverage*. Both TIC and Tufts Benefit Administrators ("TBA") do business under the name of *Tufts Health Plan* ("Tufts HP").

This Evidence of Coverage describes the benefits, exclusions, conditions and limitations provided under the Group Contract. It applies to persons covered under the Group Contract. It replaces any Evidence of Coverages previously issued to you. Please read this Evidence of Coverage for a complete description of benefits and an understanding of how this plan works.

#### Introduction

Welcome to *Tufts Health Plan*. With *Tufts Health Plan PPO*, each time you need health care services, you may choose to obtain your health care from either a *Network Provider (In-Network Level of Benefits)* or any *Non-Network Provider (Out-of-Network Level of Benefits)*. Your choice will determine the level of benefits you receive for your health care services.

Providers are hospitals, community-based physicians and other community-based health care professionals working in their own offices throughout the Network Contracting Area. Tufts Health Plan does not provide health care services to Members. Network Providers provide health care services to Members. These Providers are independent contractors; and are not the employees or agents of Tufts Health Plan for any purposes.

<u>In-Network Level of Benefits:</u> If your care is provided by a *Network Provider*, you will be covered at the *In-Network Level of Benefits*.

<u>Please Note</u>: In-Network Level of Benefits refers to Covered Services that are provided by a Network Primary Care Provider or other Network Provider. According to Rhode Island law §27-20-65, you are required to designate a primary care Provider as your usual source of medical care; however, failure to designate a primary care provider will not result in cancellation of coverage.

<u>Out-of-Network Level of Benefits:</u> If your care is provided by a *Non-Network Provider*, you will be covered at the *Out-of-Network* Level of Benefits.

Covered Services Outside of the 50 United States: Emergency care services provided to you outside of the 50 United States qualify as Covered Services. In addition, Urgent Care services provided to you while traveling outside of the 50 United States qualify as Covered Services. However, any other service, supply, or medication provided to you outside of the 50 United States is not covered under this plan.

For additional information about these levels of benefits and how to receive covered health care services, please see Chapter 1. If you have any questions, please call the Member Services Department.

This book will help you find answers to your questions about *Tufts Health Plan* benefits. Italicized words are defined in the Glossary in Appendix A.

Your satisfaction with *Tufts Health Plan* is important to *Us*. If at any time you have questions, please call a Member Representative and *We* will be happy to help you.

#### **Calls to Member Services**

Our Member Services Department is committed to excellent service. All calls are recorded for training and quality purposes.

#### BENEFIT OVERVIEW

This Benefit Overview describes your coverage and Cost Sharing Amounts, including Deductible and Out-of-Pocket Maximum, under this plan. Please see Chapter 3 for Covered Services and benefit exclusions details.

#### **TERMS & DEFINITIONS**

All defined terms are italicized and listed in Appendix A.

Here are a few terms to keep in mind as you read through this Benefit Overview.

Coinsurance is the percentage of costs you pay for certain Covered Services.

**Contract Year** is the 12-month period determined by the *Group* in which benefit limits, *Deductibles*, *Out-of-Pocket Maximums*, and *Coinsurance* are calculated under this plan. A *Contract Year* can be either a calendar year (January 1st through December 31st) or a plan year (a 12 consecutive month period). For example, a plan year might run from July 1st in one calendar year through June 30th in the following calendar year. For the *Contract Year* dates that apply to your plan, call Member Services or contact your *Group*.

**Copayment** is the cost you pay for *Covered Services*. Copayments are paid to the *Provider* when you receive care unless the *Provider* arranges otherwise.

**Cost Sharing Amount** is the cost you pay for certain *Covered Services*. This amount may consist of *Deductibles*, *Copayments*, and/or *Coinsurance*.

**Covered Services** are the services and supplies for which we will pay. They must be described in Chapter 3 (subject to the "Exclusions from Benefits" section) and *Medically Necessary*.

**Deductible** is the amount you pay during the *Contract Year* before we begin to pay for certain *Covered Services*. The amount credited towards the *Member's Deductible* is based on the *Network Provider's* negotiated rate at the time the services are rendered. It does not reflect any later adjustments, payments, or rebates that are not calculated on an individual claim basis. Certain amounts you pay do not count toward your *Deductible*:

(i) any amount paid for services, supplies or medications that are not *Covered Services*; (ii) costs in excess of the *Reasonable Charge*; or (iii) the premium you pay for this plan.

**Out-of-Pocket Maximum** is the maximum amount a *Member* pays during a *Contract Year* for certain *Covered Services*. The *Out-of-Pocket Maximum* consists of *Cost Sharing Amounts*. It does not include: (i) premiums you pay for this plan; (ii) costs above the *Reasonable Charge*; or (iii) costs for services that are not *Covered Services* under the *Group Contract*. If you meet the *Out-of-Pocket Maximum* in a *Contract Year*, then you no longer pay *Cost Sharing Amounts* in that *Contract Year* under the terms of this *Evidence of Coverage*.

**Primary Care Provider (PCP)** is a *Provider* who is a physician, physician assistant, or nurse practitioner you choose for primary care *Covered Services*.

*In-Network Level of Benefits* is the level of benefits that a *Member* receives when *Covered Services* are provided by a *Network Provider*.

**Out-of-Network Level of Benefits** is the level of benefits that a *Member* receives when *Covered Services* are provided by a *Non-Network Provider*.

**Network Provider** is a *PCP*, *Provider* or hospital that has an agreement with *Us* (either directly or with a provider network with whom *We* have a contract) to provide *Covered Services* to *Members*.

**Non-Network Provider** refers to any *Provider* or hospital that does not have an agreement with *Us* (either directly or with a provider network with whom *We* have a contract) to provide *Covered Services* to *Members*.

#### Important Information About Your Cost Sharing Amounts

In accordance with the Affordable Care Act (ACA), preventive care services are covered in full. Services include but are not limited to: (i) women's preventive health care services; (ii) certain prescription medications, and, (iii) certain over-the-counter medications when prescribed by a licensed *Provider* and dispensed at a pharmacy pursuant to a prescription. See *Our* website for a list of services that are preventive and covered in full: https://tuftshealthplan.com/documents/providers/payment-policies/preventive-services.

If you have any questions about whether specific services are considered preventive under the ACA, please call Member Services.

Diagnostic *Outpatient* services provided in conjunction with a routine physical examination (i.e., a preventive care visit) may be subject to *Cost Sharing Amounts*. For example, diagnostic testing and diagnostic laboratory tests provided during a preventive care visit are covered as described under "Diagnostic testing" and "Laboratory tests" below.

For certain diagnostic *Outpatient* and *Inpatient* services provided in conjunction with a preventive care visit, you may be charged an office visit *Cost Sharing Amount*.

When certain *Outpatient* services are provided in a hospital setting or free-standing facility, you may be billed separately for facility services and physician services for a single episode of care. If the *Cost Sharing Amount* for such services includes a *Deductible* or *Coinsurance* charge, that charge will apply to both facility and physician services. If the *Cost Sharing Amount* is a *Copayment* charge, only a single *Copayment* will apply, unless otherwise specified in the Benefit Overview.

Cost Sharing Amounts for Urgent Care services vary depending upon:

- location in which the services are provided (for example, *Provider's* office, *Limited Service Medical Clinic, Free-standing Urgent Care Center*, or emergency room); and
- which additional Diagnostic *Outpatient* services, if any, are provided during the visit. Diagnostic *Outpatient* services provided in conjunction with an *Urgent Care* visit (for example, laboratory tests, *Durable Medical Equipment*, etc.) may be subject to separate *Cost Sharing Amounts* specified in the Benefit Overview. For more information, please call Member Services.

A telemedicine visit with a *Network Provider* will apply the same *Cost Sharing Amount* that applies to an in-person office visit with that *Provider*. A telemedicine visit with a *Non-Network Provider* will apply the same *Cost Sharing Amount* that applies to an in-person office visit with that *Provider*.

Important Note: The following table provides basic information about your benefits under this plan. See Chapter 3 for detailed explanations of *Covered Services*. **(AR)** means that a service or certain services in a benefit category require prior approval by an *Authorized Reviewer* at both the *In-Network* and *Out-of-Network Levels of Benefits*.

Your Deductible and Out-of-Pocket Maximum			
Deductible In-Network Level of Benefits Out-of-Network Level of Benefits			
- Per Contract Year - Medical and Prescription Drug combined - Some services are not subject to the Deductible, as indicated below.	Individual Plan: \$3,000/Individual Family Plan: \$3,000/Member \$6,000/Family	Individual Plan: \$6,000/Individual Family Plan: \$6,000/Member \$12,000/Family	

Your Deductible applies to all Covered Services except as listed in the Benefit Overview below.

The Family *Deductible* is satisfied with any combination of *Deductible* payments for *Covered Services* for any *Member* in a *Family Plan*. If any *Member* in a *Family Plan* satisfies the per *Member Deductible* before the Family *Deductible* amount is satisfied; coverage will begin for that *Member*. (i) subject to any other *Cost Sharing Amounts* that may apply; and (ii) any such *Cost Sharing Amounts* will not apply toward the Family *Deductible*.

**Note:** No *Member* of a *Family Plan* will pay more in a *Contract Year* towards the Family *Deductible* than the yearly amount set by the federal government as the *Out-of-Pocket Maximum* amount for one person.

#### The following amounts do not count toward this *Deductible*:

- Any amount you pay for services, supplies, or medications that are not Covered Services.
- Costs in excess of the Reasonable Charge.
- The *Premium* you pay for this plan.

Out-of-Pocket Maximum	In-Network Level of Benefits	Out-of-Network Level of Benefits
	<u>Individual Plan</u> :	<u>Individual Plan</u> :
	\$5,500/Individual	\$16,500/Individual
- Per Contract Year	<i>Family Plan</i> :	<i>Family Plan</i> :
	\$5,500/ <i>Member</i>	\$16,500/ <i>Member</i>
	\$11,000/Family	\$33,000/Family

Any Deductible, Copayment or Coinsurance amount you pay under this plan for Covered Services will count toward your Out-of-Pocket Maximum. Once you satisfy your Out-of-Pocket Maximum, you no longer pay these Cost Sharing Amounts.

Any combination of *Members* in a *Family Plan* can pay toward the Family *Out-of-Pocket Maximum*. Once the Family *Out-of-Pocket Maximum* is satisfied, *We* begin to pay for *Covered Services* for all *Members* in a *Family Plan* under the terms of this *Evidence* of *Coverage*. If a *Member* in a *Family Plan* reaches the per *Member Out-of-Pocket Maximum* before the Family *Out-of-Pocket Maximum* is satisfied; then (i) that *Member* has met his/her *Out-of-Pocket Maximum* requirement; and (ii) *We* begin to pay for his/her *Covered Services* under the terms of this *Evidence of Coverage*.

**Note**: Out-of-Pocket Maximums are set every year by the federal government. This plan's Out-of-Pocket Maximum amounts do not exceed federal maximums.

#### Certain amounts do not count towards an Out-of-Pocket Maximum:

- Any amount you pay for services, supplies, or medications that are not Covered Services.
- Costs in excess of the Reasonable Charge.
- The *Premium* you pay for this plan.

Prescription Insulin Medication		
	Prescription Insulin medications on our formulary for the treatment of diabetes may take a separate <i>Cost Sharing Amount</i> from those described above. These medications are not subject to a <i>Deductible</i> and a <i>Member's</i> total cost will not exceed \$40 for each 30-day supply. Please contact Member Services for additional information.	

#### Coverage When Drugs Are Not Obtained Through a Tufts Health Plan Designated Retail Pharmacy:

You may choose to obtain a covered prescription drug at a retail pharmacy that is not a *Tufts Health Plan* designated pharmacy. If so, you will need to pay for the prescription up front and submit a claim for reimbursement. Prescription drug claim forms can be obtained by contacting a Member Specialist. You can also get one at *Our* website at <a href="https://www.tuftshealthplan.com">www.tuftshealthplan.com</a>.

#### Notes:

- See Chapter 3, Covered Services for more information about your Prescription Drug Benefit.
- The Tufts Health Plan website has a list of covered drugs with their tiers. Our formulary is updated regularly. See Our website at <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefit/pharmacy-formularies">https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefit/pharmacy-formularies</a>
  - There may be limited circumstances when we may change a drug's tier which can happen at any time throughout the year. For example, a brand drug's patent may expire. In this case, we may change the drug's status by either (a) moving the brand drug from Tier-2 to Tier-3 or (b) no longer covering the brand drug when a generic alternative becomes available. In such cases, we will make the generic available at the same tier (i.e., Tier-2) or a lower tier (i.e., Tier-1).
- Certain day supply limits apply to prescription fills and refills. You may fill or refill prescriptions up to a 90-day supply at one time, provided that (i) the prescription is for a *Covered Service*; (ii) the quantity is ordered by your physician; and (ii) the prescription does not require prior approval by an *Authorized Reviewer*. Otherwise, Retail Pharmacy and Specialty Pharmacy purchases may be limited to a 30-day supply per fill or refill.
- Prescribed, orally administered anticancer medications used to kill or slow the growth of cancerous cells are covered. See cost sharing listed above.
- Smoking cessation agents (both prescription and generic over-the-counter agents when prescribed by a *Provider*) are covered in full.
- Certain drugs on our formulary are designated as part of our low cost drug program. See cost sharing listed above. Also, see *Our* website or call Member Services for more information.
- If the cost of a drug is less than the minimum Cost Sharing Amount, you pay only for the cost of the drug.
- If you fill your prescription in a state that allows you to request a brand-name drug even though your physician authorized the generic equivalent, you will pay the applicable tier *Cost Sharing Amount* plus the difference in cost between the brand-name drug and the generic drug.

# Chapter 1 -- How Your PPO Plan Works

#### **Eligibility for Benefits**

When you need health care services, you may choose to obtain these services from either a *Network Provider* (*In-Network Level of Benefits*); or a *Non-Network Provider* (*Out-of-Network Level of Benefits*). Your choice will determine the level of benefits you receive for your health care services. We cover only the services and supplies described as *Covered Services* in Chapter 3.

#### **Important Notes:**

- There are no pre-existing condition limitations under this plan. You are eligible to use your benefits as of your Effective Date.
- In accordance with federal law (45 CFR § 148.180), Tufts Health Plan does not:
  - adjust Premiums based on genetic information;
  - request or require genetic testing; or
  - collect genetic information from an individual prior to, or in connection with enrollment in a plan, or at any time for underwriting purposes
- You may be a *Member* living outside of Rhode Island. If so, your coverage may also include benefits required by the laws of your state. For more information, call Member Services.

#### Changes to *Our Provider* Network

We work to ensure the continued availability of *Our Providers*. However, *Our* network of *Providers* may change during the year. This can happen for many reasons. For example, a *Provider* may retire; move out of the *Network Contracting Area*, or fail to continue to meet *Our* credentialing standards. This may also happen if *Tufts Health Plan* and the *Network Provider* are unable to reach agreement on a contract. *Network Provider* are independent contractors; they do not work for *Tufts Health Plan*. Call Member Services with questions about *Network Provider* availability.

#### In-Network Level of Benefits

You may choose to receive care from a *Network Provider*. If so, you are covered at the *In-Network Level of Benefits*. This includes behavioral health/substance use disorder services, and services at a participating *Limited Service Medical Clinic* or *Free-standing Urgent Care Center*.

You pay a Cost Sharing Amount for certain Covered Services you receive at the In-Network Level of Benefits. See the "Benefit Overview". You do not have to submit any claim forms when you receive care from a Network Provider. The Network Provider will submit the claim forms to Us for you.

#### Selecting a Provider

To receive coverage at the *In-Network Level of Benefits*, you must receive care from a *Network Providers*. You can find *Network Providers* through *Our* searchable directory on *Our* website. You should choose a *Provider* in a location convenient to you. If you have difficulty or need assistance finding a *Provider*, call Member Services or Our Behavioral Health Department (800-208-9565).

#### No Inpatient Notification by You

When your *Inpatient* hospitalization is provided by a *Network Hospital*, you do not have to notify *Tufts Health Plan* about the *Inpatient* hospitalization or transfer. The *Network Hospital* will provide notification for you.

#### Canceling appointments

If you need to cancel an appointment, be sure to give at least a 24-hour notice. If you do not, and your *Provider's* office bills you, you will have to pay the charges. We will <u>not</u> pay for missed appointments that you did not cancel in advance.

#### Out-of-Network Level of Benefits

You may choose to receive Covered Services from a Non-Network Provider. This included behavioral health/substance use disorder services. You will be covered at the Out-of-Network Level of Benefits. Tufts Health Plan will pay up to the Reasonable Charge for Covered Services you receive from a Non-Network Provider.

Note: Please see the "Urgent Care" section in this chapter for additional information.

When a *Non-Network Provider* provides your care, you must submit a claim form to *Tufts Health Plan*. For more information, see "Bills from *Providers*" in Chapter 6.

#### Covered Services Not Available from a Network Provider

If a Covered Service is not available from a Network Provider (as determined by Us) you must obtain Our approval to go to a Non-Network Provider. With Our prior approval, you will receive Covered Services at the In-Network Level of Benefits up to the Reasonable Charge. You are responsible for any costs in excess of the Reasonable Charge, as well as any applicable Cost Sharing Amount. You may receive a bill for these services. If you receive a bill, please see "Bills from Providers" later in this Evidence of Coverage or call Member Services for more information about what to do if you receive a bill.

#### Inpatient Notification by You

If you receive *Inpatient services* that are not provided by a *Network Provider*, you must notify *Tufts Health Plan* of these services. See *Inpatient Notification* later in this chapter. If you do not notify *Tufts Health Plan* of these services, you will be subject to a *Notification Penalty*. See "*Inpatient Notification*" later in this chapter for more information.

#### If You Received Covered Services Outside of the 50 United States

Emergency care services provided to you outside of the 50 United States qualify as Covered Services. In addition, Urgent Care services provided to you while traveling outside of the 50 United States also qualify as Covered Services. However, any other service, supply, or medication provided to you outside of the 50 United States is excluded under this plan.

# **Continuity of Care**

If your Provider's contract with *Tufts Health Plan* terminates for reasons other than quality or fraud, you may continue to receive care from that *Provider* for the following continuing care conditions for up to 90 days from the date *We* notify you of your *Provider's* termination:

- You are in treatment for a Serious or Complex Condition.
- You are pregnant.
- You are undergoing a course of institutional or Inpatient care.
- You are scheduled to undergo urgent or emergent surgery; this includes postoperative care.
- You are terminally ill (having a life expectancy of 6 months or less).

#### Note:

Serious and Complex Condition means:

- an acute illness or condition that requires specialized medical treatment to avoid possibility of death or permanent harm: or
- a chronic illness or condition that (i) is life-threatening, degenerative, potentially disabling, or congenital; and (ii) requires specialized medical care over a prolonged period of time.

# Prior Approval by an Authorized Reviewer and Inpatient Notification

#### Prior approval by an Authorized Reviewer

Prior approval by an *Authorized Reviewer* is required for certain *Covered Services*. This is an approval request usually sent to *Us* by a *Network Provider*. It asks *Us* to determine in advance if certain services are *Covered Services* under your benefit plan. *We* require prior approval for services identified by **(AR)** in the Benefit Overview. **Note**: *Emergency Care* does not require approval by an *Authorized Reviewer*.

#### When you receive services from Network Providers:

They are responsible for obtaining any required approval from an Authorized Reviewer.

#### When you receive services from a Non-Network Provider:

You are responsible for making sure your *Provider* obtains prior approval from an *Authorized Reviewer* when required. If you receive services that *We* (or *Our* delegate) determine are: (1) not *Medically Necessary*; or (2) not *Covered Services*; then you will be responsible for the full cost of those services.

#### Call Member Services

- to request prior approval by an Authorized Reviewer, or
- to confirm with Us that your Provider obtained this approval.

Call Our Behavioral Health Department at 1 (800) 547-5186 for behavioral health and substance use disorder services.

If a request for coverage is denied, you have a right to appeal. See Chapter 6, Member Satisfaction, for information about how to file an appeal.

#### Inpatient Notification

Inpatient Notification is a process that informs Us about all Inpatient admissions and transfers to another hospital. We or Our delegate evaluate the expected hospital stay and proposed medical care; and (2) verifies Medical Necessity. We or Our delegate may assess the need for a care management program after discharge. Or We or Our delegate may recommend an alternative treatment setting.

Inpatient Notification to Tufts Health Plan by your Provider does not guarantee payment. We will not pay claims for: (i) persons who fail to meet eligibility criteria; (ii) services that are not Medically Necessary; or (iii) services that are not Covered Services.

#### When Care is Provided by a *Network Provider*

Your *Network Provider* or Hospital is responsible for notifying *Us* of your *Inpatient* admission or transfer.

#### When Care is Provided by a Non- Network Provider

You are responsible for making sure We are notified of any Inpatient admission or transfer when a Non-Network Provider provides your care. If you receive services that We (or Our delegate) determine are not Medically Necessary or are not Covered Services, you will be responsible for the full cost of these services.

#### **For More Information**

If a request for coverage is denied, you have a right to appeal. Please see Chapter 6, Member Satisfaction, for information about how to file an appeal.

For questions, contact Member Services at 800-463-8080. Or for behavioral health and substance use disorder services, call the *Tufts Health Plan* Behavioral Health Department at 1-800-208-9565.

# **Emergency Care and Urgent Care**

#### **Emergency Care**

#### Definition of Emergency:

Emergency is defined as an illness or medical condition, whether physical, behavioral, related to substance use disorder, or mental health, that manifests itself by symptoms of sufficient severity (including severe pain) that the absence of prompt medical attention could reasonably be expected by a prudent layperson, who possesses an average knowledge of health and medicine, to result in:

- serious jeopardy to the physical and/or mental/behavioral health of a *Member* or another person (or with respect to a pregnant *Member*, the *Member*'s or her unborn *Child*'s physical and/or mental/behavioral health); or
- serious impairment to bodily functions; or
- serious dysfunction of any bodily organ or part; or
- with respect to a pregnant woman who is having contractions, inadequate time to effect a safe transfer to another hospital before delivery, or a threat to the safety of the *Member* or her unborn *Child* in the event of transfer to another hospital before delivery.

Some examples of illnesses or medical conditions requiring *Emergency* care are severe pain, a broken leg, loss of consciousness, vomiting blood, chest pain, difficulty breathing, or any medical condition that is quickly getting much worse.

#### Follow these guidelines for receiving Emergency care

**Call 911 for emergency medical assistance, if needed**. If 911 services are not available in your area, call the local number for emergency medical services.

Go to the nearest emergency medical facility.

#### If you receive Emergency care as an Outpatient:

- At a Network Hospital, you will be covered at the In-Network Level of Benefits. You will pay a Cost Sharing Amount for each Emergency room visit
- At a Non-Network Hospital, We will pay up to the Reasonable Charge for Covered Services you receive. You only pay the applicable Cost Sharing Amount.

#### If you are admitted as an *Inpatient* after receiving *Emergency* care:

- A Network Hospital will notify Us of your admission. You will be covered at the In-Network Level of Benefits. You will
  pay the applicable Cost Sharing Amounts for the Inpatient stay.
- If you are admitted to a Non-Network Hospital:
  - notify Us within 48 hours. The attending Provider or a family member can do this for you.
  - you will be covered at the *In-Network Level of Benefits*.
  - We will pay up to the Reasonable Charge.
  - you will pay the Hospital Inpatient Cost Sharing Amounts.
  - you will be covered at the Out-of-Network Level of Benefits: IF:
    - We (or Our delegate) determine that transfer to a Tufts Health Plan Hospital is medically appropriate; and
    - you refuse the transfer and decide to remain at the Non-Network Hospital.

Note: If you receive a bill, call Member Services; or see "Bills from Providers" in Chapter 6.

#### **Urgent Care**

#### **Definition of** *Urgent Care*:

Urgent Care is defined as care provided when your health is not in serious danger, but you need immediate attention for a condition or unforeseen illness or injury, whether medical, physical, behavioral, related to a substance use disorder, or mental health. Examples in which urgent care might be needed are: a broken or dislocated toe; sudden extreme anxiety; a cut that needs stitches but is not actively bleeding; or symptoms of a urinary tract infection.

**Note**: Care provided after the urgent condition is treated and stabilized, and the *Member* is safe for transport, is not considered *Urgent Care*.

#### Follow these guidelines for receiving Urgent Care

Place of Service	Network Provider	Non-Network Provider located in Massachusetts, New Hampshire <u>or</u> Rhode Island	Non-Network Provider located outside of Massachusetts, New Hampshire and Rhode Island
Limited Service Medical	You are covered for <i>Urgent</i>	You are covered for <i>Urgent</i>	You are covered for <i>Urgent</i>

	Care at the In-Network Level of Benefits.	Care at the Out-of-Network Level of Benefits.	Care at the In-Network Level of Benefits.

# Inpatient Behavioral Health and Substance Use Disorder Services

<u>In-Network Level of Benefits</u>: You may need <u>Inpatient</u> or intermediate behavioral health or substance use disorder services and wish to receive coverage for these services at the <u>In-Network Level of Benefits</u>, your <u>Inpatient</u> or intermediate behavioral health or substance use disorder services must be provided by a <u>Network Hospital</u>. You may go to any <u>Network Hospital</u> and receive coverage at the <u>In-Network Level of Benefits</u>. There is no need to contact <u>Us first</u>. Simply call or go directly to any <u>Network Hospital</u>. Identify yourself as a <u>Tufts Health Plan Member</u>. The <u>Network Hospital</u> is responsible for providing notification for all <u>Inpatient</u> intermediate behavioral health and substance use disorder services. You are not responsible for notifying <u>Tufts Health Plan</u> of your admission at a <u>Network Hospital</u>.

<u>Out-of-Network Level of Benefits</u>: You may choose to receive *Inpatient* or intermediate behavioral health or substance use disorder services from *Non-Network Provider* or *Hospital*. Your coverage will be at the *Out-of-Network Level of Benefits*.

- Authorized Review may be required for certain Covered Services. You are responsible for making sure your Provider notifies Us if you are admitted. Your Provider must obtain any required approval from an Authorized Reviewer.
- We can let you know in advance if the services you want to receive are Covered Services.
- If you receive services that We (or Our delegate) determine are not Covered Services, you will be responsible for the full cost of these services.
- Call Tufts Health Plan Behavioral Health Department at 1-800-208-9565 for more information.

Note: For Emergency and Urgent Care services and admissions, see Emergency Care and Urgent Care above.

# **Utilization Management**

Tufts Health Plan has a utilization management program. This is employed to evaluate whether health care services provided to *Members* are: (1) *Medically Necessary* and (2) provided in the most appropriate and efficient manner.

Medical Necessity Guidelines are used to determine Medical Necessity for services or items which are covered when found to be Medically Necessary. These Guidelines are developed for specific services or items found to be safe and proven effective in a limited, defined population of patients or clinical circumstances.

Medical Necessity Guidelines are:

- based on current literature review;
- developed with input from practicing *Providers* in the *Network Contracting Area*;
- developed in accordance with the standards adopted by government agencies and national accreditation organizations;
- updated annually or more often as new treatments, applications, and technologies are adopted as generally accepted professional medical practice; and
- scientific evidence-based, if practicable.

Tufts Health Plan considers these guidelines as well as the Member's individual health care needs to evaluate on a case-by-case basis if a service or supply is Medically Necessary.

The utilization management program sometimes includes prospective, concurrent, and retrospective review of health care services for *Medical Necessity* (collectively, this comprises *Authorized Review*) and is performed by an *Authorized Reviewer*.

**Prospective review** is used to determine whether proposed treatment is *Medically Necessary* before that treatment begins. Prospective review is also referred to as "Pre-Service Review".

#### Concurrent review is used to:

- monitor ongoing admissions (the course of treatment) as they occur; and
- to determine when that treatment is no longer *Medically Necessary*.

**Retrospective review** is used to evaluate the *Medical Necessity* of care after it has been provided. In some circumstances, *We* perform in retrospective review to more accurately determine if a *Member's* health care services are appropriate. Retrospective review is also called as "Post-Service Review".

#### TIMEFRAMES TO REVIEW YOUR REQUEST FOR COVERAGE

Type of Review	Timeframe for Determinations*
Prospective (Pre-Service)	<u>Urgent</u> : Within 72 hours of receiving all necessary information and prior to the
	expected date of service.
	Non-urgent: Within 15 calendar days of receiving all necessary information and
	prior to expected date of service.
Concurrent Review	Within 24 hours of receipt of the request; and at least 24 hours prior to the end of
	the current certified period.
Retrospective (Post-Service)	Within 30 calendar days of receipt of a request for payment with all supporting
,	do cumentation.

<sup>\*</sup>See Appendix B for determination procedures under the Department of Labor's (DOL) regulations.

Prospective and concurrent reviews let *Members* know if proposed health care services are *Medically Necessary* and covered under their plan. This allows *Members* to make informed decisions about their care.

<u>If your request for coverage is denied, you have the right to file an appeal.</u> See Chapter 6, Member Satisfaction for information on how to file an appeal.

<u>Note</u>: Utilization review affects only coverage determinations under this plan. You and your *Provider* make all treatment decisions.

Members can call Tufts Health Plan to find out the status or outcome of utilization review decisions:

- behavioral health or substance use disorder utilization review decisions 1-800-208-9565;
- all other utilization review decisions 1-800-682-8059

#### **Extension of Hospitalization**

All *Inpatient* hospitalizations are monitored. It may be *Medically Necessary* for you to stay in the hospital longer than the originally approved stay. If this happens, *Tufts Health Plan* or its delegate will request additional clinical information from your attending *Provider* or hospital for additional *Medically Necessary* hospital days. Or after consulting your *Provider*, it may be determined that *Inpatient* hospitalization is no longer *Medically Necessary*. If this happens, you will be notified that any additional hospital days will not be covered. You will be responsible for paying for all hospital and *Provider* charges if you choose to stay in the hospital beyond the discharge date.

#### **Care Management**

Some Members with Severe Illnesses or Injuries may need care management. The care management program:

- encourages use of the most appropriate and cost effective treatment; and
- supports the Member's treatment and progress.

A *Member* may be identified as an appropriate candidate for care management. The *Member* and his or her *Network Provider* will be contacted to discuss a treatment plan and establish goals. Alternative covered services or supplies available to the *Member* may also be suggested.

The *Member*'s treatment plan may be reviewed periodically. Alternatives to the *Member*'s current treatment plan may be identified that:

- qualify as Covered Services;
- are cost effective; and
- are appropriate for the *Member*.

In this case, the Member and his/her Network Provider will be contacted to discuss alternatives.

A Severe Illness or Injury may be medical or behavioral health related and may include, but are not limited to, the following:

- serious heart or lung disease
- certain neurological diseases
- severe traumatic injury
- major depressive disorder
- schizophrenia

- high-risk pregnancy and newborn Children;
- AIDS or other immune system diseases
- cancer
- bipolar disorder
- substance use disorders

Covered Services provided through a care management program will follow the Plan's terms for Member cost sharing.

#### Individual care management (ICM)

In certain circumstances, We may approve an individual care management ("ICM") plan for a *Member* with a Severe Illness or Injury. A *Member* must already be a participant in the care management program. The ICM plan is designed to arrange for the most appropriate health care services and supplies for the *Member*.

As a part of the ICM plan, a *Member* may be approved for coverage for certain alternative services and supplies that do not otherwise qualify as *Covered Services* for that *Member*. This will occur only if *We* determine that all of the following conditions are met:

- the Member's condition is expected to require medical treatment for an extended duration;
- the alternative services and supplies are *Medically Necessary* to treat the *Member's* condition;
- the alternative services and supplies are provided directly to the *Member* with the condition;
- the alternative services and supplies:
  - are provided in place of or to prevent more expensive services or supplies.
  - are services and supplies a Member might otherwise have incurred during the current episode of illness;
- the Member and an Authorized Reviewer agree to the alternative treatment program; and
- the *Member* continues to show improvement in his or her condition as determined periodically by an *Authorized Reviewer*.

These alternative services and supplies will be monitored over time. We may decide at any time that these services and supplies no longer satisfy the conditions described above. At that time, coverage of services or supplies provided under the ICM plan may be modified or terminated. Please note that ICM plans are not used to authorize services and supplies that:

- are specifically excluded under the Member's plan;
- fall within the parameters of the Utilization Review program; or
- do not meet the relevant *Medical Necessity* criteria for approval.

# Financial Arrangements between *Tufts Health Plan Provider* and *Network Provider*

#### Methods of payment to Network Provider

Our goal in compensation of *Providers* is to encourage preventive care and active management of illnesses. We strive to be sure that the financial reimbursement system We use encourages appropriate access to care and rewards *Providers* for providing high quality care to *Our Members*. We use a variety of mutually agreed upon methods to compensate *Network Provider*.

The *Tufts Health Plan Directory of Health Care Providers* indicates the method of payment for each *Provider*. Regardless of the method of payment, *We* expect all participating *Providers* to use sound medical judgment when providing care and when determining whether a referral for specialty care is appropriate. This approach encourages the provision of *Medically Necessary* care and It also reduces the number of unnecessary medical tests and procedures that can be both harmful and costly to *Members*.

We review the quality of care provided to *Our Members* through *Our* Quality of Health Care Program. You should feel free to discuss with your *Provider* specific questions about how he or she is paid.

#### **Member Identification Card**

Tufts Health Plan gives each member a Member identification card (Member ID).

**Reporting errors** When you receive your Member ID card, check it carefully. If any information is wrong, call a *Member* Services Representative.

**Identifying yourself as a** *Tufts Health Plan Member*. Your Member ID card is important because it identifies you as a *Tufts Health Plan Member*. Carry your *Member* ID card at all times. Have your *Member* ID card with you for medical, hospital and other appointments. Show your *Member* ID card to any *Provider* before you receive health care services.

**Important Note**: When you receive services, you must tell the office staff that you are a *Tufts Health Plan Member*. If you do not, *We* may not pay for the services provided; and you would be responsible for the costs.

#### Membership requirement

You are eligible for benefits if you are a *Member* when you receive care. A Member ID card alone is not enough for you to receive benefits. If you receive care when you are not a *Member*, you are responsible for the cost.

#### Membership identification number

If you have any questions about your member identification number, call a Member Representative.

# Health improvement incentives

As a *Member* of this plan, you may be able to receive incentives for selecting designated high-quality low-cost *Providers* for certain *Covered Services*. *Tufts Health Plan* may provide rewards to *Members* that participate in this program, or other wellness or health improvement incentive programs. The award of incentives is not contingent upon the outcome of the services or the wellness or health improvement program. Please visit our website at <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/digital-tools/myrewards">https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/digital-tools/myrewards</a> for more information regarding the amount of incentives, if any, available under your plan. For tax information, please consult with your employer or tax advisor.

# Chapter 2 -- Eligibility, Enrollment and Continuing Eligibility

# **Eligibility**

#### Eligibility rule under a Group Contract

You are eligible as a Subscriber only if you are an employee of a Group and you:

- meet your Group's and Tufts Health Plan's eligibility rules; and
- lives, works, or resides in the Network Contracting Area.

Your Spouse or your Child is eligible as a Dependent only if you are a Subscriber and that Spouse or Child:

- qualifies as a Dependent, as defined in this Evidence of Coverage; and
- meets your Group's and Tufts Health Plan's eligibility rules; and
- live, work or reside in the Network Contracting Area

<u>Note</u>: In some cases, *Dependents* who live, work or reside outside the *Network Contracting Area* can be eligible for coverage under this plan. See "If you live, work or reside outside the *Network Contracting Area*" below for more information.

#### If you do not live, work or reside in the Network Contracting Area

You can be covered only if:

- you are a Child;
- you are a Dependent subject to a Qualified Medical Child Support Order (QMCSO); or
- you are a divorced Spouse that Tufts Health Plan must cover.

**Note:** Routine care obtained outside the *Network Contracting Area* is covered at the *Out of Network Level of Benefits*.

#### **Proof of Eligibility**

We may ask you for proof of your and your *Dependents'* eligibility or continuing eligibility. You must give *Us* proof when asked. This may include proof of residence, marital status, birth or adoption of a *Child*, and legal responsibility for health care coverage.

#### Eligibility Requirements under Rhode Island and Federal Law

- An eligible Child is defined based on his or her relationship with the participant.
- Limiting eligibility is prohibited based on: financial dependency on the *Subscriber*, residency; student status; employment; eligibility for other insurance; or marital status.
- The terms of coverage for a Child under this Group Contract does not vary based on the age of that Child.

#### **Enrollment**

#### When to enroll

You may enroll yourself and your eligible *Dependents* (if any) for this coverage only:

- during the annual Open Enrollment Period; or
- within 30 days of the date you or your *Dependent* is first eligible for this coverage.

**Note**: If you fail to enroll for this coverage when first eligible, you may be eligible to enroll yourself and your eligible *Dependents*, (if any), at a later date. This applies only if you did not enroll in this coverage when first eligible because:

- you or your eligible *Dependent* were covered under another group health plan or other health care coverage at that time; or
- you have acquired a *Dependent* through marriage, birth, adoption, or placement for adoption.

In these cases, you or your eligible *Dependent* may enroll for this coverage within 30 days after any of the following events: (i) your coverage under the other health coverage ends involuntarily; (ii) your marriage; or (iii) the birth, adoption, or placement for adoption of your *Dependent Child*.

In addition, you or your eligible *Dependent* may enroll for this coverage within 60 days after either:

- you or your Dependent are eligible under a state Medicaid plan or state children's health insurance program (CHIP)
  and the Medicaid or CHIP coverage is terminated; or
- you or your Dependent becomes eligible for a premium assistance subsidy under a state Medicaid plan or CHIP.

Also, in accordance with RI law, an eligible individual who is pregnant may enroll any time after the commencement of the pregnancy.

#### Effective Date of coverage

Once We accept your application and receive the needed *Premium*, coverage starts on the date chosen by your *Group*. Coverage for enrolled *Dependents* starts when the *Subscriber's* coverage starts; or at a later date if the *Dependent* becomes eligible for coverage after the *Subscriber*. A *Dependent's* coverage cannot start before the *Subscriber's* coverage starts.

If you or your enrolled *Dependent* is an *Inpatient* on your Effective Date, your coverage starts on the later of:

- the Effective Date; or
- the date We are notified and given the chance to manage your care.

# Adding Dependents Under Family Coverage

#### When Dependents may be added

After you enroll, you may apply to add any *Dependents* who are not currently enrolled in *Tufts Health Plan* only as follows:

- during the Open Enrollment Period that applies to you; or
  - within 30 days after any of the following events:
    - a change in your marital status;
    - the birth of a Child;
    - the adoption of a *Child* as of the earlier of:
      - the date the Child is placed with you for the purpose of adoption; or
      - the date you file a petition to adopt the Child;
- a court orders you to cover a Child through a qualified medical child support order;
- a Dependent loses other health care coverage <u>involuntarily;</u>
- a Dependent moves into the Network Contracting Area; or
- if your Group has an IRS qualified cafeteria plan, any other qualifying event under that plan.

#### **How to add Dependents**

If you have Family Plan, fill out either a group-approved form or Tufts Health Plan form listing the Dependents. Give this form to your Group either:

- during your Open Enrollment Period; or
- within 30 days after the date of an event listed above, under "When Dependents may be added".

If you do not have a Family Plan, you must ask your Group or Tufts Health Plan to change your coverage to a Family Plan. If you do not, your Dependents(s) will not be covered.

#### Effective Date of Dependents' coverage

If We accept your application to add Dependents, We will send you a Member ID card for each Dependent.

Effective Dates will be no later than:

- the date of the Child's birth, adoption or placement for adoption; or
- the date of the qualifying event, in the case of marriage or loss of prior coverage.

#### Availability of benefits after enrollment

Covered Services for an enrolled Dependent are available as of the Dependent's Effective Date. There are no waiting periods. Maternity benefits are available even if the pregnancy began before your Effective Date.

Note: We will only pay for Covered Services that are provided on or after your Effective Date.

## Newborn Children and Adoptive Children

## Importance of enrolling newborn Children and Adoptive Children

**Newborn Child:** You must notify *Tufts Health Plan* of the birth of a newborn *Child* and pay the required *Premium* within 31 days after the date of birth. Otherwise, that *Child* will not be covered beyond the 31-day period. No coverage is provided for a newborn *Child* who remains hospitalized beyond the 31-day period and has not been enrolled in this plan.

**Adoptive Child:** You must enroll your *Adoptive Child* within 31 days after the *Child* has been adopted or placed for adoption with you. This is required for that *Child* to be covered from the date of his or her adoption. Otherwise, you must wait until the next *Open Enrollment Period* to enroll the *Child*.

## Steps to follow to choose a PCP for newborn Children and Adoptive Children

- Choose a PCP from the list of PCPs in the searchable Directory of Health Care Providers (available on Our website) or call a Member Services for help.
- Call the Provider and ask him or her to be your newborn or Adoptive Child's PCP.
- If he or she agrees, call a Member Services to report your choice.

## Continuing Eligibility for Dependents

## When coverage ends

Dependent coverage for a *Child* ends on the last day of the month in which the *Child's* 26th birthday occurs. This age limit does not apply to a *Child* who qualifies as a *Disabled Dependent* at any age.

## Coverage after termination

When a *Child* loses coverage under this *Evidence of Coverage*, he or she may be eligible for federal or state continuation coverage. Or the Child may be able to enroll in *Individual Coverage*. See Chapter 5 for more information.

## How to continue coverage for Disabled Dependents

- About 30 days before the Child no longer meets the definition of Dependent, call Member Services.
- Give proof\*, acceptable to Us, of the Child's disability.

## When coverage ends for a Disabled Dependent.

Disabled Dependent coverage ends when the Dependent no longer meets the definition of Disabled Dependent; or the Subscriber fails to give Us proof of Dependent's continued disability.

#### Coverage after termination for a Disabled Dependent

The former *Disabled Dependent* may be eligible for federal or state continuation coverage or to enroll in coverage; under an *Individual Contract*. See Chapter 5 for more information.

## Rule for former Spouses for Group Contracts (Also see Chapter 5)

If you and your *Spouse* divorce your former *Spouse* may continue coverage as a *Dependent* under your *Family Plan* in accordance with Rhode Island law, if the order for continued coverage is included in the judgement when entered.

#### Coverage for your divorced *Spouse* continues until:

- either you or your divorced Spouse remarry;
- provided by the judgment for divorce; or
- your divorced Spouse becomes eligible for coverage in a comparable plan through his or her own employment.

## Follow these steps to continue coverage for a former Spouse

- Call Member Services within 30 days after the divorce decree is issued to tell *Us* about your divorce.
- Send Us proof of your divorce or separation when asked.

## Keeping Tufts Health Plan's records current

You must notify *Us* of any changes that affect your or your *Dependents'* eligibility. Examples of these changes are:

- birth, adoption, changes in marital status, or death;
- your remarriage or the remarriage of your former *Spouse*, when the former *Spouse* is an enrolled *Dependent* under your *Family* Coverage;
- moving out of the *Network Contracting Area* or temporarily residing out of the *Network Contracting Area* for more than 90 consecutive days;
- address changes; and
- changes in an enrolled Dependent's status as a Child or Disabled Dependent.

Forms to report these changes are available from your *Group* or Member Services.

## **Chapter 3 -- Covered Services**

**Chapter 3** describes plan benefits and services. See the "Preventive health care" section for information about coverage provided in accordance with the Affordable Care Act and state law.

See the **Benefit Overview** at the front of this *Evidence of Coverage* for *Cost Sharing Amounts* and any benefit limits that apply under this plan.

Certain *Covered Services* described in this chapter require **prior approval by an** *Authorized Reviewer*. If prior approval is not obtained, you may have to pay the full cost of those services and supplies

## When health care services are Covered Services

Health care services and supplies are *Covered Services* only if they are:

- listed as Covered Services in this chapter;
- Medically Necessary, as determine by Tufts Health Plan or Our designee;
- · consistent with applicable state or federal law;
- consistent with the *Medical Necessity* Guidelines in effect at the time the services or supplies are provided. This information is available on *Our* website at <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview">https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview</a> Or you may call Member Services;
- provided to treat an injury, illness, or pregnancy, except for preventive care; and
- obtained within the 50 United States. The only exceptions are *Emergency* care or *Urgent Care* services while traveling, which are *Covered Services* when provided outside of the 50 United States.

**Note**: Certain services may be available when you are traveling outside of the 50 United States through the *Tufts Health Plan* telemedicine vendor. For more information, visit *Our* website or contact Member Services

https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/digital-tools/telehealth

#### **Important Note:**

Please see the following sections in **Chapter 1** for important information:

- In-Network Level of Benefits and Out-of-Network Level of Benefits
- Prior approval by an Authorized Reviewer and Inpatient Notification
- Emergency care and Urgent Care
- Inpatient and Intermediate Behavioral Health and Substance Use Disorder Services

## **Acupuncture services**

Acupuncture is covered when provided by a licensed acupuncturist (L.Ac.) or physician only.(State of Rhode Island licensed MD or DO)\* only.

An initial evaluation is allowed for new patients. A new patient is one who has not received any professional services from the physician within the past three years.

- \*Acupuncture services may be rendered by a physician (MD or DO) when the following Rhode Island Department of Health criteria have been met:
- 2.2 Any physician licensed in Rhode Island under the provisions of Chapter 5-37 who seeks to practice medical acupuncture as a therapy shall comply with the following:
  - 2.2.1 Meet the requirements for licensure as a doctor of acupuncture set forth in the *Rules and Regulations for Licensing Doctors of Acupuncture and Acupuncture Assistants promulgated by the Department of Health;* **or** 2.2.2 Successfully complete a course offered to physicians that meets the requirements set forth in these regulations and includes no less than the following:
    - a. a minimum of three hundred (300) hours of formal instruction;
    - b. a supervised clinical practicum incorporated into the formal instruction required in subsection 2.2.2(a) (above).

The following acupuncture services are not covered:

- Adjunctive therapies, such as, but not limited to: moxibustion, herbs, oriental massage, etc;
- Acupuncture when used as an anesthetic during a surgical procedure;
- Precious metal needles (e.g., gold, silver, etc)
- · Acupuncture in lieu of anesthesia
- Any other service not specifically listed as a Covered Service.

## Allergy testing and treatment

Allergy testing (including antigens) and treatment, and allergy injections.

#### **Ambulance services**

- Ground, sea, and air ambulance transportation for Emergency care are Covered Services.
  - Air ambulance services means transportation by helicopter or fixed wing plan (for example Medflight)
- Non-Emergency ambulance transportation is covered only when an Authorized Reviewer determines in advance that such services are Medically Necessary.

**Important Note**: If you are treated by Emergency Medical Technicians (EMTs) or other ambulance staff, but refuse to be transported to the hospital or other medical facility, you will be responsible for the costs of this treatment.

## Autism spectrum disorders services, including applied behavior analysis (ABA) services

In accordance with Rhode Island law *We* cover diagnosis and treatment of autism spectrum disorders. Autism spectrum disorders include any of the pervasive *Developmental* disorders, as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, and include:

- autistic disorder;
- Asperger's disorder; and
- pervasive Developmental disorders not otherwise specified.

Tufts Health Plan provides coverage for the following Covered Services.

- Habilitative or rehabilitative services, which are professional, counseling, and guidance services; and
  - treatment programs necessary to develop, maintain and restore an individual's functioning. These programs may include, but are not limited to, <u>applied behavioral analysis (ABA)</u> supervised by a *Board-Certified Behavior Analyst (BCBA)* who is a licensed clinician. Prior approval by an *Authorized Reviewer* is required at both the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*. Under this benefit, ABA includes:
    - the design, implementation, and evaluation of environment modifications,
    - using behavioral stimuli and consequences.
    - to produce socially significant improvement in human behavior;
    - this includes use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.
    - For more information call the Tufts Health Plan Behavioral Health Department at 1-800-208-9565.
- Services provided by <u>licensed or certified speech therapists</u>, occupational therapists, physical therapists, or social workers. <u>Note</u>: There are no visit limits when services are provided for autism spectrum disorders. Prior approval by an *Authorized Reviewer* is required at both the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.
- Prescription drugs, covered under your "Prescription Drug Benefit".
- Psychiatric and psychological care, covered under your "Behavioral Health and Substance Use Disorder Services" benefit.

## Behavioral Health and Substance Use Disorder Services (*Outpatient, Inpatient*, and Intermediate)

\*Certain services in this benefit category may require approval by an *Authorized Reviewer*. Your *Tufts Health Plan Provider* is responsible for obtaining any required approval on your behalf. See Behavioral Health and Substance Use Disorder Services in Chapter 1 for more information.

<u>Note</u>: Coverage of *Outpatient* and intermediate behavioral health/substance use disorder services include those provided in a hospital setting, a *Provider's* office, and in a *Member's* home. These services must be provided by a professionally licensed behavioral health/substance use disorder *Provider* or a person under the supervision of a professionally licensed behavioral health/substance use disorder *Provider*.

#### Outpatient behavioral health services

<u>Outpatient services</u> to diagnose and treat <u>Mental Disorders</u>. This includes individual, group, and family therapy services.

- Individual, group, and family therapies do not require prior approval.
- Prior approval by an Authorized Reviewer is required for:
  - Psychological and neuropsychological testing services (covered as "Office visits to diagnose and treat illness or injury");
  - Repetitive transcranial magnetic stimulation (rTMS); and
  - Applied behavioral analysis (ABA).

#### Inpatient and intermediate behavioral health services

<u>Inpatient services:</u> <u>Medically Necessary</u> behavioral health services for <u>Mental Disorders</u> in a facility that is licensed as a general hospital, behavioral health hospital, substance use disorder facility.

Intermediate behavioral health services. *Medically Necessary* services are more intensive than traditional *Outpatient* behavioral health services. They are less intensive than 24-hour hospitalization. Some examples of covered intermediate behavioral health services are:

- Level III community-based detoxification;
- Crisis stabilization;
- Intensive Outpatient programs;
- Partial hospital programs; and
- Home and community Based Adult intensive services (AIS) and Child and Family Intensive Treatment (CFIT).
   AIS/CFIT programs offer services primarily based in the home and community for qualifying adults and children with moderate-to-severe mental health conditions. These programs consist at a minimum of ongoing emergency/crisis evaluations, psychiatric assessment, medication evaluation and management, case management, psychiatric nursing services, and individual, group, and family therapy.

#### Outpatient substance use disorder services

<u>Outpatient services</u> to diagnose and treat substance use disorder, including methadone maintenance or methadone treatment related to chemical dependency disorders. Prior approval by an *Authorized Reviewer* is not required at both the *In-Network Level of Benefits* and *Out-of-Network Level of Benefits*.

#### *Inpatient* and intermediate substance use disorder services

<u>Inpatient services use detoxification and treatment services</u> in a general hospital, substance use disorder facility, or Community Residence.

<u>Intermediate substance use disorder services:</u> These services are more intensive than traditional *Outpatient* substance use disorder services. They are less intensive than 24-hour hospitalization. Some examples of covered intermediate substance use disorder services are day treatment/partial hospital programs and intensive *Outpatient* programs. Also see AIS/CFIT above.

Substance use disorder treatment in a Community Residential care setting.

#### Cardiac rehabilitation services

We cover the following Outpatient services for the treatment of documented cardiovascular disease:

- the Outpatient convalescent phase of the rehabilitation program following hospital discharge; and
- the Outpatient phase of the program that addresses multiple risk reduction, adjustment to illness and therapeutic
  exercise.

<u>Note</u>: Prior approval by an *Authorized Reviewer* is required at both the *In-Network Level of Benefits* and *Out-of-Network Level of Benefits* 

## Chemotherapy administration

Administration of chemotherapy. For information about coverage for the medications used in chemotherapy, please see "Injectable, infused, or inhaled medications".

#### Chiropractic medicine

Coverage is provided for *Medically Necessary* visits for the purpose of chiropractic treatment or diagnosis, regardless of the place of service.

During each visit, *Members* are covered for spinal manipulation and up to two chiropractic modalities (therapeutic exercise, and/or attended electrical stimulation (EMS)).

# Clinical trials – Patient care services provided on an *Inpatient* or *Outpatient* basis as part of a qualified clinical trial for the treatment of cancer or other life-threatening diseases or conditions

This Evidence of Coverage provides coverage for certain experimental/investigational services as required by:

- Rhode Island General Laws Sections § 27-20-60 entitled "Coverage for individuals participating in approved clinical trials", and
- Rhode Island General Laws Title 27, Chapter 55, entitled "Off Label Use of Prescription Drugs". (See also "Prescription Drug Benefit – What is covered" later in Chapter 3.)

In accordance with Rhode Island General Law §27-20-60, this coverage is provided for *Members* participating in approved clinical trials. You are qualified to participate in a clinical trial if:

- You are eligible according to the trial protocol, and
- A Network Provider has concluded that your participation would be appropriate; or
- You provide medical and scientific information establishing that your participation in such trial would be appropriate.

RIGL § 27-20-60 describes what an approved clinical trial is. In summary, it means a phase I, phase II, phase III, or phase IV clinical trial that is being done to prevent, detect or treat cancer or a life-threatening disease or condition (a disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted). To qualify as a clinical trial it must be:

- Federally funded, or
- Conducted under an investigational new drug application reviewed by the Food and Drug Administration, or
- A drug trial that is exempt from having such an investigational new drug application.

If a *Network Provider* is participating in a clinical trial, and the trial is being conducted in the State in which you reside, then you may be required to participate in the trial through the *Network Provider*.

Coverage includes routine patient costs for *Covered Services* furnished in connection with participation in the trial. These include *Covered Services* that are typically covered for a patient who is not enrolled in a clinical trial.

The amount you pay is based on the type of service you receive. Please see the Benefit Overview, particularly the following sections:

- For information about office visits, see "Office visits to diagnose and treat illness or injury"
- For surgical procedures see "Hospital Inpatient Services"
- For lab, radiology, and machine tests see "Laboratory Tests" and "Diagnostic Imaging".
- For prescription drugs, see "Prescription Drug Benefit"

In a clinical trial, this *Evidence of Coverage* does not cover:

- The investigational item, device, or service itself; or
- Items or services provided solely to satisfy data collection and that are not used in the direct clinical management;
   or
- A service that is clearly inconsistent with widely accepted standards of care.

## Day Surgery

- Outpatient surgery done under anesthesia in an operating room of a facility licensed to perform surgery.
- You must be expected to be discharged the same day and be shown on the facility's census as an Outpatient.
- Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

## Diabetes services and supplies

Covered Services are provided for the treatment of insulin treated diabetes, non-insulin treated diabetes, or gestational diabetes. In accordance with Rhode Island General Law § 27-41-44, the following coverage is provided when *Medically Necessary* and prescribed by a *Provider*:

- Diabetes self-management education, including medical nutrition therapy.
- Blood glucose monitors and blood glucose monitors for the legally blind (covered under *Durable Medical Equipment* later in this chapter);
- Test strips for glucose monitors and/or visual reading (covered under "Prescription Drug Benefit" later in this chapter);
- Insulin, syringes, injection aids, cartridges for the legally blind, and oral agents for controlling blood sugar (covered under "Prescription Drug Benefit" later in this chapter);
- Insulin pumps (covered under "Medical supplies" later in this chapter);
- Therapeutic/molded shoes for the prevention of amputation (covered under *Durable Medical Equipment* later in this chapter).

Upon the approval of the United States Food and Drug Administration, new or improved diabetes equipment and supplies will be covered when *Medically Necessary* and prescribed by a *Provider*.

## Diagnostic imaging

Coverage includes general imaging (such as x-rays and ultrasounds) and MRI/MRA, CT/CTA and PET tests and nuclear cardiology. Diagnostic MRI/MRA, CT/CTA, and PET tests and nuclear cardiology imaging services require approval of an *Authorized Reviewer*. This approval is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.

## Diagnostic or preventive screening procedures

**Note**: Your coverage level will be different for preventive screenings (covered in full) versus diagnostic services (subject to *Member Cost Sharing*).

#### Coverage for preventive services

Routine screenings and exams are covered in full when provided by a *Network Provider*. This is in accordance with current recommendations of the U.S. Preventative Services Task Force (USPSTF) regarding breast cancer screening, mammography, and prevention.

- Preventive screenings for colon and colorectal cancer. Examples include colonoscopy and sigmoidoscopy screenings.
- Routine annual (Pap test) (cervical cancer screening)
- Routine mammograms. Examples include mammography screenings using 3-D tomosynthesis.
- Routine prostate and colorectal examinations and laboratory tests.

#### Diagnostic Procedures & Exams:

Diagnostic procedures and exams may be subject to prior approval by an *Authorized Reviewer* and/or *Member Cost Sharing*. For more information, see "Diagnostic or Preventive Screening Procedures" in the "Benefit Overview". Examples include, but are not limited to:

- Diagnostic colon or colorectal procedures. Examples include colonoscopy and proctosigmoidoscopy procedures.
- Diagnostic cytology (Pap test) examinations.
- Diagnostic mammograms. Examples include mammography using 3-D tomosynthesis.
- Diagnostic prostate and colorectal examinations and laboratory tests.

## Diagnostic testing

Coverage includes, but is not limited to, ambulatory EKG testing, sleep studies (performed in the home or a sleep study facility), and diagnostic audiological testing. Prior approval by an *Authorized Reviewer* may be required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*. Call Member Services with questions about specific tests.

## **Durable Medical Equipment**

Equipment must meet this definition: Durable Medical Equipment is a device or instrument of a durable nature that:

- is reasonable and necessary to sustain a minimum threshold of independent daily living;
- is made primarily to serve a medical purpose;
- is not useful in the absence of illness or injury;
- · can withstand repeated use; and
- can be used in the home.

To be eligible for coverage, equipment must also be:

- the most appropriate amount, supply, or level of service available for the *Member*;
- considering potential benefits and harms to that individual;
- as determined by Tufts Health Plan.

Equipment that We determine to be non-medical in nature and used primarily for non-medical purposes (even though that equipment may have some limited medical use) will not be considered *Durable Medical Equipment* and will not be covered under this benefit.

#### Note:

- Certain *Durable Medical Equipment* may require *Authorized Reviewer* approval at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.
- You may be responsible for paying towards the cost of *Durable Medical Equipment* covered under this plan. See the "Benefit Overview" section at the front of this Evidence of Coverage.

The following examples of covered and non-covered items are for illustration only. Please call a Member Services with questions about whether a particular piece of equipment is covered.

## Examples of covered items (this list is not all-inclusive):

- the purchase of a manual or electric (non-hospital grade) breast pump or the rental of a hospital grade electric
  breast pump for pregnant or post-partum *Members*, when prescribed by a physician (<u>Note</u>: These breast pumps are
  covered in full at the *In-Network Level of Benefits*);
- gradient stockings (up to three pairs every 365 days):
- custom made oral appliances for the treatment of sleep apnea; prefabricated oral appliances are not covered;
- oxygen concentrators (stationary and portable);
- power/motorized wheelchairs
- prefabricated orthoses such as knee orthosis, ankle orthosis, cervical collar, wrist and/or hand orthosis;
- therapeutic/molded shoes and shoe inserts for a Member with a severe diabetic foot disease or other systemic
  illness that compromises the blood supply to the foot. A systemic illness is defined as a metabolic, neurological, or
  peripheral vascular disease resulting in decreased sensation or severe circulatory compromise in the patient's legs
  or feet, such as, but not limited to, diabetes..

We will decide whether to purchase or rent the equipment for you. At the *In-Network Level of Benefits*, this equipment must be purchased or rented from a *Durable Medical Equipment* provider that has an agreement with *Us* to provide such equipment.

## Examples of items that are not covered (this list is not all-inclusive). Call Member Services for all questions regarding coverage of *Durable Medical Equipment*:

- air conditioners, dehumidifiers, HEPA filters and other filters, and portable nebulizers;
- articles of special clothing, mattress and pillow covers, including hypo-allergenic versions;
- bath and toilet aids, including, but not limited to: tub seats/benches/stools, raised toilet seats, commodes, rails;
- bed-related items, including bed trays, bed pans, bed rails, bed cradles, over-the-bed trays, and bed wedges;
- car seats; car/van modifications;
- certain wearable devices (e.g. smartwatches, bracelets, patches) used for physiological monitoring and fitness tracking (e.g. Fitbit, Biostamp, Embrace smartwatch, Smartmonitor smartwatch, Garmin Vivofit 4, Garmin Vivosmart 3, Samsung Galaxy Fit);
- comfort or convenience devices;
- dentures; ear plugs;
- emergency response systems (e.g., LifeAlert);
- exercise equipment and saunas;
- externally powered exoskeleton assistive devices and orthoses;
- fixtures to real property, such as ceiling lifts, elevators, ramps, stair lifts or stair climbers;
- foot orthotics, fittings, and arch supports, except for therapeutic/molded shoes and shoe inserts for a Member with severe diabetic foot disease or other systemic illnesses that compromise the blood supply to the foot. A systemic illness is defined as a metabolic, neurological, or peripheral vascular disease resulting in decreased sensation or severe circulatory compromise in the patient's legs or feet, such as, but not limited to, diabetes.;
- heat and cold therapy devices, including, but not limited to: hot packs, cold packs and water pumps with or without compression wrap;
- heating pads, hot water bottles, paraffin bath units and cooling devices;
- hot tubs, Jacuzzis, swimming pools, or whirlpools;
- manual home blood pressure monitors with cuff and stethoscope;
- mattresses, except for mattresses used in conjunction with a hospital bed and ordered by *Provider*. Commercially available standard mattresses not used primarily to treat an illness or injury (e.g., Tempur-Pedic® or Posturepedic® mattresses) are not covered. This is the case even if used in conjunction with a hospital bed, are not covered;
- breast prostheses and prosthetic arms and legs. For more information, see "Orthoses and prosthetic devices" later in this chapter;
- wheelchair trays;

#### Early intervention services

Services provided to *Members* from birth until their third birthday by early intervention programs that meet the standards established by the Rhode Island Department of Human Services. Early intervention services include, but are not limited to:

- Evaluation and case management
- Occupational therapy
- Nursing care
- Physical therapy
- Speech and language therapy
- Nutrition
- Service plan development and review
- Assistive technology services and devices

## Emergency care

Emergency room

#### Notes:

- See the Benefit Overview about cost sharing (i) for Emergency room services; (ii) for Observation services; (iii) if you are admitted as an Inpatient after receiving Emergency services; (iv) if you receive Day Surgery services; or (v) if you register in an Emergency room but leave that facility without receiving care.
- If you receive *Emergency Covered Services* from a *Non-Network Provider*, *We* will pay the *Provider* up to the *Reasonable Charge*. You will only be responsible for the applicable *Cost Sharing Amount*. You may receive a bill for these services. If you receive a bill, see "*Bills from Providers*" in Chapter 6; or call Member Services.

#### **Extended care services**

Extended care services are *Skilled* nursing, rehabilitation or chronic disease hospital services that are provided in a Medicare-certified:

- Skilled nursing facility;
- rehabilitation hospital; or
- chronic care hospital.

#### **Notes**

- Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels
  of Benefits
- Custodial Care is not covered.

## Family planning

Coverage is provided for *Outpatient* contraceptive services, including consultations, examinations, procedures and medical services, which are related to the use of all contraceptive methods that have been approved by the United States Food and Drug Administration (FDA).

#### Procedures

- sterilization; and
- pregnancy terminations.

#### Services

- medical examinations;
- birth control counseling
- consultations; and
- genetic counseling.

#### Contraceptives

- cervical caps;
- implantable contraceptives (e.g., Implanon® (etonorgestrel), levonorgestrel implants);
- Intrauterine devices (IUDs);
- Depo-Provera or its generic equivalent; and
- any other Medically Necessary contraceptive device that has been approved by the United States Food and Drug Administration.\*

#### Notes:

- Prior approval by an Authorized Reviewer is required for family planning procedures at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.
- We cover certain contraceptives, such as oral contraceptives, over-the-counter female contraceptives, and diaphragms, under the Prescription Drug Benefit. If those contraceptives are covered under that benefit, they are not covered here.
- In addition, please note that contraceptives and female sterilization procedures are covered in full. To determine
  whether a specific family planning service is covered in full or subject to a Cost Sharing Amount, see
  <a href="https://www.tuftshealthplan.com/documents/providers/payment-policies/preventive-services">https://www.tuftshealthplan.com/documents/providers/payment-policies/preventive-services</a> and
  <a href="https://www.hrsa.gov/womensquidelines2016/index.html">https://www.hrsa.gov/womensquidelines2016/index.html</a> Or call Member Services.

## **Hearing Aids**

Coverage is provided for

- one hearing aid per ear every three (3) years for Members up to age 19.
- one hearing aid per ear every three (3) years for *Members* age 19 and older.

## **Hemodialysis**

- Outpatient hemodialysis, including home hemodialysis; and
- Outpatient peritoneal dialysis, including home peritoneal dialysis.

<u>Note</u>: Prior approval by an *Authorized Reviewer* is required to receive services from a *Non-Network Provider* at the *In-Network Level of Benefits*.

#### Home health care

This is a *Medically Necessary* program to: (1) reduce the length of a hospital stay or; (2) delay or eliminate an otherwise *Medically Necessary* hospital admission. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out of Network Level of Benefits*. Coverage includes:

- home visits by a Network Provider;
- skilled nursing care and physical therapy;
- Medically Necessary private duty nursing care. A certified home health care agency needs to provide this care.;
- speech therapy;
- occupational therapy;
- medical/psychiatric social work;
- nutritional consultation;
- prescription drugs and medication;
- medical and surgical supplies (Examples include dressings, bandages and casts.);
- laboratory tests, x-rays, and E.K.G. and E.E.G. evaluations;
- the use of *Durable Medical Equipment*, and
- the services of a part-time home health aide.

#### Notes:

- Home health care services for speech, physical and occupational therapies may follow an injury or illness. If this
  occurs, the services for rehabilitation are only covered to the extent provided to restore function lost or impaired.
  This is described under "Speech, physical and occupational therapy services." However, those home health care
  services are not subject to: the rehabilitation visit limits listed under "Speech, physical and occupational therapy
  services."
- Sleep studies performed in the home are not covered under this Home health care benefit; these sleep studies are covered as described under "Diagnostic testing" earlier in this chapter.

## Hospice care services

Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

We will cover the following services for *Members* who are terminally ill (having a life expectancy of 6 months or less):

- Provider services:
- nursing care provided by or supervised by a registered professional nurse;
- social work services;
- volunteer services; and
- counseling services (including bereavement counseling services for the Member's family for up to one year following the Member's death).

"Hospice care services" are defined as a coordinated licensed program of services provided, during the life of the *Member*, to a terminally ill *Member*. Such services can be provided (i) in a home setting; (ii) on an *Outpatient* basis; and (iii) a short-term *Inpatient* basis, for the control of pain and management of acute and severe clinical problems which cannot, for medical reasons, be managed in a home setting.

## Hospital Inpatient care (acute care)

- anesthesia;
- diagnostic tests and lab services;
- drugs;
- dialysis;
- intensive care/coronary care;
- nursing care;

- physical, occupational, speech, and respiratory therapies;
- Provider's services while hospitalized;
- radiation therapy;
- semi-private room (private room when Medically Necessary); and
- surgery (See "Surgery" later in this chapter)

Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Level of Benefits.

#### House calls

Covered Services in the home or residence include preventive services, diagnostic treatment, and follow-up care as appropriate and in accordance with federal and state law. A licensed or certified medical or behavioral health *Provider* must provide this care.

Certain services provided during the course of a house call may require approval by an *Authorized Reviewer* for coverage to apply. Please see the Benefit Overview to determine which services require approval.

The Cost Sharing Amount that applies to these services will depend on the type of service provided to you. When you receive a Covered Service in your home or residence (other than Home Health Care), you will pay the same Cost Sharing Amount that applies to that service when it is provided in an office or facility setting. For example, if you receive a home visit with a specialist, you will pay the same Cost Sharing Amount that applies to an office visit with that specialist. In addition, diagnostic imaging and diagnostic laboratory tests provided during an at-home visit will take the Cost Sharing Amounts listed under "Diagnostic imaging" and "laboratory tests in the Benefit Overview.

## Human leukocyte antigen testing or histocompatibility locus antigen testing

For use in bone marrow transplantation when necessary to establish a *Member's* bone marrow transplant donor suitability.

Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

Testing must be performed at a facility accredited by the American Association of Blood Banks or its successors.

#### Immunizations and vaccinations

Coverage is provided as recommended by the Advisory Committee on Immunization Practices of the Center for Disease Control and Prevention (CDC), including travel vaccines.

## Infertility services

Diagnosis and treatment of infertility in accordance with Rhode Island General Law §27-18-30 including standard fertility-preservation services for *Members* not in active infertility treatment when a *Medically Necessary* medical treatment may directly or indirectly cause iatrogenic infertility. "Standard fertility-preservation services" means procedures consistent with established medical practices and professional guidelines published by the American Society for Reproductive Medicine, the American Society of Clinical Oncology, or other reputable professional medical organizations. "latrogenic infertility means an impairment of fertility by surgery, radiation, chemotherapy, or other medical treatment affecting reproductive organs or processes.

#### (I.) Diagnosis of Infertility:

Diagnostic procedures and tests are covered when provided in connection with an infertility evaluation when approved in advance by an *Authorized Reviewer* at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.

(II.) <u>Treatment of infertility</u>: Infertility is defined as the condition of a <u>Member</u> who has been unable to conceive or produce conception during a period of one year. <u>Attempts at conception to satisfy the diagnosis of Infertility may be done naturally or through artificial insemination</u>. For purposes of meeting the criteria for infertility, if a person conceives but is unable to carry that pregnancy to live birth, the period of time she attempted to conceive prior to achieving that pregnancy shall be included in the calculation of the one year.

The following procedures are Covered Services when approved in advance by an Authorized Reviewer at the In-Network Level of Benefits and Out-of-Network Levels of Benefits for Members with a diagnosis of infertility who also:

- meet Our eligibility requirements, which are based on the Member's medical history; and
- meet the eligibility requirements of Our contracting Infertility Services Providers.

<u>Note</u>: With respect to non-*Member* donors of sperm or eggs, procurement or processing of donor sperm or eggs will be considered *Covered Services* to the extent such costs are not covered by the donor's health care coverage, if any.

A. Assistive Reproductive Technology ("ART") procedures, including:

- In-vitro fertilization (IVF) and/or embryo transfer (ET)
- Frozen embryo transfer (FET)
- Gamete intra-fallopian transfer (GIFT)
- Donor oocyte (DO/IVF)
- Donor embryo/frozen embryo transfer (DE/FET)
- Intracytoplasmic sperm injection (ICSI)
- Assisted hatching (AH)
- Cryopreservation of embryos/blastocysts
- Cryopreservation of sperm
- Cryopreservation of oocytes

Members who meet the criteria for infertility who also have a documented medical contraindication to pregnancy, are using their own eggs, and are self-paying for a gestational carrier or surrogate, may be authorized for ovarian stimulation, egg retrieval and fertilization. Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits. For further details on what services are available to a Member who meets the definition of infertility, please see the Medical Necessity Guidelines on Our website at: <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview">https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview</a> Or call Member Services.

#### B. Other related treatments including:

- artificial insemination (intrauterine or intracervical);
- gonadotropin medication (FSH);
- artificial insemination (intrauterine or intracervical) used in conjunction with gonadotropin medication; and
- procurement and processing of eggs or inseminated eggs or storage of inseminated eggs when associated with active infertility treatment.
- cryopreservation of eggs (less than 24 months).

Note: Donor sperm is only covered when the partner has a diagnosis of male factor infertility.

For more information, please call Member Services and see the *Medical Necessity* Guidelines on *Our* website.

## (III.) Preimplantation Genetic Diagnosis (PGD) testing with IVF:

PGD testing is covered when either of the partners is a known carrier for certain genetic disorders. In addition to the Infertility Services provided in connection with Rhode Island law (as described above), PGD testing with IVF may be covered for *Members* who do not have a diagnosis of infertility in certain circumstances when the fetus would be at risk for an inherited genetic disorder associated with severe disability and/or premature death. Prior approval by an *Authorized Reviewer* is required for PGD testing at the *In-Network* and *Out-of-Network Levels of Benefits*. For more information, call Member service. Also see the *Medical Necessity* Guidelines for "Preimplantation Genetic Diagnosis" on *Our* website at: <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview.">https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview.</a>

Note: Oral and injectable drug therapies may be used in the treatment of infertility when associated with the Covered Services above. These therapies are considered Covered Services when (i) the Member is covered by a Prescription Drug Benefit; and (ii) the Member has been approved for associated infertility treatment. See the Prescription Drug Benefit section for your Cost Sharing Amount.

## Injectable, infused, or inhaled medications

Coverage is provided for injectable, infused or inhaled medications that are: (1) required for and are an essential part of an office visit to diagnose and treat illness or injury; or (2) received at home with drug administration services by a home infusion *Provider*. Medications may include, but are not limited to, total parenteral nutritional therapy, chemotherapy, and antibiotics.

#### Notes:

- Prior authorization and quantity limits may apply.
- Intravenous Immunoglobulin (IVIg) therapy is covered for the treatment of Pediatric Autoimmune Neuropsychiatric Disorders and Pediatric Acute-Onset Neuropsychiatric Syndromes under this benefit.
- Coverage includes the components required to administer these medications, including, but not limited to, hypodermic needles and syringes, *Durable Medical Equipment*, supplies, pharmacy compounding, and delivery of drugs and supplies.
- Medications that are listed on Our website as covered under a Tufts Health Plan pharmacy benefit are not covered under this benefit. For more information, call Member Services or check Our website.

## Laboratory tests

Coverage includes, but is not limited to, blood tests, urinalysis, throat cultures, glycosylated hemoglobin (A1c) tests, genetic testing, and urinary protein/microalbumin and lipid profiles.

#### Notes:

- Laboratory tests must be ordered by a licensed Provider (e.g., a physician, physician assistant, or nurse practitioner) and performed at a licensed laboratory.
- Prior approval by an Authorized Reviewer is required for some laboratory tests at the In-Network and Out-of-Network Levels. An example of this is genetic testing. For a complete list of laboratory tests subject to prior approval, see the Medical Necessity Guidelines on Our website.
- Please note that certain laboratory tests associated with routine preventive care are covered in full when billed in accordance with Our Preventive Services Payment Policy. An example of this is the colorectal cancer screening test Cologuard. If a laboratory test is not billed according to this policy, it will be subject to the Member Cost Sharing Amount for "Laboratory tests" specified in the "Benefit Overview" For additional information on this policy, Please see Our website at <a href="https://www.tuftshealthplan.com/documents/providers/payment-policies/preventive-services">https://www.tuftshealthplan.com/documents/providers/payment-policies/preventive-services</a>.

#### Lead screening

In accordance with Rhode Island law, coverage is provided for (1) lead screening related services, and (2) diagnostic evaluations for lead poisoning.

#### Lyme Disease

Medically Necessary diagnostic testing and, to the extent not covered under a Prescription Drug Benefit, long-term antibiotic treatment of chronic Lyme disease. Treatments for Lyme disease otherwise eligible for coverage under this benefit will not be denied solely because such treatment may be characterized as unproven, Experimental or Investigative.

#### **Mammograms**

See "Diagnostic or preventive screening services" and "Preventive health care"

## Mastectomy care

The following services in connection with mastectomy are covered:

- surgical procedures known as a mastectomy;
- axillary node dissection;
- reconstruction of the breast affected by the mastectomy,
- surgery and reconstruction of the other breast to produce a symmetrical appearance, and
- prostheses\* and treatment of physical complications of all stages of mastectomy (including lymphedema).

**Note:** \*Breast prostheses are covered as described under "Orthoses and prosthetic devices" later in this chapter.

Inpatient care in hospital for mastectomies is covered for (1) a minimum of 48 hours following a surgical procedure known as a mastectomy; and (2) a minimum of 24 hours following an axillary node dissection. Any decision to shorten this minimum coverage shall be made by the attending *Provider* in consultation with and upon agreement by the *Member*. Coverage shall also include a minimum of one home visit conducted by a *Provider* or registered nurse.

Removal of a breast implant is covered when:

- the implant was placed post-mastectomy;
- there is documented rupture of a silicone implant; or
- there is documented evidence of auto-immune disease or infection.

<u>Important</u>: No coverage is provided for the removal of ruptured or intact saline breast implants or intact silicone breast implants except as specified above.

**Note:** Cosmetic surgery is not covered

## Maternity care

Outpatient coverage for routine and non-routine care, including:

- Prenatal care, exams and tests;
- Postpartum care provided in a *Provider's* office.

**Note:** *Member* cost-sharing will apply to diagnostic tests or diagnostic laboratory tests when they are ordered as part of routine maternity care. See "Diagnostic testing" and "Laboratory tests" for information on your *Cost Sharing Amounts* for these services,

Inpatient coverage includes:

- · Hospital and delivery services; and
- Well newborn Child care in hospital.
- Inpatient hospital care in the hospital for mother and newborn Child for at least:
  - 48 hours following a vaginal delivery; and
  - 96 hours following a caesarean delivery.

The newborn *Child's* coverage consists of coverage of injury or sickness. This includes necessary care and treatment of medically diagnosed congenital defects and birth abnormalities, as well as routine well-baby care services.

No prior approval is required for the minimum hospital stay. There is no requirement that the mother give birth in a hospital to qualify for this minimum hospital stay. Hospital length of stay begins at the time of delivery if delivery occurs in a hospital and at time of admission in connection with childbirth if delivery occurs outside the hospital. Any decision to shorten these minimum coverages shall be made by the attending health care provider in consultation with the mother. (This may be the attending obstetrician, pediatrician, family practitioner, general practitioner, or certified nurse midwife attending the mother and newborn *Child*).

Under this Maternity benefit, you may choose to receive certain services from a doula. A "doula" or "perinatal doula" is a trained non-medical professional who provides physical, emotional, and informational support to pregnant individuals and their partners before, during, and after pregnancy. Doulas are not medical professionals. They do not deliver babies, provide medical diagnosis, treatment, or advice. They do not administer medications.

Doula services are covered per pregnancy as follows (no prior approval required). Please call Member Services at (800) 682-8059 to locate a doula.\*

- Up to two (2) visits before birth (in-person or via telemedicine)
- Attendance during labor and delivery

After delivery, Covered Services (in-person or via telemedicine) include:

- one (1) home visit by a registered nurse, certified nurse midwife, or other *Provider*, or
- two (2) home visits by a doula.

Additional home visits may be included when *Medically Necessary*. Examples of *Covered Services* include, but are not be limited to, parent education, assistance and training in breast or bottle feeding, and the performance of any clinical tests, as appropriate

\*When you choose a certified doula in *Our* network. you will be covered at the *In-Network Level of Benefits*, If *Covered Services* are received from an out-of-network doula who is practicing in accordance with applicable laws (if any), services are covered at the *Out-of-Network Level of Benefit*.

#### Notes:

- Travel expenses and mileage for an in-home visit by any Provider, including a doula, are not covered.
- Duplicative Covered Services within a doula's professional competence will not be reimbursed. If a doula provides a Covered Service, that same service will not also be covered when received from another Provider; and if another Provider provides a Covered Service, that same service will not also be covered when received from a doula. As an example, if you receive lactation services from a doula, we do not cover those services from another Provider such as a registered nurse or lactation consultant.
- The following are not covered doula services or expenses:
  - Any child care services or services for children other than the newborn
  - Housekeeping assistance
  - Doula services provided in connection with home births (since home births are not *Covered Services* under this plan).

#### In accordance with federal law (42 U.S.C. § 300gg-25), Tufts Health Plan shall not:

- 1. deny to the mother or her newborn child eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan or coverage, solely for the purpose of avoiding the requirements of this section;
- 2. provide monetary payments or rebates to mothers to encourage such mothers to accept less than the minimum protections available under this section;
- 3. penalize or otherwise reduce or limit the reimbursement of an attending provider because such provider provided care to an individual participant or beneficiary in accordance with this section;
- 4. provide incentives (monetary or otherwise) to an attending provider to induce such provider to provide care to an individual participant or beneficiary in a manner inconsistent with this section; or
- 5. restrict benefits for any portion of a period within a hospital length of stay required in a manner which is less favorable than the benefits provided for any preceding portion of such stay.

## Medical supplies

We cover the cost of certain types of medical supplies, including ostomy, tracheostomy, and catheter supplies, and insulin pumps. The supplies must come from an authorized vendor.

**Note**: Call Member Services with coverage questions. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.

## **Nutritional** counseling

Coverage is provided for nutritional counseling when prescribed by a physician and performed by a registered dietician/nutritionist. Nutritional counseling visits are covered:

- when *Medically Necessary*, for the purpose of treating an illness. See the "Nutritional Counseling" in the "Benefit Overview" for the applicable *Cost Sharing Amount*, or
- as preventive services, including preventive obesity screening and counseling services, healthy diet counseling, and behavior change and counseling. In accordance with the Affordable Care Act, preventive services that are currently recommended by the U.S. Preventive Services Task Force (USPSTF) are covered in full at the *In-Network Level of Benefits*.

Note: Weight loss programs and clinics are not covered.

## Office visits to diagnose and treat illness or injury

Coverage includes, but is not limited to, office visits for evaluations and consultations; *Medically Necessary* evaluations and related health care services for acute or *Emergency* gynecological conditions and visits to a *Limited Service Medical Clinic*. For coverage of services may be related to these office visits, see "Diagnostic imaging", "Diagnostic tests", and "Laboratory tests".

#### Oral health services

The services described in this section are in addition to services described under "Pediatric dental care for *Members* up to age 19" later in this chapter.

The following oral services are covered. Before receiving a service, call Member Services to determine if the service is a *Covered Service*.

- Emergency care
  - X-rays and *Emergency* oral surgery in an Emergency room to temporarily stabilize damaged tissues or reposition sound, natural and permanent teeth that have moved or have broken due to injury. You must receive this care within 48 hours after the injury. The injury must have been caused by a source outside the mouth.
- Non-Emergency care (See "Pediatric dental care for Members up to age 19" for coverage under that benefit) The following services are covered, with the prior approval of an Authorized Reviewer, in an Inpatient or Day Surgery setting, and include hospital/facility, Provider, and surgical charges:
  - Extraction of seven or more permanent teeth during one visit
  - Surgical treatment of skeletal jaw deformities
  - Surgical repair related to Temporomandibular Joint Disorder

In addition, surgical removal of impacted or unerupted teeth when embedded in bone is covered in an *Inpatient, Day* Surgery, or office setting. *Covered Services* include hospital/facility, *Provider*, and surgical charges. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits* only if the services are received in an *Inpatient* or *Day Surgery* setting.

#### **Important Notes:**

- Certain services may be covered under the "Pediatric dental care for *Members* up to age 19" benefit later in this chapter. Please see that benefit for more information, including information about prior approval requirements.
- See *Our* website <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview">https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/overview</a> to view guidelines for these services in an *Inpatient* setting, entitled "Dental Procedures Requiring Hospitalization". Call Member Services for additional information.
- Coverage does not apply to Non-*Emergency* oral health services provided by a dentist. *Members* must receive these services from an oral surgeon.
- X-rays performed in association with Non-Emergency oral health services are covered as described under "Diagnostic imaging."

## Orthoses and prosthetic devices

We cover the cost of orthoses and prosthetic devices (including repairs.), as required by Rhode Island law. This includes coverage of breast prostheses as required by federal law.

Coverage is provided for the most appropriate model that adequately meets the *Member's* needs. His or her treating *Provider* decides this. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out of Network Level of Benefits*.

- Orthoses means a custom fabricated brace or support that is designed based on Medical Necessity. Note: See "Durable Medical Equipment" for information about prefabricated orthoses that may be covered.
- Prosthesis means an artificial medical device that is not surgically implanted; and that is used to replace a missing limb, appendage, or other external human body part including an artificial limb, hand, or foot.

Breast prostheses are covered as required by federal law. Breast prostheses require prior approval by an *Authorized Reviewer* EXCEPT when provided in connection with a mastectomy as required by Rhode Island law.

## Pap tests (cervical cancer screening)

One annual screening for women age 18 and older, or as otherwise *Medically Necessary*.

#### Preventive health care

#### Important Information about Preventive Services:

Your coverage level under this plan will differ for **preventive services** compared to **diagnostic services**.

- <u>Diagnostic services are subject to Member Cost Sharing Amounts.</u> For these Cost Sharing Amounts, see the Benefit Overview at the beginning of this document.

#### Preventive health care for Members through age 19

Coverage is provided for pediatric preventive care for a Child from birth through age 19

- In accordance with the guidelines established by the American Academy of Pediatrics, and
- As required by Rhode Island General Laws Section § 27-38.1;
- Includes coverage for hearing screenings in accordance with state and federal law.

**Note:** Any follow-up care determined to be *Medically Necessary* as a result of a routine physical exam is subject to office visit *Cost Sharing Amount*.

#### Preventive health care for Members age 20 and older

- Routine physical examinations, which include appropriate immunizations and lab tests as recommended by a Network Provider;
- Routine annual gynecological exam, which includes any follow-up obstetric or gynecological care *We* decide is *Medically Necessary* based on that exam; and
- Hearing examinations and screenings.

#### Note:

- Any follow-up care determined to be *Medically Necessary* as a result of a routine physical exam or a routine annual gynecological exam is subject to an office visit Cost Sharing Amount at the *In-Network Level of Benefits*.
- If you have any questions about whether specific services are considered preventive under the ACA, please call Member Services.

## Private duty nursing services in the Member's home

Coverage is provided for private duty nursing services that are:

- Medically Necessary;
- ordered by a physician;
- received in the Member's home for a Member who is homebound\*; and
- performed by a certified home health care agency by a licensed nurse (RN or LPN).
  - \* To be considered homebound, you do not have to be bedridden. However, your condition should be such that there exists a normal inability to leave the home and, consequently, leaving the home would require a considerable and taxing effort. If you leave the home, you may be considered homebound if the absences from the home are infrequent or for periods of relatively short duration, or to receive medical treatment.

Private duty nursing services are only covered when the patient requires continuous skilled nursing observation and intervention. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits* for these services.

Important Notes: The following services do not qualify as Covered Services under this benefit:

- Services of a private duty nurse:
  - when the primary duties are limited to bathing, feeding, exercising, homemaking, giving oral medications or acting as companion or sitter,
  - who is a member of your household or the cost of any care provided a *Member's* relatives (by blood, marriage or adoption),
  - after the caregiver or patient has demonstrated the ability to carry out the plan of care,
  - provided outside the home (for example, school, nursing facility or assisted living facility),
  - that duplicate or overlap services (for example, when a person is receiving hospice care services or for the same hours of a skilled nursing home care visit), or
  - that are for observation only; or
- Services of a nurse's aide; or
- Care for a person without an available caregiver in the home (twenty-four hour private duty nursing is not covered);
- Maintenance care when the condition has stabilized (including routine ostomy care or tube feeding administration) or if the anticipated need is indefinite; or
- Respite care (for example, care during a caregiver's vacation) or private duty nursing so that the caregiver may attend work or school.

## Radiation therapy

Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

## Respiratory therapy/pulmonary rehabilitation services

#### Scalp hair prostheses or wigs

Scalp hair prostheses or wigs when needed for hair loss suffered as a result of the treatment for any form of cancer or leukemia or certain pathologic conditions such as: alopecia areata, alopecia totalis, alopecia medicamentosa, or permanent loss of scalp hair due to injury.

## Smoking cessation counseling services

Including individual, group, and telephonic smoking cessation counseling services that:

- are provided in accordance with current guidelines established by the United States Department of Health and Human Services; and
- meet the requirements of the federal Patient Protection and Affordable Care Act.
- meet the requirements of the Rhode Island Office of the Health Insurance Commissioner Regulation 14.

<u>Note</u>: Coverage is also provided for prescription smoking cessation agents and generic over-the-counter smoking cessation agents when prescribed by a physician. For more information, see the "What is Covered" provision within the "Prescription Drug Benefit" section later in this chapter.

## Special medical formulas

A *Provider* must prescribe the following. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.

#### Low protein foods:

When given to treat inherited diseases of amino acids and organic acids.

#### Non-prescription enteral formulas:

For home use for treatment of malabsorption caused by Crohn's disease, ulcerative colitis, gastroesophageal reflux, gastrointestinal motility, chronic intestinal pseudo-obstruction, and inherited diseases of amino acids and organic acids.

## Speech, physical and occupational therapy services (includes rehabilitative and *Habilitative* services)

Coverage is provided for *Habilitative* services that are *Medically Necessary* as required by state and federal law. Coverage is provided for rehabilitative services when provided to restore function lost or impaired as the result of an accidental injury or sickness and include cognitive rehabilitation and retraining. Prior approval by an *Authorized Reviewer* is required.

Massage therapy may be covered as a treatment modality. This is the case when done as part of a physical therapy visit that is:

- provided by a licensed physical therapist; and
- in compliance with *Tufts Health Plan's Medical Necessity* guidelines. See information at the beginning of this chapter for how to locate guidelines on the *Tufts Health Plan* website. Or call Member Services.

**Note**: Separate speech, physical and occupational therapy visit limits for *Habilitative* services and rehabilitative services are described in the Benefit Limit section at the beginning of this document.

## Surgery -- Hematopoietic stem cell transplants, and human solid organ transplants Services provided to *Members*.

- Requires prior approval by an Authorized Reviewer.
- Must be provided at a *Tufts Health Plan* designated transplant facility.
- We pay for charges incurred by the donor in donating the stem cells or solid organ to the *Member*. However, We will do this only to the extent that charges are not covered by any other health care coverage. This includes
  - Evaluation and preparation of the donor; and
  - Surgery and recovery services related directly to donating the stem cells or solid organ to the Member.

## Notes:

- We do not cover donor charges of Members who donate stem cells or solid organs to non-Members.
- We cover a Member's donor search expenses for donors related by blood.
- We cover the Member's donor search expenses for donors not related by blood when Medically Necessary.
   These services are only covered to the extent such services are not covered by any other plan of health benefits or health care coverage.
- We cover a *Member's* human leukocyte antigen (HLA) testing. See "*Outpatient* medical care" for more information.

#### Surgery -- in a Provider's office

Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

## Surgery -- Gender affirming procedures and related services\*

Coverage is provided for gender affirming procedures, pre-operative and post-operative services related to the surgery, and prescription drugs and behavioral health care services for *Members* undergoing the gender affirming process. *Covered Services* include:

- Inpatient services for Members undergoing gender affirming surgery and related surgical procedures. These
  services are covered as described under "Hospital Inpatient services (acute care)" or "Surgery Reconstructive
  surgery and procedures.
- Day Surgery for surgical procedures related to the gender affirming surgery. These services are covered as described under "Day Surgery" earlier in this chapter.
- Outpatient medical care (pre-operative or post-operative) related to gender affirming surgery. These services are covered as described under "Office visits to diagnose and treat illness or injury", earlier in this chapter.
- Behavioral health care services (pre-operative or post-operative) related to gender affirming procedures or the
  gender affirming process. These services are covered as described under "Behavioral health and substance use
  disorder services", later in this chapter.
- Prescription medications required as part of the gender affirming process. These medications are covered as
  described under the "Prescription Drug Benefit", later in this chapter.
- Speech therapy services, including voice modification and communication therapy necessary to develop vocal
  characteristics and non-verbal communication patterns consistent with the *Member's* gender identity and/or gender
  expression. These services are covered under "Speech, physical, and occupational therapy services," earlier in this
  chapter

Services must be approved in advance by an *Authorized Reviewer* at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*. *Members* must meet specific *Medical Necessity* Guidelines in order for these services to be covered. Gender affirming surgical procedures and related services only qualify as *Covered Services* when they are obtained within the 50 United States. For more information, please contact *Member* Services.

## Surgery -- Reconstructive surgery and procedures, and surgery to treat functional deformity or impairment\*

Coverage is provided for the cost of services required to relieve pain or to restore a bodily function impaired as a result of: a congenital defect; a birth abnormality; a traumatic injury; or a covered surgical procedure. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.

#### Telemedicine services

We cover Medically Necessary telemedicine services for the purpose of diagnosis, consultation, or treatment in the same manner as an in-person consultation. Telemedicine services substitute for an in-person consultation with a Network Provider when determined to be Medically Necessary and clinically appropriate. Visits are available for both medical and behavioral health/substance use disorder services.

Telemedicine includes the delivery of clinical healthcare services by use of real time, two-way synchronous audio, video, telephone-audio-only communications or electronic media or other telecommunications technology including, but not limited to: online adaptive interviews, remote patient monitoring devices, audiovisual communications, including the application of secure video conferencing or store-and-forward technology to provide or support healthcare delivery. "Telemedicine" does not include email message, or facsimile transmission between the provider and patient, or an automated computer program used to diagnose and/or treat ocular or refractive conditions.

You may receive telemedicine services from:

- A Network or Non-Network Provider. You will follow the same referral rules and pay the same Cost Sharing Amount for a telemedicine visit as an in-person office visit with that Provider.
- Our designated telemedicine vendor. These services are referred to as "telehealth services"

See "Telemedicine services" in the Benefit Overview for applicable Cost Sharing Amounts.

**Important Note:** Certain telemedicine services, for example, remote patient monitoring, are only available through a *Network Provider*, not through our designated telemedicine vendor.

## **Urgent Care**

This plan covers *Urgent Care* services. These are services provided to you when your health is not in serious danger; but you need immediate medical attention for an unforeseen illness or injury. Examples of illnesses or injuries in which urgent care might be needed include:

- a broken or dislocated toe
- a cut that needs stitches but is not actively bleeding
- sudden extreme anxiety;
- symptoms of a urinary tract infection

*Urgent Care* services are primarily for patients who have an injury or illness that requires immediate care but is not serious enough for a visit to an Emergency room.

Important Notes: See "Emergency and Urgent Care" in Chapter 1 for details. See "Emergency and Urgent Care" in Chapter 1 for details about Urgent Care at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

#### Vision care services

Routine eye examination for *Members* age 19 and over: Coverage is provided for one routine eye examination every Contract Year. (*In-Network* and *Out-of-Network Levels* combined.) **Note**: You must receive routine eye examinations from a *Provider* in the **EyeMed Vision Care** network. See Our website or contact Member Services for more information.

#### Other vision care services:

Coverage is provided for eye examinations and necessary treatment of a medical condition. Prior approval by an *Authorized Reviewer* is required at the *In-Network Level of Benefits* and *Out-of-Network Levels of Benefits*.

#### Note:

 One pair of eyeglass lenses and standard frames will be covered following a Member's cataract surgery or other surgery to replace the natural lens of the eye in each Contract Year, when the Member does not receive an intraocular implant. See "Benefit Overview" earlier in this document to determine the Cost Sharing Amount applicable to these lenses and frames. Prior approval by an Authorized Reviewer is required at the In-Network Level of Benefits and Out-of-Network Levels of Benefits.

## Pediatric vision care for Members under age 19

Limitations and Cost Sharing Amounts for pediatric vision care are described in the "Benefit Overview" section earlier in this document.

Note: For these services, "under age 19" means the last day of the month in which a Member's 19th birthday occurs.

## **Diagnostic Benefits**

#### Eye Exam:

- New patient exam;
- Established patient exam;
- Routine eye exam with refraction for new or established patient.

#### Contact Lens Fit and Follow-Up:

- Standard contact lens fit and follow-up;
- Premium contact lens fit and follow-up.

#### **Eyewear Benefits**

#### Lenses:

- Single vision lenses;
- Conventional (lined) bifocal lenses;
- Conventional (lined) trifocal lenses; and
- Lenticular lenses.

#### Notes:

- Lenses include choice of glass or plastic lenses, all lens powers (single vision, bifocal, trifocal, lenticular), solid
  and gradient tinting.
- Polycarbonate lenses are covered in full for *Children*.
- All lenses include scratch resistant coating with no additional charge.

#### Frames (from a limited collection of frames)

#### Contact Lenses (coverage includes material only)

- Extended wear disposables
- Daily wear disposables
- Medically Necessary/Conventional

#### Other Pediatric Vision Services

#### Optional lenses and treatments

- Tint (fashion & gradient & glass-grey)
- Standard plastic scratch and coating
- Standard polycarbonate Children under 19
- Standard anti-reflective coating
- UV treatment
- Polarized
- Photochromatic/Transitions plastic
- Oversized

#### Low Vision Services

Low vision is a significant loss of vision but not total blindness. Ophthalmologists and optometrists specializing in low vision care can evaluate and prescribe optical devices and provide training and instruction to maximize the remaining usable vision for *Members* with low vision. See "Benefit Overview" for more information

<u>Important Note</u>: Contact lenses may be determined to be *Medically Necessary* in the treatment of the following conditions: keratoconus, pathological myopia, aphakia, anisometropia, aniseikonia, aniridia, corneal disorders, post-traumatic disorders, and irregular astigmatism. *Medically Necessary* contact lenses are dispensed in lieu of other evewear.

<u>Important Providers information</u>: Call EyeMed at 1-866-939-3633 for the names of EyeMed providers and to receive a prior authorization number.

## Pediatric dental care for Members up to age 19

Note: For these services, "up to age 19" means the last day of the month in which a Member turns 19 years old.

This pediatric dental benefit is administered by DentaQuest USA Insurance Company, Inc. To find a dentist for your *Dependent Child*, call toll free at 844-241-5612. Or visit their website: <a href="http://www.dentaquest.com/members">http://www.dentaquest.com/members</a>.

If you have any questions about what your pediatric dental benefit covers or how a claim was paid, call DentaQuest Customer Service Department toll free at 844-241-5612. DentaQuest's automated information line is available 24 hour a day, seven days a week. Customer service representatives are available Monday - Friday from 8:00 am – 5:00 pm.

To find a participating provider you may also visit <a href="http://www.dentaquest.com">http://www.dentaquest.com</a>. Dental claims and written correspondence should be sent to:

DentaQuest P.O. Box 2906 Milwaukee, WI 53201-2906

The following are examples of covered dental services under the dental categories covered under this plan:

#### **Basic services**

#### Preventive and Diagnostic

- Prophylaxis (cleanings): Twice per calendar year
- Topical application of fluoride Twice per calendar year
- Sealants for unrestored permanent molars: Once every 36 months.\*
- Space maintainers: Once every 60 months for lost deciduous (baby) teeth
- Periodic oral evaluations: Twice per calendar year
- Bitewing X-rays for Children: Two sets per calendar year
- X-ray series and panoramic film: Once every 60 months\*
- Single tooth x-rays. As required

#### Intermediate services

#### Minor restorative

- Amalgam (silver) fillings on any teeth.
- Composite (white) fillings on front teeth only. For composite fillings on back teeth, the plan pays up to what would have been paid for amalgam filling.
- Repairs to existing partial or complete dentures: Once per calendar year
- Re-cementing Crowns or Bridges: Once every 60 months\*
- Rebasing or relining partial or complete dentures: Once every 36 months\*

#### **Endodontic Services**

Root canal therapy

## Oral Surgery

- Extractions and other routine oral surgery covered when not covered by medical plan.
- IV/sedation/general anesthesia for certain complex surgical procedures

#### **Palliative Treatment**

Minor procedures necessary to relieve acute pain

#### Major services:

Services listed in this section are subject to dental review and alternate benefit. Pre-treatment estimate is recommended.

#### Major Restorative Services:

Crowns, build-up, posts/core: Covered over natural teeth when teeth cannot be restored with regular fillings.
 Replacement limited to once every 60 months\*

#### Periodontic services

- Periodontal maintenance following active therapy: Twice per calendar year
- Root planing and scaling: Once per quadrant every 24 months\*
- Osseous (bone) surgery (bone grafts are not covered): Once per quadrant every 36 months\*
- Gingivectomies: Once per site every 24 months\*

#### Prosthodontic services

- Bridges and Crowns over Implants. Replacement is limited to once every 60 months\*
- Partial and Complete dentures: Replacement is limited to once every 60 months\*
- Surgical Placement of Endosteal Implants and Abutment: Once per tooth per lifetime

#### Orthodontia

- Medically Necessary orthodontia is covered for Members up to age 19 (see Note above).
- Patient must have severe and handicapping malocclusion as defined by HLD index score of at least 22 and/or one
  or more auto qualifiers, such as cleft palate or other specified craniofacial anomaly.
- Prior authorization is required.
- Offered to *Dependent Children* only. *Dependent Children* are covered for orthodontic services until their 19th birthday. Orthodontic benefits end at cancellation of coverage

You will pay more for services received from a dentist who does not belong to the Denta Quest contracted network ("out-of-network" or non-participating dentist). If you visit a non-participating dentist (i.e., a dentist who is "out-of-network"), after you pay any applicable *Deductible* and the schedule amount, you may also pay the difference between the non-participating dentist's charge and the amount *We* pay. The Denta Quest payment varies.

<sup>\*</sup> Time limits on services (e.g. 6, 12, 24, 36 or 60 months) are computed to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the following year on July 2 or after.

## **Prescription Drug Benefit**

#### Introduction

This section describes the prescription drug benefit. These topics are included in here. They explain your prescription drug coverage:

- How Prescription Drugs Are Covered;
- What is Covered
- What is Not Covered
- Tufts Health Plan Pharmacy Management Programs
- Filling Your Prescription
- Filling Prescriptions for Maintenance Medications

## **How Prescription Drugs Are Covered**

Prescription drugs will be considered *Covered Services* only if they comply with the "*Tufts Health Plan* Pharmacy Management Programs" section described below and are: (i) listed below under "What is Covered"; (ii) approved by the United States Food and Drug Administration (FDA); (iii) provided to treat an injury, illness, or pregnancy; and (iv) *Medically Necessary*;

The "Prescription Drug Benefit" table in the Benefit Overview describes your prescription drug Cost Sharing Amounts and dispensing limits under this plan.

We place all covered drugs into a "tier". Each tier has its own Cost Sharing Amount. Tier-1 drugs have the lowest Cost Sharing Amount. Tier-2 drugs have the middle Cost Sharing Amount. Tier-3 drugs have a higher Cost Sharing Amount. Tier-4 drugs have the highest Cost Sharing Amount.

#### Notes:

- There are a limited number of medical drugs and supplies identified on the formulary as medical. These drugs and supplies are covered under your medical benefits but may be obtained at a retail pharmacy (for instance, spacers for asthma treatment).
- Certain prescribed, self-administered (including oral) anticancer medications used to kill or slow the growth of cancerous cells are covered. See the Benefit Overview for applicable *Cost Sharing Amounts*.

Certain drugs on our formulary are designated as part of our low cost drug program. Your retail pharmacy *Copayments* for these low cost drugs are \$5 for up to a 30-day supply and \$10 for a 31-90 day supply. Please see the website at <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefits/pharmacy-benefits/pharmacy-formularies">https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefits/pharmacy-formularies</a> or call Member Services for more information.

## What is Covered

We cover the following under this Prescription Drug Benefit. For a current list of covered drugs see *Our* website at: <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefits/pharmacy-benefit/pharmacy-formularies">https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefi

- Prescribed drugs (including hormone replacement therapy for peri and post-menopausal women) that
  - by law require a prescription; and
  - are not listed under "What is Not Covered": (see "Important Notes" below).
- Test strips for glucose monitors and/or visual aid reading, Insulin, syringes, injection aids, cartridges for the legally blind; oral agents for controlling blood sugar levels, and continuous glucose monitors (CGMs) and related CGM supplies. Some of these products may be subject to prior authorization.
- In accordance with Rhode Island and federal law, generic and brand contraceptives, including: oral contraceptives, diaphragms, and other self-administered hormonal contraceptives (e.g., patches, rings) that by law require a prescription; and FDA-approved over-the-counter female contraceptives (e.g., female condoms, contraceptive spermicides) when prescribed by a licensed *Provider* and dispensed at a pharmacy pursuant to a prescription, are covered in full. Certain brand drugs may be covered when requested through the Formulary Exception Process by your *Provider*.

**Note**: This Prescription Drug Benefit only describes contraceptive coverage as stated above. .See "Family planning" earlier in this chapter for information about other contraceptive drugs and devices that qualify as *Covered Services*.

- Fluoride for Children.
- Injectables and biological serum included in the list of covered drugs on *Our* website. *Medically Necessary* hypodermic needles and syringes required to inject these medications are also covered. For more information, call Member Services or see *Our* website.
- Prefilled sodium chloride for inhalation (both prescription and over-the-counter).
- Off-label use of FDA-approved prescription drugs used in the treatment of cancer or HIV/AIDS which have not been approved by the FDA for that indication, provided, however, that such a drug is recognized for such treatment in one of the standard reference compendia, in the medical literature, or by the commissioner of insurance.
- Compounded medications are covered if (the Member is under age 18; (2) the active ingredients are listed on the formulary; and (3) one or more agents within the compound is FDA approved and requires a prescription by law. Compounding kits that are not FDA-approved and include prescription ingredients that are readily available may not be covered. To confirm whether the specific medication or kit is covered under this plan, call Member Services.
- Over-the-counter drugs included in the list of covered drugs on the formulary applicable to your plan when prescribed by a *Provider*. You can find the formulary on *Our* website <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefit/pharmacy-formularies">https://tuftshealthplan.com/member/employer-individual-or-family-plans/plans-benefits/pharmacy-benefit/pharmacy-formularies</a> Or you can call Member Services for more information.
- Prescription smoking cessation agents.
- Certain medications used for bowel preparation in colonoscopy procedures are covered in full for *Members* ages 45 through 74. For more information, please call Member Services or see the formulary on *Our* website.

**Note:** Certain prescription drug products may be subject to one of the "*Tufts Health Plan* Pharmacy Management Programs" described below.

#### What is Not Covered

We do not cover the following under this Prescription Drug Benefit:

- Acne medications, unless Medically Necessary.
- Cervical caps, IUDs, implantable contraceptives (e.g., Implanon® (etonorgestrel), levonorgestrel implants), DepoProvera or its generic equivalent (these are covered under your "Family Planning" benefit earlier in this chapter),
  oral contraceptives, diaphragms and other hormonal contraceptives (e.g., patches, rings) that by law require a
  prescription, and FDA-approved female over-the-counter contraceptives when prescribed by a licensed *Provider*and dispensed at a pharmacy pursuant to a prescription.
- Compounded medications unless: (1) the *Member* is under the age of 18; (2) the active ingredients are listed on the formulary; and (3) one or more agents within the compound is FDA-approved and requires a prescription by law.
- Compounding kits that are not FDA-approved and include prescription ingredients that are readily available may also not be covered. For more information, call Member Services or check *Our* website.
- Digital therapeutics and prescription digital therapeutics (PDTs), unless listed on the formulary.
- Drugs classified as Schedule I controlled substances by the FDA (e.g., marijuana).
- Drugs for asymptomatic onychomycosis, except for *Members* with diabetes, vascular compromise, or immune deficiency status.
- Drugs that are dispensed in an amount or dosage that exceeds Our established quantity limitations.
- Drugs that by law do not require a prescription (unless listed as covered in the "What is Covered" section above)
- Drugs that have not been approved by the FDA. (This does not include off-label uses of FDA-approved drugs when use is recognized by established research documentation.
- Experimental drugs: drugs that cannot be marketed lawfully without the approval of the FDA and such approval has not been granted at the time of their use or proposed use or such approval has been withdrawn.
- Homeopathic medications purchased with a prescription or over-the-counter.
- Immunization agents. These may be provided under "Preventive health care" earlier in this chapter.
- Medications for the treatment of idiopathic short stature.
- Oral non-sedating antihistamines.
- Over-the-counter medications if not included on the list of covered drugs on *Our* website.
- Prescription medications once the same active ingredient or a modified version of an active ingredient that is
  therapeutically equivalent to a covered prescription medication becomes available over-the-counter. In this case,
  the specific medication may not be covered and the entire class of prescription medications may also not be
  covered. For more information, call Member Services or check *Our* website.
- Prescription medications when co-packaged with non-prescription products.
- Prescriptions filled at pharmacies other than *Tufts Health Plan* designated pharmacies, except for *Emergency* care.
- Products that are FDA approved as devices, including therapeutic or other prosthetic devices, appliances, supports, or other non-medical products. These may be provided as described earlier in this chapter.
- Topical and oral fluorides for adults.
- Vitamins and dietary supplements (except prescription prenatal vitamins, vitamins as required by the Affordable Care Act, and fluoride for Children
- Medications packaged for institutional use may be excluded from the pharmacy benefit coverage.

## Tufts Health Plan Pharmacy Management Programs

In order to provide safe, clinically appropriate, cost-effective medications under this Prescription Drug Benefit, We have developed the following Pharmacy Management Programs:

#### **Quantity Limitations Program**

We limit the quantity of selected medications that *Members* can receive in a given time period, for cost, safety and/or clinical reasons.

## **Prior Authorization Program:**

We restrict the coverage of certain drug products that have a narrow indication for usage, may have safety concerns and/or are extremely expensive, requiring the prescribing *Provider* to obtain prior approval from *Us* for such drugs.

#### **Step Therapy PA Program**

Step therapy is a type of prior authorization program (usually automated) that uses a step-wise approach, requiring the use of the most therapeutically appropriate and cost-effective agents first - before other medications may be covered. *Members* must first try one or more medications on a lower step to treat a certain medical condition before a medication on a higher step is covered for that condition.

## **New-To-Market Drug Evaluation Process:**

New-To-Market drug products are reviewed for safety and clinical effectiveness by the *Tufts Health Plan's* Pharmacy and Therapeutics Committee. We then make a coverage determination based on the Committee's recommendation. A new drug product will not be covered until this process is completed – usually within 6 months of the drug product's availability.

## **Medication Synchronization (Med Sync)**

In accordance with Rhode Island state law, the medication synchronization program allows multiple prescriptions to be aligned for refill to the same date.

This program applies only to medications for chronic conditions. In order to synchronize your prescriptions, medications may be dispensed in split fills with less than a month's supply of the medication filled at a time.

In these instances, you will be responsible for paying a pro-rated Cost Sharing Amount instead of the full 1-30 day supply Cost Sharing Amount. For more information about this program, please call Member Services or visit the website

This medication synchronization program permits and applies a prorated daily cost sharing rate to covered maintenance prescription drugs that are:

- dispensed by a Tufts Health Plan network pharmacy;
- in a quantity less than a thirty (30) days' supply;
- used for the management or treatment of a chronic, long-term condition.

<u>Limitation</u>: Medication synchronization is limited to one per *Contract Year* per maintenance prescription drug.

<u>Excluded prescription drugs</u>: Prescription drugs excluded from this program include, but are not limited to, controlled substances, pain medications, and antibiotics.

#### **Non-Formulary Drugs:**

There are thousands of drugs listed on the *Tufts Health Plan* covered drug list. In fact, most drugs are covered. There are, however, select drugs that *Tufts Health Plan* currently does not include on the formulary. In many cases, these drugs are not on the formulary because there are safe, comparably effective and cost effective alternatives available. Our goal is to keep pharmacy benefits as affordable as possible. If your doctor feels that one of the non-formulary drugs is needed, your doctor can submit a request for coverage under the Formulary Exception Process.

#### 90-Day Prescription Drug Benefit at a Pharmacy

You may purchase up to a 90-day supply of maintenance medications from a participating pharmacy. Your cost sharing is equal to three monthly *Cost Sharing Amounts* when you get a 90-day prescription,

Maintenance medications are those prescribed for the long-term treatment of chronic conditions. Most maintenance medications are available for a 90-day supply. However, we may limit drugs for clinical reasons or to prevent potential waste. For example, Schedule II and III controlled substance medications (e.g., opioids, stimulants, testosterone, etc.) are excluded from a 90-day supply. Also, drugs included in the Designated Specialty Pharmacy Program are not available for a 90-day supply

Note: ADD/ADHD medications can be filled for a 60-day supply at a participating retail

## **Formulary Exception Process**

Your *Provider* may feel it is *Medically Necessary* for you to take medications that are restricted under any of the *Tufts Health Plan* Pharmacy Management Programs.

An exception request may be submitted for any of Our pharmacy management programs.

Prescribers may submit a formulary exception request to *Tufts Health Plan* using *Our* Massachusetts Standard Form for Medication Prior Authorization Requests. This form may be submitted to us in one of the following ways:

By fax, submit the form to 617-673-0988

By phone, contact us at 617-972-1071

By mail, submit the form to:

Tufts Health Plan

Pharmacy Utilization Management Department

1 Wellness Way

Canton, MA 02021

We will review your request; then We will notify you and your Provider of Our coverage determination within 72 hours after receiving the request. Exception requests are reviewed on a case by case basis. Your Provider will be asked to provide medical reasons and any other important information about why you need an exception. We will determine if a request is consistent with Our Medical Necessity Guidelines. Please see the definition of Medical Necessity in Appendix A: Glossary and Terms and Definitions for an explanation of how We develop Our Guidelines.

You or your prescribing physician may request an **expedited exception process based on exigent** circumstances.

- We will notify you and your prescribing *Provider* of *our* determination **no later than 24 hours after receiving the request**
- Exigent circumstances exist when:
  - is suffering from a health condition that may seriously jeopardize his or her life, health or ability to regain maximum function; or
  - is undergoing a current course of treatment using a non-formulary drug.
- We will notify you and your Provider about Our decision.
  - If the request for a non-formulary drug is approved: then the medication will be covered on this highest tier (e.g., *Tier 3* on a 3 tier formulary; *Tier 4* on a 4 tier formulary).
  - If the request for coverage of a drug under another program is approved; then a *Tier Copayment* will be assigned as appropriate. Call *Member* Services if you have questions about which tier your medication is on.
- If your request is denied, you and your *Provider* have the right to appeal. Your appeal can be submitted in one of the following ways:

By phone, call a *Member* Specialist at 800-463-8080

By mail, submit your appeal in writing to:

Tufts Health Plan

Attn: Appeals and Grievances Department

P.O. Box 474

Canton, MA 02021

In person, come to Tufts Health Plan at the Canton address above.

Please see Chapter 6, "Member Satisfaction," for information about Member appeals, including expedited appeals.

## <u>Our formulary is effective January 1st of each year</u>. The drugs on *Our* formulary may change periodically as needed, for example:

- due to safety reasons,
- if a prescription drug becomes available over-the-counter,
- when a new drug comes to market, or
- if a generic version of a drug becomes available.

<u>Tufts Health Plan website has a list of covered drugs with their tiers.</u> We may change a drug's tier during the year. For example:

- If a brand drug's patent expires, We may change the drug's status by either:
  - moving the brand drug from *Tier-2 to Tier-3*, or
  - moving the brand drug to Our non-covered drug list when a generic alternative becomes available.
- Members who are affected by these changes will be notified at least 30 days in advance of such changes.
- Many generic drugs are available on Tier-1.

You may have questions about your prescription drug benefit. You may want to know the tier of a particular drug. You might like to know if your medication is part of a Pharmacy Management Program. For these questions, check *Our* website at <a href="https://www.tuftshealthplan.com">www.tuftshealthplan.com</a>; or call Member Services at 800-463-8080.

## Filling Your Prescription

## Where to Fill Prescriptions:

Fill your prescriptions at a *Tufts Health Plan* designated pharmacy. *Tufts Health Plan* designated pharmacies include:

• for the majority of prescriptions, most of the pharmacies in Massachusetts, New Hampshire, and Rhode Island, and additional pharmacies nationwide; and

#### **How to Fill Prescriptions:**

- When you fill a prescription, provide your Member ID to any *Tufts Health Plan* designated pharmacy and pay your *Cost Sharing Amount*.
- If The cost of your prescription may be less than your *Copayment*, In this case, you are only responsible for the actual cost of the prescription.
- If you have any problems using this benefit at a Tufts Health Plan designated pharmacy, call Member Services.

<u>Important</u>: Your prescription drug benefit is honored only at *Tufts Health Plan* designated pharmacies. In cases of *Emergency*, please call Member Services. *We* will explain how to submit your prescription drug claims for reimbursement.

#### Filling Prescriptions for Maintenance Medications:

You may need to take a "maintenance" medication If you do, We offer you two choices for filling your prescription:

- you may obtain your maintenance medication directly from a *Tufts Health Plan* designated retail pharmacy; or
- you may have most maintenance medications\* mailed to you through a *Tufts Health Plan* designated mail services pharmacy.

\*The following may not be available to you through a Tufts Health Plan designated mail services pharmacy:

- medications for short term medical conditions;
- certain controlled substances and other prescribed drugs that may be subject to exclusions or restrictions;
- medications that are part of Our Quantity Limitations program; or
- medications that are part of *Our* Designated Specialty Pharmacy program.

**Note:** See the Benefit Overview at the front of this *Evidence of Coverage* for your prescription drugs *Cost Sharing Amounts*.

## **Exclusions from Benefits**

This chapter lists services (and categories of services), supplies, and medications that are excluded (not covered) under this *Evidence of Coverage*. **The following are not covered even if they are prescribed or recommended by a**  *Provider*. The exclusion headings used here are intended to group similar services, treatments, items or supplies together. Actual exclusions appear underneath each heading.

#### **General Exclusions:**

The following are excluded from coverage under this *Evidence of Coverage*:

- 1. Any service, supply or medication is excluded:
  - That is not a Covered Service as defined in Appendix A and described in Chapter 3.
  - That is not Medically Necessary as defined in Appendix A and described in Chapter 3.
  - That is not essential to treat an injury, illness or pregnancy, except for preventive care services.
  - If it is obtained outside of the 50 United States. The only exception to this rule is for *Emergency* care services or *Urgent Care* services while traveling, which qualify as *Covered Services* when provided outside of the 50 United States.
  - That is related to non-Covered Services. This does not apply to complications of pregnancy terminations.
  - That is primarily for your, or another person's, personal comfort or convenience.
  - If there is a less intensive level of service, supply, or medication, or more cost-effective alternative, that can be safely and effectively provided.
  - If the service, supply, or medication can be safely and effectively provided to you in a less intensive setting.
  - That is required by a third party that is not otherwise *Medically Necessary* (examples of a third party are an employer, an insurance company, a school, or court).
  - That you are not legally obligated to pay for, or you would not be charged for if you have no health plan.
  - That is provided to you by a relative who is a *Provider*; or that is provided to you by an immediate family member (by blood or marriage), even if that relative is a *Provider* and the services are authorized by your *PCP*. Please note: if you are a *Provider*, you cannot provide or authorize services for yourself or a member of your immediate family (by blood or marriage).
  - That is provided to a non-Member, except as described in Chapter 3 for the following:
    - bereavement counseling services under Hospice care services.
    - the costs of procurement and processing of donor sperm, eggs or inseminated eggs, or banking of donor sperm or inseminated eggs, under Infertility services (to the extent such costs are not covered by the donor's health coverage, if any).
    - organ donor charges under Surgery Hematopoietic stem cell transplants, and human solid organ transplants.
- 2. We do not cover the cost of services (including tuition-based programs) that offer educational, vocational, recreational or personal development activities, including, but not limited to: therapeutic schools, camps, wildeness, or ranch programs, sports or performance enhancement programs, spas/resorts, leadership or behavioral coaching or Outward Bound. We will provide coverage for Medically Necessary Outpatient or intermediate behavioral health services provided by licensed behavioral health Providers while the Member is in a tuition-based program, subject to plan rules, including any network requirements or Cost Sharing.
- 3. Any additional fee a *Provider* may charge as a condition of access, or any amenities that access fee is represented to cover is excluded. Please consult with your *Provider* to see if he or charges such a fee.
- 4. Any care for conditions that (a) have benefits available under worker's compens ation, Medicare, or other government programs (except Medicaid) or (b) must be treated in a public facility under state or local law.
- 5. Any drug, medicine, material or supply for use outside of the hospital or any other facility, except as described in Chapter 3.
- 6. Medications and other products that can be purchased over-the-counter except those listed as covered in Chapter 3.
- 7. Charges incurred when the *Member*, for his or her convenience, has chosen to remain an *Inpatient* beyond the discharge hour
- 8. Any examinations, evaluations or services for educational purposes. This includes physical therapy, speech therapy, and occupational therapy, except as provided earlier in this chapter. Vocational rehabilitation services and vocational retraining. Also, services to treat learning disabilities and behavioral problems in a school-based setting.

All Non-Conventional medicine services, (a) provided independently or together with conventional medicine, AND
(b) all related testing, laboratory testing, services, supplies, procedures, and supplements associated with this type
of medicine, are excluded.

The following are not covered, even if they are prescribed or recommended by a *Provider*. The exclusion headings used here are intended to group similar services, treatments, items, or supplies together. Actual exclusions appear underneath each heading.

## **Acupuncture**

Acupuncture services are excluded except as described in Chapter 3. Excluded services include:

- Acupuncture in lieu of anesthesia.
- Acupuncture when used as an anesthetic during a surgical procedure.
- Adjunctive therapies, such as, but not limited to: moxibustion, herbs, oriental massage, etc.
- Precious metal needles (e.g., gold, silver, etc.).
- Any other service not specifically listed as a Covered Service.

#### **Dental care**

The following dental care services, treatments, and supplies are not covered unless (a) an exception is specifically stated in these exclusions, or (b) such dental care services, treatments, and supplies are described as a *Covered Service* in Chapter 3; or for *Covered Services* described under the **Pediatric dental care for** *Members* **up to age 19** benefit in Chapter 3.

- Alteration of teeth.
- Care related to deciduous (baby) teeth.
- Dental supplies.
- · Dentures.
- Orthodontia, even when it is an adjunct to other surgical or medical procedures.
- Periodontal treatment.
- Preventive dental care except as provided under Pediatric dental care for Members in Chapter 3.
- Restorative services including, but not limited to: crowns, fillings, root canals, and bondings.
- Skeletal jaw surgery, except as provided under the Oral health services and Surgery Gender affirming procedures and related services benefits in Chapter 3.
- Splints and oral appliances (except for sleep apnea, as stated under *Durable Medical Equipment* in Chapter 3).
- Surgical removal or extraction of teeth, except as provided under **Oral health services** and **Pediatric dental care** for **Members** up to age 19 in Chapter 3.
- TMJ disorder-related therapies, including TMJ appliances, occlusal adjustment, or other TMJ appliance-related therapies.

The following pediatric dental care services, treatments, and supplies are <u>not covered</u> under **Pediatric dental care for** *Members* up to age 19:

- Adjustments of a denture or bridgework that is made within six months after installation by the same dentist who
  installed it.
- Caries tests
- Consultations.
- General anesthesia or IV sedation rendered by anyone other than a dentist.
- Gold foil restorations.
- Orthodontia that is not Medically Necessary.
- Plaque control programs, oral hygiene instructions; and dietary instructions
- Precision attachments, personalization, precious metal losses, and other specialized techniques.
- Prescription drugs.
- Restorations due to bruxism, erosion, attrition, or abrasion.
- Sealants for teeth other than unrestored permanent molars.
- Services and treatments not prescribed by or under the direct supervision of a dentist.
- Services meant to change or improve appearance.
- Services related to TMJ, including night guards and surgery.
- Services or supplies that are not dentally necessary or which do not meet generally accepted standards of dental
  practice.
- Services to increase height of teeth or restore occlusion.
- Splinting and other services to stabilize teeth.
- Temporary, interim, or provisional crowns, bridges or dentures.
- Use of material or home health aides, such as toothpaste, fluoride gels, dental floss, and teeth whiteners, to prevent decay.

## Durable Medical Equipment (DME), orthoses, or prosthetic devices

*DME*, orthoses or prosthetic devices are not covered except as described in Chapter 3. Exclusions include, but are not limited to, the following items. Call Member Services for questions about coverage of a specific item.

- Air conditioners, dehumidifiers, HEPA filters and other filters, and portable nebulizers.
- Articles of special clothing, mattress and pillow covers, including hypo-allergenic versions.
- Bath and toilet aids, including, but not limited to: tub seats/benches/stools, raised toilet seats, commodes, and rails.
- Bed related items, including bed trays, bed pans, bed rails, bed cradles, over-the-bed tables, and bed wedges.
- Car seats.
- Certain wearable devices (e.g. smartwatches, bracelets, patches) used for physiological monitoring and fitness tracking (e.g. Fitbit, Biostamp, Embrace smartwatch, Smartmonitor smartwatch, Garmin Vivofit 4, Garmin Vivosmart 3, Samsung Galaxy Fit);
- Car/van modifications.
- Comfort or convenience devices.
- Dentures.
- Ear plugs.
- Emergency response systems (e.g., LifeAlert).
- Exercise equipment and saunas.
- Externally powered exoskeleton assistive devices and orthoses.
- Fixtures to real property, such as ceiling lifts, elevators, ramps, and stair lifts or stair climbers.
- Non-custom and prefabricated foot orthotics, fittings, and arch supports, except for therapeutic/molded shoes and
  shoe inserts for a *Member* with severe diabetic foot disease or other systemic illnesses that compromise the blood
  supply to the foot. A systemic illness is defined as a metabolic, neurological, or peripheral vascular disease
  resulting in decreased sensation or severe circulatory compromise in the patient's legs or feet, such as, but not
  limited to, diabetes..
- Heat and cold therapy devices, including, but not limited to: hot packs, cold packs and water pumps with or without compression wrap.
- Heating pads, hot water bottles, paraffin bath units, and cooling devices.
- Hot tubs, Jacuzzis, swimming pools, or whirlpools.
- Manual home blood pressure monitors with cuff and stethoscope.
- Mattresses, except for mattresses used in conjunction with a hospital bed and ordered by a *Provider*. Commercially available standard mattresses not used primarily to treat an illness or injury (e.g., Tempur-Pedic® and Posturepedic® mattresses), even if used in conjunction with a hospital bed, are not covered.
- Wheelchair trays.

# Experimental or Investigative

A drug, device or medical treatment or procedure (collectively "treatment") that is *Experimental or Investigative* Is not covered. If a treatment is *Experimental or Investigative*, We will not pay for any related treatments provided to the *Member* for the purpose of furnishing the *Experimental or Investigative* treatment.

In accordance with the requirements of Rhode Island and federal law, this exclusion does not apply to the following:

- Long-term antibiotic treatment of chronic Lyme disease.
- Patient care services provided as part of a qualified clinical trial conducted to prevent, detect, or treat cancer or other life-threatening diseases or conditions.
- Off label uses of prescription drugs for the treatment of cancer or HIV/AIDS, if you have a Prescription Drug Benefit.

# Family planning

- Costs associated with home births.
- Over-the-counter contraceptive agents, except as described under Family planning in Chapter 3.
- Purchase of an electric hospital-grade breast pump; donor breast milk.
- Reversal of voluntary sterilization.

# Infertility services

Infertility services are not covered except as described in Chapter 3. Specifically, such services are excluded for *Members* who do not meet the definition of infertility provided under **Infertility services** in Chapter 3, except for *Covered Services* described under section (III.) Preimplantation Genetic Diagnosis (PGD) testing with IVF. Other exclusions include:

- Costs associated with donor recruitment and compensation.
- Donor sperm and associated laboratory services in the absence of diagnosed male factor infertility in the partner.
- Drugs for anonymous or designated egg donors that are directly related to a stimulated Assisted Reproductive
  Technology (ART) cycle unless the ART service has been approved by an Authorized Reviewer and the Member is
  the sole recipient of the donor's eggs.
- Experimental infertility procedures.
- Infertility services necessary for conception as a result of voluntary sterilization or following an unsuccessful reversal of a voluntary sterilization.
- Long-term (more than 24 months) sperm or embryo cryopreservation unless the *Member* is in active infertility treatment. We may approve short-term (less than 24 months) cryopreservation of sperm, oocytes, or embryos for certain medical conditions that may impact a *Member*'s future fertility.
- Reversal of voluntary sterilization.
- The costs of surrogacy, which means all costs incurred by a fertile woman to achieve a pregnancy as a surrogate or gestational carrier for an infertile *Member*. These costs include but are not limited to: (1) use of donor egg and a gestational carrier; (2) costs for the drugs necessary to achieve implantation in a surrogate, embryo transfer, and cryo-preservation of embryos; and (3) costs for maternity care if the surrogate is not a *Member*.

A surrogate is a person who carries and delivers a child for another either through artificial insemination or surgical implantation of an embryo.

A gestational carrier is a surrogate with no biological connection to the embryo/child.

# Prescription drugs

Prescription drugs are covered as described in Chapter 3. We do not cover the following under the prescription drug benefit:

- Acne medications, unless Medically Necessary.
- Cervical caps, IUDs, implantable contraceptives (e.g., Implanon® (etonorgestrel), levonorgestrel implants), Depo-Provera or its generic equivalent (these are covered under your "Family planning" benefit earlier in this chapter).
- Compounded medications, unless (1) the *Member* is *under* the age of 18; (2) at least one active ingredient is listed on the formulary; and (3) one or more agents within the compound is FDA-approved and requires a prescription by law.
- Compounding kits that are not FDA-approved and include prescription ingredients that are readily available may also not be covered. For more information, call Member Services or check *Our* website.
- Digital therapeutics and prescription digital therapeutics (PDTs).
- Drugs classified as Schedule I controlled substances by the FDA (e.g., marijuana).
- Drugs for asymptomatic onychomycosis, except for *Members* from diabetes, vascular compromise, or immune deficiency status.
- Drugs that are dispensed in an amount or dosage that exceeds Our established quantity limitations.
- Drugs that by law do not require a prescription (unless listed as covered in the What is Covered section in Chapter 3).
- Drugs that have not been approved by the FDA. (This does not include off-label uses of FDA-approved drugs when use is recognized by established research documentation.
- Experimental drugs: drugs that cannot be marketed lawfully without the approval of the FDA and such approval has not been granted at the time of their use or proposed use or such approval has been withdrawn.
- Homeopathic medications purchased with a prescription or over-the-counter.
- Immunization agents. These may be provided under **Immunizations and vaccinations** in Chapter 3.
- Medications for the treatment of idiopathic short stature.
- Oral non-sedating antihistamines.
- Over-the-counter medications if not included on the list of covered drugs on the website.
- Prescription medications once the same active ingredient or a modified version of an active ingredient that is
  therapeutically equivalent to a covered prescription medication becomes available over-the-counter. In this case,
  the specific medication may not be covered, and the entire class of prescription medications may also not be
  covered. For more information, call Member Services or check *Our* website.
- Prescription medications when packaged with non-prescription products.
- Prescriptions filled at pharmacies other than *Tufts Health Plan* designated pharmacies, except for *Emergency* care.
- Products that are FDA approved as devices, including therapeutic or other prosthetic devices, appliances, supports, or other non-medical products. These may be provided as described earlier in this chapter.
- Topical and oral fluorides for adults.
- Vitamins and dietary supplements (except prescription prenatal vitamins, vitamins as required by the Affordable Care Act, and fluoride for *Children*).
- Medications packaged for institutional use may be excluded from the pharmacy benefit coverage.

# Surgery

Surgery services are covered as described in Chapter 3. Excluded surgery services include:

- Circumcisions performed in any setting other than a hospital, Day Surgery, or a Provider's office.
- Cosmetic (to change or improve appearance) surgery, procedures, supplies, medications or appliances, except as
  provided under the Surgery Gender affirming procedures and related services benefit earlier in this chapter.
- Hair removal (for example, electrolysis, laser hair removal), except when Medically Necessary (1) to treat an
  underlying skin condition; or (2) when determined to be Medically Necessary under Surgery Gender affirming
  procedures and related services benefit described earlier in this chapter.
- Liposuction for cosmetic reasons, except as provided under the Surgery Gender affirming procedures and related services benefit earlier in this chapter; or brachioplasty.
- Removal of tattoos.
- Rhinoplasty, except as provided earlier in this chapter under the Reconstructive surgery and procedures, and surgeries to treat functional deformity or impairment and Surgery – Gender affirming procedures and related services benefits.
- Treatment of spider veins; removal or destruction of skin tags.

**Therapies** (including related services, procedures, appliances, medications, or supplies)

Therapy services are covered as described in Chapter 3. Excluded services include:

- Biof eedback, except for the treatment of urinary incontinence.
- Hypnotherapy.
- Massage therapies, cognitive rehabilitation programs and cognitive retraining programs, except as described under Speech, physical and occupational therapy services (includes rehabilitative and *Habilitative* services) in Chapter 3.
- Neuromuscular stimulators and related supplies.
- Psychoanalysis.

# **Transplants**

Transplants are not covered except as described in Chapter 3.

# **Transportation**

Transportation services are not covered except as described under **Ambulance services** in Chapter 3. Excluded transportation services include, but are not limited to, transportation by chair car, wheelchair van, or taxi.

#### Vision care

The following vision services, treatments, and supplies are not covered except as described under **Vision care** services and **Durable Medical Equipment** in Chapter 3.

- Eyeglasses (lenses or frames), contact lenses, or contact lens fittings.
- Refractive eye surgery (including radial keratotomy) for conditions that can be corrected by means other than surgery.

The following vision care services, treatments and supplies are not covered under **Pediatric vision care for** *Members* **under age 19:** 

- Aniseikonic lenses.
- Any eye or vision examination or corrective eyewear required by a *Member* as a condition of employment.
- Contact lenses insurance.
- Lost or broken lenses, frames, glasses, or contact lenses will not be covered except in the next benefit frequency
  when covered vision materials would next become available. See Pediatric vision care for Members under age
  19 in Chapter 3.
- Orthoptic or vision training, subnormal vision aids, and any associated supplemental testing.
- Plano (non-prescription) lenses and/or contact lenses.
- Replacement of lost or stolen eyewear.
- Safety eyewear.
- Services and materials not meeting acceptable standards of optometric practice.
- Services provided after a date a Member ceases to be covered under the plan, except when covered vision
  materials ordered before coverage ended are delivered; and the services provided to the Member are within 31
  days from the date of such order.
- Special lenses, designs, or coatings other than those described as Covered Services.
- Two pairs of eyeglasses in lieu of bifocals

# Other exclusions under this plan

- Blood, blood donor fees, blood storage fees, blood substitutes, blood banking, cord blood banking, and blood products are not covered, except for the following:
  - Blood processing.
  - Blood administration.
  - Factor products (monoclonal and recombinant) for Factor VIII deficiency (classic hemophilia), Factor IX
    deficiency (Christmas factor deficiency) and von Willebrand disease. Prior approval by an Authorized Reviewer
    is required for these services at both the In-Network and Out-of-Network Levels of Benefits.
  - Intravenous immunoglobulin for treatment of severe immune disorders, certain neurological infectious conditions, and bleeding disorders. (Prior approval by an *Authorized Reviewer* is required for these services at both the *In-Network* and *Out-of-Network Levels of Benefits*).
- Charges or claims incurred as a result, in whole or in part, of fraud or misrepresentation (e.g., claims for services not actually provided and/or able to be validated).
- Custodial Care.
- Facility charges or related services if the procedure being performed is not a *Covered Service*, except as provided under **Oral health services** in Chapter 3.
- Hearing aids, except as described in Chapter 3.
- Inpatient and Outpatient weight-loss programs and clinics; relaxation therapies; services by a personal trainer; and exercise classes (diagnostic services related to any of these excluded programs or procedures are also excluded).
- Laboratory tests ordered by a Member (online or through the mail), even if they are performed at a licensed laboratory.
- Travel expenses, including lodging, related to receiving any medical service.
- Multi-purpose general electronic devices including, but not limited to, laptop computers, desktop computers, personal assistive devices (PDAs), tablets and smartphones. All accessories for multi-purpose general electronic devices including USB devices and direct connect devices (e.g., speaker, microphone, cables, cameras, batteries, etc.). Internet and modem connection/access including, but not limited to, Wi-Fi®, Bluetooth®, Ethernet, and all related accessories.
- Nutritional counseling, except as described under Nutritional counseling in Chapter 3.
- Private duty nursing (block or non-intermittent nursing).
- Routine foot care, such as trimming of corns and calluses; treatment of flat feet or partial dislocations in the feet; orthopedic shoes and related items that are not part of a brace; casting or other support devices for the feet. This exclusion does not apply to routine foot care for *Members* diagnosed with diabetes or other systemic illnesses that compromise the blood supply to the foot. A systemic illness is defined as a metabolic, neurological, or peripheral vascular disease resulting in decreased sensation or severe circulatory compromise in the patient's legs or feet, such as, but not limited to, diabetes.
- Service or therapy animals and related supplies.
- Snoring reduction devices and procedures, including, but not limited to: laser-assisted uvulopalatoplasty, somnoplasty, and snore guards.
- Wigs and scalp hair prostheses are not covered when provided for hair loss due to: male pattern baldness; female pattern baldness; or natural or premature aging.

# **Chapter 4 -- When Coverage Ends**

# Reasons coverage ends

This coverage is guaranteed renewable to the extent required by federal law (45 C.F.R. 148.122), and may only non-renew or cancel coverage under the plan for the following reasons, when applicable: non-payment of premiums, fraud, market exit, movement outside of the *Network Contracting Area*, or cessation of bona fide association membership. Specifically, your coverage (including federal COBRA coverage) ends when any of the following occurs:

- you lose eligibility because you no longer meet your Group's or Tufts Health Plan's eligibility rules, or
- you no longer live, work, or reside in the Network Contracting Area; or
- you choose to drop coverage; or
- you commit an act of physical or verbal abuse unrelated to your physical or mental condition which poses a threat to any *Provider*, any *Tufts Health Plan Member*, or *Tufts Health Plan* or any *Tufts Health Plan* employee; or
- you commit an act of misrepresentation or fraud; or
- your *Group Contract* with *Us* ends. (For more information, see "Termination of a *Group Contract* and Notice" later in this chapter.)

**Note:** Children are not required to live, work, or reside in the Network Contracting Area. Please see "If you do not live, work or reside in the Network Contracting Area" in Chapter 2 for more information.

#### Benefits after termination

If you are totally disabled when your coverage ends, you may be able to continue your coverage as described in "Extension of Benefits" later in this chapter. Otherwise, We will <u>not</u> pay for services you receive after your coverage ends even if:

- you were receiving *Inpatient* or *Outpatient* care when your coverage ended; or
- you had a medical condition (known or unknown), including pregnancy that required medical care after your coverage ended.

#### Continuation

Once your coverage ends, you may be eligible to continue your coverage with your *Group* or to enroll in coverage under an *Individual Contract*. See Chapter 5 for more information.

# When a *Member* is No Longer Eligible

# Loss of eligibility

Your coverage ends on the date you no longer meet your Group's or Tufts Health Plan's eligibility rules.

<u>Important Note</u>: Your coverage will terminate retroactively to the date you are no longer eligible for coverage.

## Dependent Coverage

An enrolled *Dependent*'s coverage ends when the *Subscriber's* coverage ends or when the *Dependent* no longer meets the definition of *Dependent*, whichever occurs first.

#### If you no longer live, work, or reside in the Network Contracting Area

If you are a *Subscriber* or *Spouse* coverage ends as of the date you no longer live, work, or reside As noted above, *Dependent* coverage ends when the *Subscriber's* coverage ends, See Chapter 2.

Before you no longer live, work, or reside in the *Network Contracting Area* tell your *Group* or call a Member Services to notify *Us.* Call Member Services for more information about coverage when you no longer live, work, or reside in the *Network Contracting Area* contact a Member Services. Also, see "If you do not live, work or reside in the Network Contracting Area" in Chapter 2 for more information.,

# You choose to drop coverage

Coverage ends if you decide you no longer want coverage and you meet any qualifying event your *Group* requires. To end your coverage, notify your *Group* (or *Tufts Health Plan* if covered under an *Individual Contract*) at least 30 days before the date you want your coverage to end. You must pay *Premiums* up through the day your coverage ends.

# Membership Termination for Acts of Physical or Verbal Abuse

# Acts of physical or verbal abuse

We may terminate your coverage if you commit acts of physical or verbal abuse which:

- are unrelated to your physical or mental condition;
- pose a threat to any *Provider*, any *Tufts Health Plan Member*, or *Tufts Health Plan* or any *Tufts Health Plan* employee.

# Membership Termination or Rescission for Misrepresentation or Fraud

# **Policy**

We may terminate your coverage for misrepresentation or fraud. If your coverage is terminated for misrepresentation or fraud, We may not allow you to re-enroll for coverage with Us under any other plan (such as a non-group or another employer's plan) or type of coverage (for example, coverage as a Dependent or Spouse).

# Acts of misrepresentation or fraud

Examples of misrepresentation or fraud include:

- false or misleading information on your application;
- enrolling as a Spouse someone who is not your Spouse;
- receiving benefits for which you are not eligible;
- keeping for yourself payments made by Tufts Health Plan that were intended to be used to pay a Provider,
- abuse of the benefits under this plan, including the resale or transfer of supplies, medication, or equipment provided to you as Covered Services;
- allowing someone else to use your Member ID; or
- submission of any false paperwork, forms, or claims information.

### **Date of termination**

If We terminate your coverage for misrepresentation or fraud, your coverage will end as of your Effective Date or a later date chosen by Us. Rescission is a cancellation or discontinuance of coverage that has retroactive effect. It includes a cancellation or discontinuance that voids benefits paid. During the first two years of coverage, We reserve the right to rescind your coverage and deny payment of claims retroactive to your Effective Date for any false or misleading information on your application. In accordance with federal law, We shall not rescind coverage except with 30 days prior notice to each enrolled participant who would be affected and may not rescind your coverage except in cases of fraud or intentional misrepresentation of material fact.

### Payment of claims after termination for acts of misrepresentation or fraud

We will pay for all Covered Services you received between (i) your Effective Date; and (ii) your termination date, as chosen by Us. We may retroactively terminate your coverage back to a date no earlier than your Effective Date.

We may use any *Premium* you paid for a period after your termination date to pay for any *Covered Services* you received after your termination date.

If the *Premium* is not enough to pay for that care, *Tufts Health Plan*, at its option, may:

- pay the *Provider* for those services and ask you to pay *U*s back; or
- not pay for those services. In this case, you will have to pay the *Provider* for the services.

If the *Premium* is more than is needed to pay for *Covered Services* you received after your termination date, *We* will refund the excess to your *Group*.

Despite the above provisions related to *Member* termination for misrepresentation or fraud:

• the validity of the *Group Contract* will not be contested, except for non-payment of *Premiums*, after the *Group Contract* has been in force for two years from its date of issue; or

no statement made for the purpose of effecting insurance coverage with respect to a Member under this Group
Contract shall be used to avoid the insurance with respect to which such statement was made or to reduce benefits
thereunder after that Member's insurance under this Group Contract has been in force for a period of two years
during his or her lifetime, nor unless such statement is contained in a written instrument signed by the person making
such statement and a copy of that instrument is or has been furnished to him or her.

# Termination of a Group Contract

# End of Tufts Health Plan's and Group's relationship

If you are enrolled under a *Group Contract*, coverage will terminate if the relationship between your *Group* and *Tufts Health Plan* ends for any reason, including:

- your Group's contract with Tufts Health Plan terminates;
- your Group fails to pay Premiums on time\*;
- Tufts Health Plan stops operating; or
- · your Group stops operating.

\*In accordance with the provisions of the *Group Contract*, the *Group* is entitled to a one-month grace period for the payment of any *Premium* due, except for the first month's *Premium*. During that one-month grace period, the *Group Contract* will continue to stay in force. However, upon termination of the *Group Contract*, the *Group* will be responsible for the payment of *Premium*, prorated based on the actual date of the termination. That termination date will be at the end of the grace period, unless the *Group* notifies *Us* of an earlier termination date.

# **Extension of Benefits**

If you are totally disabled on the date the *Group Contract* ends, you will continue to receive *Covered Services* for 12 months.

The following conditions apply:

- the Covered Services must be:
  - Medically Necessary,
  - provided while the total disability lasts, and
  - directly related to the condition that caused the Member to be totally disabled on that date; and
- all of the terms, conditions, and limitations of coverage under the Group Contract will apply during the extension of benefits.

The extension of benefits will end on the earliest of:

- the date the total disability ends;
- the date you become eligible for coverage under another plan; or
- 12 months after your extended benefits began.

# Transfer to Other Employer Group Health Plans

# **Conditions for transfer**

If you enrolled under a *Group Contract*, you may transfer from *Tufts Health Plan* to any other health plan offered by your *Group* only as follows, if both your *Group* and the other health plan agree:

- during your Group's Open Enrollment Period;
- within 30 days after moving out of the Network Contracting Area; or
- as of the date your Group no longer offers Tufts Health Plan.

# Chapter 5 -- Continuation of Group Contract Coverage

# Federal Continuation Coverage (COBRA)

#### Rules for federal COBRA continuation

Under the Federal Consolidated Omnibus Budget Reconciliation Act (COBRA), you may be eligible to continue coverage after *Group* coverage ends if you were enrolled in *Tufts Health Plan* through a *Group* which has 20 or more eligible employees and you experience a qualifying event (see list below) which would cause you to lose coverage under your *Group*.

# **Qualifying Events**

A *Member's Group* coverage under the *Group Contract* may end because he or she experiences a qualifying event. A qualifying event is defined as:

- the Subscriber's death;
- termination of the Subscriber's employment for any reason other than gross misconduct;
- reduction in the Subscriber's work hours;
- the Subscriber's divorce or legal separation;
- the Subscriber's entitlement to Medicare; or
- the Subscriber's or Spouse's enrolled Dependent ceases to be a Dependent Child.

If a *Member* experiences a qualifying event, he or she may be eligible to continue *Group* coverage as a *Subscriber* or an enrolled *Dependent* under federal COBRA law as described below.

# When federal COBRA coverage is effective

A *Member* who is eligible for federal COBRA continuation coverage is called a "qualified beneficiary." A qualified beneficiary must be given an election period of 60-days to choose whether to elect federal COBRA continuation coverage. This period is measured from the later of the date the qualified beneficiary's coverage under the *Group Contract* ends (see the list of qualifying events described above) or the date the plan provides the qualified beneficiary with a COBRA election notice.

A qualified beneficiary's federal COBRA continuation coverage becomes effective retroactive to the start of the election period if he or she elects and pays for that coverage.

#### **Cost of Coverage**

In most cases, you are responsible for payment of 102% of the cost of coverage for the federal COBRA continuation coverage. (See "Important Note" in the "Duration of Coverage" table below for information about when you may be responsible for payment of more than 102% of the cost of COBRA coverage.) For more information, contact your *Group*.

#### **Duration of Coverage**

Qualified beneficiaries are eligible for federal COBRA continuation coverage, in most cases, for a period of 18 or 36 months from the date of the qualifying event, depending on the type of qualifying event. Generally, COBRA coverage is available for a maximum of 18 months for qualifying events due to employment termination or reduction of work hours. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a qualified beneficiary to receive a maximum of 36 months of COBRA continuation coverage. For more information, see the "Duration of Coverage" table below.

FEDERAL COBRA - DURATION OF COVERAGE		
Qualifying Event(s)	Qualified Beneficiaries	Maximum Period of Coverage
<ul> <li>Termination of Subscriber's employment for any reason other than gross misconduct.</li> <li>Reduction in the Subscriber's work hours.</li> </ul>	Subscriber, Spouse, and Dependent Children	18 months*
Subscriber's divorce, legal separation, entitlement to Medicare, or death.	Spouse and Dependent Children	36 months
Subscriber's or Spouse's enrolled Dependent ceases to be a Dependent Child.	Dependent Child	36 months

\*Important Note: If a qualified beneficiary is determined under the federal Social Security Act to have been disabled within the first 60-days of federal COBRA continuation coverage for these qualifying events, then that qualified beneficiary and all of the qualified beneficiaries in his or her family may be able to extend COBRA coverage for up to an additional 11 months. You may be responsible for payment of up to 150% of the cost of COBRA coverage for this additional period of up to 11 months.

# When coverage ends

Federal COBRA continuation coverage will end at the end of the maximum period of coverage. However, coverage may end earlier if:

- coverage costs are not paid on a timely basis.
- your *Group* ceases to maintain any group health plan.
- after the COBRA election, the qualified beneficiary obtains coverage with another group health plan that does not
  contain any exclusion or pre-existing condition of such beneficiary. However, if other group health coverage is
  obtained prior to the COBRA election, COBRA coverage may not be discontinued, even if the other coverage
  continues after the COBRA election.
- after the COBRA election, the qualified beneficiary becomes entitled to federal Medicare benefits. However, if Medicare is obtained prior to COBRA election, COBRA coverage may not be discontinued, even if the other coverage continues after the COBRA election.

# **Rhode Island Continuation Coverage**

If your employment is terminated because of involuntary layoff or death, or as a result of the workplace ceasing to exist, or the permanent reduction in size of the workforce, the benefits under this *Group Contract* may be continued as provided under Rhode Island General Laws, Chapter 27-19.1. The period of this continuation will be for up to eighteen (18) months from your termination date. The continuation period cannot exceed the shorter of:

- the period that represents the period of your continuous employment preceding termination with your *Group*; or
- the time from your termination date until the date that you or any other covered *Member* under your plan becomes employed by another employer and eligible for benefits under another group plan.

**Note**: We must receive the applicable Premium in order to continue coverage under this provision.

# Coverage under an Individual Contract

If *Group* coverage ends, the *Member* may be eligible to enroll in coverage under an *Individual Contract* offered through the Rhode Island Health Benefits Exchange called Health Source R.I. For more information, contact Health Source R.I. either by phone (1-855-840-HSRI) or on its website (<u>www.healthsourceri.com</u>)

# The Uniformed Services Employment and Reemployment Rights Act (USERRA)

The Uniformed Services Employment and Reemployment Rights Act (USERRA) protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

#### Under USERRA:

- You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service, and (1) you ensure that your employer receives advance written or verbal notice of your service; (2) you have five years or less of cumulative service in the uniformed service while with that particular employer; (3) you return to work or apply for reemployment in a timely manner after conclusion of service; and (4) you have not been separated from service with a disqualifying discharge or under other than honorable conditions. If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service, or, in some cases, a comparable job.
- If you are a past or present member of the uniformed service, have applied for membership in the uniformed service, or are obligated to service in the uniformed service, then an employer may not deny you initial employment, reemployment, retention in employment, promotion, or any benefit of employment because of this status. In addition, an employer may not retaliate against any assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.
- If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your *Dependents* for up to 24 months while in the military.
- If you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (for example, pre-existing condition exclusions) except for service-connected illnesses or injuries.
- Service members may be required to pay up to 102% of the premium for the health plan coverage. If coverage is for less than 31 days, the service member is only required to pay the employee share, if any, for such coverage.
- USERRA coverage runs concurrently with COBRA and other state continuation coverage.
- The U.S. Department of Labor, Veterans' Employment and Training Service is authorized to investigate and resolve complaints of USERRA violations.

For assistance in filing a complaint, or for any other information on USERRA, contact VETS at 1-866-4-USA-DOL or visit its website at <a href="www.dol.gov/vets.">www.dol.gov/vets.</a>. If you file a complaint with VETS and VETS is unable to resolve it, you may request that your case be referred to the Department of Justice for representation. You may also bypass the VETS process and bring a civil action against an employer for violations of USERRA. The rights listed here may vary depending on the circumstances.

For more information, please contact your Group.

# Chapter 6 -- How to File a Claim and Member Satisfaction

# How to File a Claim

#### **Network Providers**

When you receive care from a *Network Provider*, you do not have to submit claim forms. The *Network Provider* will submit claim forms to *Us* for you. We will make payment directly to the *Network Provider*.

#### Non-Network Providers

When you receive care from a *Non-Network Provider*, you may have to file a claim form. Claim forms are available from the *Group* or *Tufts Health Plan* (see "To Obtain Claim Forms" below).

# Hospital Admission or *Day Surgery*

When you receive care from a hospital that is a *Non-Network Provider*, have the hospital complete a claim form. The hospital should submit the claim form directly to us. If you are responsible for any portion of the hospital bill, *We* will send you an explanation of benefits statement. The explanation of benefits will tell you how much you owe the *Non-Network Hospital*.

# **Outpatient Medical Expenses**

When you receive care from a *Non-Network Provider*, you are responsible for completing claim forms. (Check with the *Non-Network Provider* to determine if he or she will submit the claim directly to *Us* for you or whether you will be required to submit the claim form directly to us yourself.)

If you sign the appropriate section on the claim form, We will make payment directly to the Non-Network Provider. If you are responsible for any portion of the bill, We will send you an explanation of benefits statement. The explanation of benefits will tell you how much you owe the Non-Network Provider.

If you do not sign the appropriate section on the claim form, *We* will make the payment directly to you. If you have not already paid, you will be responsible for paying the *Non-Network Provider* for services you received. If you are responsible for any portion of the bill above what *We* pay, *We* will send you an explanation of benefits statement. The explanation of benefits statement will tell you how much you owe the *Non-Network Provider*.

### **To Obtain Claim Forms**

Claim forms are available from the *Group* or by calling Member Services.

#### **Where to Forward Medical Claim Forms**

Send completed claim forms to:

Tufts Health Plan Claims Department P.O. Box 178 Canton, MA 02021

Submit separate claim forms for each family member.

#### **Pharmacy Expenses**

If you obtain a prescription at a non-designated or out-of-network pharmacy, you must pay for the prescription up front; then you must submit a claim for reimbursement. Call Member Services for claim forms. Or visit *Our* website at <a href="https://tuftshealthplan.com/member/employer-individual-or-family-plans/forms-documents/forms

# **Member Satisfaction Process**

Tufts Health Plan has a multi-level Member Satisfaction process including:

- Internal Inquiry.
- Member Grievance Process.
- Internal Member Appeals.
- External review by an independent review organization (IRO) designated by the Rhode Island Office of the Health Insurance Commissioner.

Mail all grievances and appeals to *Us* at the following address. Or you can fax it to *Us* at (617) 972-9505.

Tufts Health Plan
Attn: Appeals and Grievances Dept.
P.O. Box 474
Canton, MA 02021

You may also submit your appeal or grievance in-person at this address:

Tufts Health Plan 1 Wellness Way Canton, MA 02021

You can also call *Us* at **800-463-8080**. Alternatively, you may submit your appeal or grievance in person at the above address.

# Internal Inquiry:

Call a *Tufts Health Plan Member* Specialist to discuss concerns you have about your health care coverage. *We* will make every effort to resolve your concerns you may choose to file a grievance or appeal. You will receive written acknowledgement and written resolution in accordance with the timelines outlined below.

We maintain records of each inquiry made by a Member or by that Member's authorized representative.

#### Member Grievance Process

A grievance is a formal complaint about actions taken by a *Tufts Health Plan* or *Network Provider*. There are two types of grievances: administrative grievances and clinical grievances. The two types of grievances are described below.

It is important that you contact *Us* as soon as possible to explain your concern. Grievances may be filed either verbally or in writing. You may choose to file a grievance verbally. If you do this, please call a *Tufts Health Plan* Member Specialist. That person will document your concern and forward it to an Appeals and Grievances Analyst in the Appeals and Grievances Department. To accurately reflect your concerns, you may want to put your grievance in writing. Then send it to the P.O. Box address at the beginning of this section. Your explanation should include:

- your name and address;
- your Member ID number;
- a detailed description of your concern (including relevant dates, any applicable medical information, and *Provider* names); and
- any supporting documentation.

<u>Important Note</u>: The *Member* Grievance Process does not apply to requests for a review of a denial of coverage. If you are seeking such a review, please see the "Internal *Member* Appeals" section below.

#### **Administrative Grievances**

An administrative grievance is a complaint about a *Tufts Health Plan* employee, department, policy, or procedure, or about a billing issue.

## **Administrative Grievance Timeline**

- You may file your grievance verbally or in writing. We will notify you by mail. We will notify you within five (5)
  business days after receiving your grievance that your verbal grievance or grievance letter has been received. We
  will provide you with the name, address, and telephone number of the Appeals and Grievances Specialist
  coordinating the review of your grievance.
- We will review your grievance and will send you a letter regarding the outcome. As allowed by law, We will send that letter within thirty (30) calendar days of receipt.
- The time limits in this process may be waived or extended beyond the time allowed by law. This would be done by mutual written agreement between you or your authorized representative and *Tufts Health Plan*.

#### **Clinical Grievances**

A clinical grievance is a complaint about the quality of care or services that you have received. You may have concerns about your medical care. If so, you should discuss them directly with your *Provider*. If you are not satisfied with your *Provider*'s response (or do not wish to address your concerns directly with your *Provider*) contact Member Services to file a clinical grievance.

- You may file your grievance verbally or in writing. We will notify you, within five (5) business days after receiving
  your grievance, that your verbal grievance or grievance letter has been received. That notification will provide you
  with the name, address, and telephone number of the Quality Management Intake Coordinator who is coordinating
  the review of your grievance.
- We will review your grievance and will send you a letter regarding the outcome. As allowed by law, We will send that letter within thirty (30) calendar days of receipt.
- The time limits in this process may be waived or extended beyond the time allowed by law. This would be done by mutual written agreement between you or your authorized representative and *Tufts Health Plan*.

# Internal Member Appeals

An appeal is a request for a review of a denial of coverage for a service or supply that has been reviewed and denied by *Tufts Health Plan* or its delegate based on:

- Medical Necessity (an adverse determination); or
- a denial of coverage for a specifically excluded service or supply.

The *Tufts Health Plan* Appeals and Grievances Department will coordinate review all of information submitted upon appeal. That review will consider your benefits as detailed in this *Evidence of Coverage*.

It is important that you contact *Us* as soon as possible to explain your concern. You have 180 days from the date you were notified of the denial of benefit coverage (or claim payment) to file an internal appeal.

Your explanation should include;

- your name and address;
- your Member ID number;
- a detailed description of your concern. This includes relevant dates, any applicable medical information, and Provider names; and
- any supporting documentation.

### Appeals Timeline

- Within 48 hours of receiving your appeal, We will notify you in writing. Our letter will include the (1) name, address, and telephone number of the Appeals and Grievances Specialist coordinating the review of your appeal; and (2) a summary of Our understanding of your concerns.
- Tufts Health Plan or its delegate will review your appeal and make a decision. Tufts Health Plan will send you a decision letter within thirty (30) calendar days of receipt.

**Note**: If you need help, Rhode Island's health insurance consumer assistance program, RIREACH, can help you. Contact RIREACH at 1-855-747-3224.

# When Medical Records are Necessary

Your appeal may require the review of medical records. In this event, you will receive a form. You must sign the form to authorize your *Providers* to release to medical information relevant to your appeal to *Tufts Health Plan*. You must sign and return the form to *Us* before *Tufts Health Plan* or its delegate can begin the review process. If you do not sign and return the form to *Us* within thirty (30) calendar days of the date you filed your appeal, *We* may issue a response to your request without reviewing the medical records. You will have access to any medical information and records relevant to your appeal in *Our* possession and control.

**Note:** Prior to issuing any adverse benefit determination, the review process will comply with Rhode Island law 27-18.9-7 (b)(3).

# Who Reviews Appeals?

Appeals of a medical necessity determination will be reviewed by a licensed practitioner:

- in the same or similar specialty as typically treats the medical condition, procedure, or treatment under review; and
- who did not participate in any of the prior decisions on the case; and
- who has not participated in your direct care.

A committee within the Appeals and Grievances Department will review appeals involving non-Covered Services.

# **Appeal Response Letters**

The letter you receive from *Tufts Health Plan* will include identification of the specific information considered for your appeal and an explanation of the basis for the decision. A response letter regarding an adverse *medical necessity* appeal determination will include: the specific information upon which the adverse *medical necessity* appeal determination was based; *Our* understanding of your presenting symptoms or condition; diagnosis and treatment interventions, and the specific reasons such medical evidence fails to meet the relevant medical review criteria; alternative treatment options offered, if any; applicable clinical practice guidelines and review criteria; the title and credentials of the individual who reviewed the case; notification of the steps to request external review by an independent review organization designated by the Rhode Island Office of the Health Insurance Commissioner; and the availability of translation services and consumer assistance programs.

# **Expedited Appeals**

We recognize that there are circumstances that require a quicker turnaround than the thirty (30) calendar days allotted for the standard Appeals Process. We will expedite an appeal when there is an ongoing service about to terminate or a service to be delivered imminently whereby a delay in treatment would seriously jeopardize your life and health or jeopardize your ability to regain maximum function. If you feel that your request meets the criteria above, you or your attending Provider should contact Member Services. We may also process an appeal for a non-covered drug with a quicker turnaround.

Additionally, We will expedite your appeal if a medical professional determines it involves emergent health care services. (Defined as services provided in the event of the sudden onset of a medical, mental/behavioral health, or substance use disorder or other health care condition manifesting itself by acute symptoms of a severity (e.g., severe pain) where the absence of immediate medical attention could be reasonably expected to result in placing your health in serious jeopardy, serious impairment to bodily or mental functions, or serious dysfunction of any body organ or part). If you feel your request meets the criteria cited above, you or your attending *Provider* should contact Member Services. Under these circumstances, you will be notified of *Our* decision as soon as possible, taking into account the medical exigencies, but no later than seventy-two (72) hours after the receipt of your request.

If your request meets the criteria for an expedited review, you may also file a request for a simultaneous external appeal.

#### **External Review**

Tufts Health Plan provides for independent external review of final adverse medical necessity determinations.

The Rhode Island Office of the Health Insurance Commissioner (OHIC) has designated independent review organizations (IROs) who perform independent external reviews. Assignment of IROs to perform these external reviews is on a rotational basis as directed by the OHIC.

Please note that these IROs are not connected in any way with *Tufts Health Plan*. Also, appeals for coverage of services excluded from coverage under your plan are not eligible for external review.

**Note**: Payment disputes are not eligible for external review, except when the appeal is filed to determine if surprise billing protections are applicable.

To initiate an external appeal, you must send a letter to *Us* within four (4) months of the receipt of your internal appeal adverse determination letter. In your letter requesting an external appeal, you must include any additional information that you would like the IRO to consider.

There is no filing fee and no minimum dollar claim amount required to request an external appeal.

You will have at least five (5) business days for standard appeals or twenty-four (24) hours for expedited appeals to submit additional information for your external review to *Tufts Health Plan*.

Tufts Health Plan considers all medical exigencies when handling an external review and will process the request as expeditiously as possible. No later than six (5) business days for standard appeals and two (2) business days of receipt of your written request, Tufts Health Plan will forward the complete review file, including the criteria utilized in rendering its decision, to the IRO.

The IRO's external review shall be based on the following:

- the review criteria used by Tufts Health Plan to make the internal appeal determination;
- the medical necessity for the care, treatment or service for which coverage was denied; and
- the appropriateness of the service delivery for which coverage was denied.

The IRO shall notify you and your *Provider* of record of its external appeal decision to uphold or overturn the appeal:

- no more than 10 calendar days from receipt of all the information necessary to complete the review for standard appeals (within 72 hours from receipt of the request for expedited appeals); and
- not greater than forty-five (45) calendar days after receipt of the request for external review.

The decision of the IRO is binding. However, any person who is not satisfied with the IRO's final decision is entitled to judicial review in a court of competent jurisdiction.

If the IRO overturns *Tufts Health Plan*'s appeal decision, *We* will send you a written notice within five (5) business days of receipt of the written decision from the IRO. This notice will:

- include an acknowledgement of the decision of the IRO;
- advise you of any additional procedures that you need to take in order to obtain the requested coverage or services;
- advise you of the date by which the payment will be made or the authorization for services will be issued by *Tufts*Health Plan or its delegate; and
- include the name and phone number of the person at *Tufts Health Plan* who will assist you with final resolution of the appeal.

# Bills from Providers / Member Reimbursement Process

Occasionally, you may receive a bill from a *Non-Network Provider for Covered Services*. Before paying the bill, contact the Member Services Department.

If you <u>do</u> pay the bill, you must send *Our Member* Reimbursement Medical Claims Department the following information:

- a completed, signed Member Reimbursement Medical Claim Form, which can be obtained from Our website or by contacting Our Member Services Department; and
- the documents required for proof of service and payment. These are listed on the Member Reimbursement Medical Claim Form.

The address for the Member Reimbursement Medical Claims Department is listed on the Member Reimbursement Medical Claim Form.

<u>Please note</u>: You must contact *Tufts Health Plan* about your bill(s) or send your bill(s) to *Us* within 90 days from the date of service (or as soon as reasonably possible). If you do not, the bill cannot be considered for payment, unless you are legally incapacitated. In no event, except in cases of legal incapacitation, can bills be considered for payment after a period of one (1) year on file.

<u>If you receive Covered Services from a Non-Network Provider</u>, We will pay up to the Reasonable Charge for the services within 30 days of receiving (i) a completed Member Reimbursement Medical Claim Form; and (ii) all required supporting documents. Incomplete requests and requests for services rendered outside of the United States may take longer. Reimbursements will be sent to the Subscriber at the address Tufts Health Plan has on file.

We reserve the right to be reimbursed by the Member for payments made due to Our error.

#### **IMPORTANT NOTE**

Certain services you receive from *Non-Network Providers* at *Network Hospital* are reimbursable at the in-*Network Level of Benefits*. Some examples of these types of *Non-Network Providers* include:

- radiologists, pathologists, and anesthesiologists who work in hospitals; and
- Emergency room specialists.

You may receive a bill from a *Non-Network Provider*. If this happens, please follow the member reimbursement process described above.

# **Pharmacy Expenses**

If you obtain a prescription at a non-designated pharmacy, you will need to pay for the prescription up front and submit a claim for reimbursement. Pharmacy claim forms can be obtained by contacting a *Member* Specialist. You can also get one at *Our* website at **www.tuftshealthplan.com.** 

## **Limitation on Actions**

You cannot bring an action at law or in equity to recover on this *Group Contract* prior to the expiration of sixty (60) days after a claim has been filed in accordance with the requirements stated under "How to File a Claim" earlier in this chapter. You cannot bring such action at all unless you bring it within three (3) years from the expiration of the time within which a claim must be filed as listed under "Bills from Providers" earlier in this chapter.

# **Chapter 7 -- Other Plan Provisions**

# **Subrogation**

# Tufts Health Plan's right of subrogation

You may have a legal right to recover some or all of the costs of your health care from someone else (a "Third Party"). "Third Party" means any person or company that is, could be, or is claimed to be responsible for the costs of injuries or illness to you. This includes such costs to any *Dependent* covered under this plan.

Tufts Health Plan may cover health care costs for which a Third Party is responsible. In this case, We may require that Third Party to repay Us the full cost of all such benefits provided by this plan. Our rights of recovery apply to any recoveries made by you or on your behalf from any source. This includes, but is not limited to:

- payments made by a Third Party;
- payments made by any insurance company on behalf of the Third Party;
- any payments or rewards under an uninsured or underinsured motorist coverage policy;
- any disability award or settlement;
- medical payments coverage under any automobile policy;
- premises or homeowner's medical payments coverage;
- premises or homeowner's insurance coverage; and
- any other payments from a source intended to compensate you for Third Party injuries.

We have the right to recover those costs in your name. We can do this with or without your consent, directly from that person or company. Our right has priority, except as otherwise provided by law. We can recover against the total amount of any recovery, regardless of whether:

- all or part of the recovery is for medical expenses; or
- the recovery is less than the amount needed to reimburse you fully for the illness or injury.

# Personal Injury Protection/MedPay Benefits

You may be entitled to benefits under your own or another individual's automobile coverage, regardless of fault. These benefits are commonly referred to as Personal Injury Protection (PIP) and Medical Payments (MedPay) benefits. *Our* coverage is secondary to both PIP and MedPay benefits. If *We* pay benefits before PIP or MedPay benefits have been exhausted, *We* may recover the cost of those benefits as described above.

# Tufts Health Plan's right of reimbursement

This provision applies in addition to the rights described above. You may recover money by suit, settlement, or otherwise. If this happens, you are required to reimburse *Us* for the cost of health care services, supplies, medications, and expenses for which *We* paid or will pay. This right of reimbursement attaches when *We* have provided health care benefits for expenses where a Third Party is responsible and you have recovered any amounts from any sources. This includes, but is not limited to:

- payments made by a Third Party;
- payments made by any insurance company on behalf of the Third Party;
- any payments or awards under an uninsured or underinsured motorist coverage policy;
- any disability award or settlement;
- medical payments coverage under any automobile policy;
- premises or homeowner's medical payments coverage;
- premises or homeowner's insurance coverage; and
- any other payments from a source intended to compensate you when a Third Party is responsible.

We have the right to be reimbursed up to the amount of any payment received by you. This is regardless of whether:

- all or part of the payment to you was designated, allocated, or characterized as payment for medical expenses; or
- the payment is for an amount less than that necessary to compensate you fully for the illness or injury.

### **Member** cooperation

You further agree:

- to notify Us promptly and in writing when notice is given to any Third Party or representative of a Third Party of the
  intention to investigate or pursue a claim to recover damages or obtain compensation;
- to cooperate with *Us* and provide *Us* with requested information;
- to do whatever is necessary to secure Our rights of subrogation and reimbursement under this Plan;
- to assign *U*s any benefits you may be entitled to receive from a Third Party. Your assignment is up to the cost of health care services and supplies, and expenses, that *We* paid or will pay for your illness or injury;
- to give *Us* a first priority lien on any recovery, settlement, or judgment or other source of compensation which may be had by any Third Party. You agree to do this to the extent of the full cost of all benefits associated with Third Party responsibility;
- to do nothing to prejudice Our rights as set forth above. This includes, but is not limited to, refraining from making
  any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by
  this Plan;
- to serve as a constructive trustee for the benefit of this Plan over any settlement or recovery funds received as a
  result of Third Party responsibility;
- that We may recover the full cost of all benefits provided by this Plan without regard to any claim of fault on your party, whether by comparative negligence or otherwise;
- that no court costs or attorney fees may be deducted from *Our* recovery;
- that We are not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any Third Party; and
- that in the event you or your representative fails to cooperate with Tufts Health Plan, you shall be responsible for all benefits provided by this Plan in addition to costs and attorney's fees incurred by Tufts Health Plan in obtaining repayment.

# Workers' compensation

Employers provide workers' compensation insurance for their employees. Employers do this to protect them in case of work-related illness or injury.

If you have a work-related illness or injury, you and your employer must ensure that all medical claims related to the illness or injury are billed to your employer's workers' compensation insurer. We will not provide coverage for any injury or illness for which it determines that the *Member* is entitled to benefits pursuant to: (1) any worker's compensation statute or equivalent employer liability; or (2) indemnification law. This is the case whether or not the employer has obtained workers' compensation coverage as required by law.

We may pay for costs of health care services or medications for any work-related illness or injury. If We do this, then We have the right to recover those costs from you, the person, or company legally obligated to pay for such services, or from the *Provider*. If your *Provider* bills services or medications to Us for any work-related illness or injury, please contact the Liability and Recovery Department at 1-888-880-8699, x. 21098.

# Subrogation Agent

We may contract with a third party to administer subrogation recoveries. In such case, that subcontractor will act as Our agent.

#### **Constructive Trust**

By accepting benefits from *Tufts Health Plan*, you hereby agree that if you receive any payment from any responsible party as a result of an injury, illness, or condition, you will serve as a constructive trustee over the funds that constitute such payment. This is the case whether the payment of such benefits is made to you directly or made on your behalf, for example to a *Provider*. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to *Tufts Health Plan*.

# Coordination of This *Group Contract's* Benefits with Other Benefits Applicability

- A. This Coordination of Benefits ("COB") provision applies to This Plan when an employee or the employee's covered *Dependent* has health care coverage under more than one Plan. "Plan" and "This Plan" are defined below.
- B. If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of "This Plan" are determined before or after those of another plan. The benefits of "This Plan":
  - 1. shall not be reduced when, under the order of benefit determination rules, "This Plan" determines its benefits before another plan; but
  - 2. may be reduced when, under the order of benefits determination rules, another plan determines its benefits first. The above reduction is described in the "Effect on the Benefits of "This Plan" " section below.
  - 3. shall be reduced by any medical benefits coverage under group or individual automobile contracts

Note: We coordinate benefits with Medicare according to federal law and will follow federal law rather than state law to the extent there are differences

#### **Definitions**

- A. "Plan" is any of the following which provides benefits or services for, or because of, medical or dental care or treatment:
  - 1. Group insurance or group-type coverage whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.
  - 2. Coverage under a governmental plan, or coverage required to be provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time). Each contract or other arrangement for coverage under (1) or (2) is a separate plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate plan.
- B. "This Plan" is the part of the *Group Contract* that provides benefits for health care expenses.
- C. "Primary Plan/Secondary Plan:" The order of benefit determination rules state whether "This Plan" is a Primary Plan or Secondary Plan as to another plan covering the person. When "This Plan" is a Primary Plan, its benefits are determined before those of the other plan and without considering the other plan's benefits. When "This Plan" is a Secondary Plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits. When there are more than two plans covering the person, "This Plan" may be a Primary Plan as to one or more other plans, and may be a Secondary Plan as to a different plan or plans.
- D. "Allowable Expense" means a necessary, reasonable and customary item of expense for health care; when the item of expense is covered at least in part by one or more plans covering the person for whom the claim is made. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an Allowable Expense under the above definition unless the patient's stay in a private hospital room is medically necessary either in terms of generally accepted medical practice, or as specifically defined in the plan. When a primary plan's benefits are reduced because a covered person does not comply with plan provisions (such as precertification or failure to use a preferred provider), the amount of the reduction will not be considered an Allowable Expense. When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid. As permitted under Rhode Island law, We coordinate benefits for prescription drug claims pursuant to Our secondary payer amount (Our contracted rate) in all cases

#### Order of Benefit Determination Rules

- A. General. When there is a basis for a claim under "This Plan" and another plan, "This Plan" is a Secondary Plan which has its benefits determined after those of the other plan, unless:
  - 1. The other plan has rules coordinating its benefits with those of "This Plan"; and
  - 2. Both those rules and "This Plan's" rules, in Subsection B below, require that "This Plan's" benefits be determined before those of the other plan.
- B. Rules. "This Plan" determines its order of benefits using the first of the following rules which applies:
  - 1. Non-Dependent/Dependent.
    - a. Subject to Subparagraph (b) of this paragraph, the plan that covers the person other than as a *Dependent*, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a *Dependent* is the secondary plan.
    - b.(i) If the person is a Medicare beneficiary, and, as a result of the provisions on Title XV111 of the Social Security Act and implementing regulations, Medicare is:
      - I. Secondary to the plan covering the person as a *Dependent*; and
      - II. Primary to the plan covering the person as other than a *Dependent* (e.g., a retired employee),
    - b.(ii) Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a *Dependent* is the primary plan.
  - 2. Dependent Child/Parents Not Separated or Divorced. For a dependent child whose parents are married or are living together whether or not they have ever been married.
    - a. The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but
    - b. If both parents have the same birthday, the benefits of the plan which covered the parents longer are determined before those of the plan which covered the other parent for a shorter period of time.
  - 3. Dependent Child/Separated or Divorced. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
    - a. If a court decree states that one of the parents is responsible for the health care expenses or health care coverage of the dependent child, and the plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This rule applies to plan years commencing after the plan is given notice of the court decree;
    - b. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Paragraph B(2) above shall determine the order of benefits;
    - c. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Paragraph B(2) above shall determine the order of benefits; or
    - d. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
      - i. The plan covering the Custodial Parent;
      - ii. The plan covering the spouse of the Custodial Parent;
      - iii. The plan covering the non-custodial parent; and then
      - iv. The plan covering the spouse of the non-custodial parent.
  - 4. For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of Paragraph B(2) or B(3) above shall determine the order of benefits as if those individuals were the parents of the child.
  - 5. Parental and Spousal Coverage.
    - a. For a *Dependent Child* who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in Paragraph B(8) applies.
    - b. In the event the *Dependent Child's* coverage under the spouse's plan began on the same date as the *Dependent Child's* coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Paragraph B(2) to the *Dependent Child's* parent(s) and the *Dependent's* spouse.

- 6. Active/Inactive Employee. The benefits of a plan which covers a person as an employee who is neither laid off nor retired (or as that employee's *Dependent*) are determined before those of a plan which covers that person as a laid off or retired employee (or as that employee's *Dependent*). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this Rule (6) is ignored. This rule does not apply if the rule in Paragraph B(1) can determine the order of benefits.
- 7. COBRA or State Continuation.
  - a. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a *Dependent* of an employee, member, subscriber or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.
  - b. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this Rule (7) is ignored.
  - c. This rule does not apply if the rule in Paragraph B(1) can determine the order of benefits.
- 8. Longer/Shorter Length of Coverage.
  - a. If the preceding rules do not determine the order of benefits, the plan that covered the person longer is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.
  - b. To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within twenty-four (24) hours after coverage from the first ended.
  - c. The start of a new plan does not include:
    - i. A change in the amount or scope of the plan's benefits;
    - ii. A change in the entity which pays, provides or administers the plan's benefits; or
    - iii. A change from one type of plan to another (such as from single employer to that of multiple employer plan).
  - d. The person's length of time covered under a plan is measured from the person's first date of coverage under the plan. If the date is not readily available, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.
- 9. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This plan will not pay more than it would have paid had it been the Primary plan.

#### Effect on the Benefits of "This Plan"

When "This Plan" is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim as secondary, "This Plan" will calculate the benefits payable in the absence of other health care coverage and apply that calculated amount to any allowable expense that is unpaid by the Primary Plan. "This Plan" will reduce its payment so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all plans for the claim do not exceed the total Allowable Expense for the claim. In addition, "This Plan" shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage. As permitted under Rhode Island law for prescription drug claims, the benefits of "This Plan" will be reduced so that they and the benefits payable under the other plans do not total more than the Allowable Expenses of "This Plan".

# Right to Receive and Release Needed Information

Certain facts are needed to apply these COB rules. *Tufts Health Plan* has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. *Tufts Health Plan* need not tell, or get the consent of, any person to do this. Each person claiming benefits under "This Plan" must give *Tufts Health Plan* any facts it needs to pay the claim. After you enroll, **you must notify** *Us* **of new coverage, termination of other coverage, or if you are enrolled in any high deductible health plan with a health savings account (HSA).** 

# **Facility of Payment**

A payment made under another plan may include an amount which should have been paid under "This Plan". If it does, *Tufts Health Plan* may pay that amount to the organization which made that payment. That amount will then be treated as though it Were a benefit paid under "This Plan". *Tufts Health Plan* will not have to pay that amount again. The term "payment made" means reasonable cash value of the benefits provided in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

# **Right of Recovery**

If the amount of the payments made by *Tufts Health Plan* is more than it should have paid under this COB provision, it may recover the excess from one or more of:

- A. The persons it has paid or for whom it has paid;
- B. Insurance companies; or
- C. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

**For more information:** Contact the Liability and Recovery Department at 1-888-880-8699, x.1098. You can also call Member Services. That person can transfer your call to the Liability and Recovery Department.

# **Medicare Eligibility**

When a *Subscriber* or an enrolled *Dependent* reaches age 65, that person may become entitled to Medicare based on his or her age. That person may also become entitled to Medicare under age 65 due to disability or end stage renal disease.

### Tufts Health Plan will pay benefits before Medicare:

- for you or your enrolled *Spouse*, if you or your *Spouse* is age 65 or older, if you are actively working and if your employer has 20 or more employees;
- for you or your enrolled *Dependent*, for the first 30 months you or your *Dependent* is eligible for Medicare due to end stage renal disease; or
- for you or your enrolled *Dependent*, if you are actively working, you or your *Dependent* is eligible for Medicare under age 65 due to disability, and your employer has 100 or more employees.

# Tufts Health Plan will pay benefits after Medicare (including if you are eligible and not enrolled):

- if you are age 65 or older and are not actively working;
- if you are age 65 or older and your employer has fewer than 20 employees;
- after the first 30 months you are eligible for Medicare due to end stage renal disease; or
- if you are eligible for Medicare under age 65 due to disability but are not actively working or are actively working for an employer with fewer than 100 employees.

<u>Note</u>: In any of the circumstances described above, you will receive benefits for *Covered Services* that Medicare does not cover. If you are eligible for Medicare, but do not have it because you failed to apply for it or you dropped it, the Plan will estimate the amount that would be payable by Medicare and pay secondary benefits accordingly. The Plan will not pay any amounts that would have been paid by Medicare if you had properly applied for it. This applies to both Parts A and B of Medicare.

# **Use and Disclosure of Medical Information**

Tufts Health Plan's Notice of Privacy Practices (Appendix B) explains how We use and disclose your medical information. Our Notice of Privacy Practices is also available on our website at

https://tuftshealthplan.com/member/employer-individual-or-family-plans/forms-documents/forms-documents
If you have questions or would like a paper copy of *Our Notice of Privacy Practices*, please call Member Services.

# Relationships between Tufts Health Plan and Providers

Tufts Health Plan arranges health care services. We do <u>not</u> provide health care services. We have agreements with Providers practicing in their private offices throughout the Network Contracting Area. These Providers are independent. They are not Tufts Health Plan employees, agents or representatives. Providers are <u>not</u> authorized to change this Evidence of Coverage or assume or create any obligation for Tufts Health Plan.

We are not liable for acts, omissions, representations or other conduct of any Provider.

# Circumstances beyond Tufts Health Plan's Reasonable Control

Tufts Health Plan shall not be responsible for a failure or delay in arranging for the provision of services in cases of circumstances beyond the reasonable control of Tufts Health Plan. Such circumstances include, but are not limited to: major disaster; epidemic; strike; war; riot; and civil insurrection. In such circumstances, We will make a good faith effort to arrange for the provision of services. In doing so, We will take into account the impact of the event and the availability of Network Providers.

# **Group Contract**

# Acceptance of the terms of the Group Contract

By signing and returning the membership application form, you: (1) apply for *Group* coverage; and (2) agree on behalf of yourself and your enrolled *Dependents*, to all the terms and conditions of the *Group Contract*, including this *Evidence* of *Coverage*.

#### Notes:

- The validity of the *Group Contract* cannot be contested, except for non-payment of *Premium*, after it has been in force for two years from its date of issue.
- A copy of the *Group*'s application will be attached to the *Group Contract* when issued. All statements made by the *Group* or by *Members* in that application shall be deemed representations and not warranties.
- No agent has authority to change the *Group Contract* or waive any of its provisions. In addition, no change in the *Group Contract* shall be valid unless approved by an officer of *Tufts Health Plan* and evidenced by an amendment to the *Group Contract* signed by *Us.* Please note, though, that any such amendment that reduces or eliminates coverage must be requested in writing by the *Group* or signed by the *Group*.

### Payments for coverage

We will bill your *Group* and your *Group* will pay *Premiums* to *Us* for you. We are not responsible if your *Group* fails to pay the *Premium*. This is true even if your *Group* has charged you (for example, by payroll deduction) for all or part of the *Premium*.

**Note**: Your *Group* may fail to pay the *Premium* on time. If this happens, *We* may cancel your coverage in accordance with the *Group Contract* and applicable state law. For more information on the notice to be provided, see "Termination of the *Group Contract*" in Chapter 4.

We may change the Premium. If the Premium is changed, the change will apply to all Members in your Group.

# Changes to this Evidence of Coverage

We may change this Evidence of Coverage. Changes do not require your consent. An amendment to this Evidence of Coverage describing the changes will be sent to you. It will include the Effective Date of the change. Changes will apply to all benefits for services received on or after the Effective Date with one exception.

Exception: A change will not apply to you if you are an *Inpatient* on the *Effective Date* of the change until the earlier of your discharge date or the date *Annual Coverage Limitations* are used up.

**Note**: If changes are made, they will apply to all *Members* in your *Group*. They will not apply just to you.

#### **Notice**

Notice to Members: When We send a notice to you, it will be sent to your last address on file with Us.

Notice to Tufts Health Plan: Members should address all correspondence to:

Tufts Health Plan P.O. Box 308 Canton, MA 02021

#### **Enforcement of terms**

We may choose to waive certain terms of the *Group Contract*, if applicable. This includes the *Evidence of Coverage*. This does not mean that We give up *Our* rights to enforce those terms in the future.

### When this Evidence of Coverage Is Issued and Effective

This Evidence of Coverage is issued and effective on your Group Anniversary Date on or after January 1, 2023. It supersedes all previous Evidence of Coverages. We will issue a copy of the Evidence of Coverage to the Group and to all Subscribers enrolled under this plan.

# **Appendix A -- Glossary of Terms And Definitions**

This section defines the terms used in this Evidence of Coverage.

#### **Adverse Benefit Determination**

This means any of the following, in accordance with federal law (29 C.F.R. 2560.503-1): a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participant's or beneficiary's eligibility to participate in a plan, and including, with respect to group health plans, a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not *Medically Necessary* or appropriate. Adverse Benefit Determination also includes a Rescission, as this term is defined in Chapter 4, "When Coverage Ends."

#### **Adoptive Child**

A Child is an Adoptive Child as of the date he or she:

- is legally adopted by the Subscriber, or
- is placed for adoption with the *Subscriber*. This means that the *Subscriber* has assumed a legal obligation for the total or partial support of a *Child* in anticipation of adoption. If the legal obligation ceases, the *Child* is no longer considered placed for adoption.

**Note:** As required by state law, a foster child is considered an Adoptive Child as of the date of placement for adoption was filed.

#### **Allowed Cost or Allowed Amount**

Maximum amount on which payment is based for covered health care services. This may be called "eligible expense", "payment allowance", or "negotiated rate".

#### **Anniversary Date**

The date upon which the *Group Contract* and each successive annual renewal date.

#### **Annual Coverage Limitations**

Annual dollar or time limitations on Covered Services.

#### **Authorized Review**

Authorized Review refers to prospective, concurrent, and retrospective reviews of health care services for *Medical Necessity* and is performed by an *Authorized Reviewer*.

#### **Authorized Reviewer**

An Authorized Reviewer reviews and approves certain services and supplies to *Members*. He or she is *Tufts Health Plan's* Chief Medical Officer (or equivalent) or someone that person names (which may include a delegate).

### **Behavioral Health Disorders**

Psychiatric illnesses or diseases listed as mental disorders in the latest edition, at the time treatment is given, of the <u>American Psychiatric Association's Diagnostic and Statistical Manual: Mental Disorders</u>.

#### **Board-Certified Behavior Analyst (BCBA)**

A Board-Certified Behavior Analyst (BCBA) meets the qualifications of the Behavior Analyst Certification Board (BACB) by achieving a master's degree, training, experience, and other requirements. *BCBAs* must also be individually licensed by the Rhode Island Department of Health as a healthcare provider/clinician, and credentialed by *Tufts Health Plan*. A BCBA professional conducts behavioral assessment, designs and supervises behavior analytic interventions, and develops and implements assessment and interventions for *Members* with diagnoses of autism spectrum disorders. BCBAs may supervise the work of Board-Certified Assistant Behavior Analysts and other *Paraprofessionals* who implement behavior analytic interventions.

### Child

The following individuals until the last day of the month in which the Child's 26th birthday occurs:

- the Subscriber's or Spouse's natural child, stepchild, or Adoptive Child; or
- any other Child for whom the Subscriber has legal guardianship; or

#### Coinsurance

The percentage of costs you must pay for certain Covered Services.

- For services provided by a *Network Provider*, your share is a percentage of:
  - the applicable *Network* fee schedule amount for those services; or
  - the Network Provider's actual charges for those services, whichever is less.

<u>Note</u>: The *Member's* share percentage is based on the *Network Provider* payment at the time the claim is paid, and does not reflect any later adjustments, payments, or rebates that are not calculated on an individual claim basis. For services provided by a *Non-Network Provider*, your share is a percentage of the *Reasonable Charge* for those services. Costs in excess of the *Reasonable Charge* are not subject to Coinsurance. The *Member* is responsible for any charges in excess of the *Reasonable Charge*.

#### **Community Residence**

Any home or other living arrangement which is established, offered, maintained, conducted, managed, or operated by any person for a period of at least 24 hours, where, on a 24-hour basis, direct supervision is provided for the purpose of providing rehabilitative treatment, *Habilitation*, psychological support, and/or social guidance for three or more persons with substance use disorders or *Mental Disorders*, or persons with *Developmental* disabilities or cognitive disabilities such as brain injury. Examples include, but are not limited to, group homes, halfway homes, and fully-supervised apartment programs. Semi-independent living programs, foster care, and parent deinstitutionalization subsidy aid programs are not considered community residences under this *Evidence of Coverage*.

#### **Contract Year**

The 12-month period determined by the *Group* in which benefit limits, *Deductibles*, *Out-of-Pocket Maximum* and *Coinsurance* are calculated under this plan. A Contract Year can be either a calendar year or a plan year.

- Calendar year: Coverage based on a calendar year runs from January 1<sup>st</sup> through December 31<sup>st</sup> within a year.
- Plan year: Coverage based on a plan year runs during a period of 12 consecutive months that are not a calendar year (for example, July 1st in one calendar year through June 30th in the following calendar year).

**Note**: For a *Group Contract*, the Contract Year is determined by the *Group*.

For more information about the type of Contract Year that applies to your plan, please call Member Services. If you are enrolled in a *Group Contract*, you can also contact your employer for more information about the type of Contract Year that applies to your plan.

### Copayment

The cost you pay for certain *Covered Services*. Copayments are paid to the *Provider* when you receive care unless the *Provider* arranges otherwise. A *Member's* payment for certain *Covered Services* provided by either a *Network Provider* or a *Non-Network Provider*.

#### **Cost Sharing Amount**

The cost you pay for certain *Covered Services*. This amount may consist of *Deductibles, Copayments*, and/or *Coinsurance*.

#### **Covered Service**

The services and supplies for which We will pay. They must be:

- described in Chapter 3 (subject to the "Exclusions from Benefits" section in Chapter 3); and
- Medically Necessary; and
- approved by an Authorized Reviewer.

These services include *Medically Necessary* coverage of pediatric specialty care, including behavioral health care, by *Providers* with recognized expertise in specialty pediatrics.

#### **Custodial Care**

- care provided primarily to assist in the activities of daily living, such as bathing, dressing, eating, and maintaining personal hygiene and safety;
- care, other than behavioral health care, provided primarily for maintaining the Member's or anyone else's safety,
   when no other aspects of treatment require an acute hospital level of care;
- services that could be provided by people without professional skills or training; or
- routine maintenance of colostomies, ileostomies, and urinary catheters; or
- adult and pediatric day care.

Note: Custodial Care is not covered by Tufts Health Plan.

#### **Day Surgery**

Any surgical procedure(s) provided to a *Member* at a facility licensed by the state to perform surgery, and with an expected departure the same day, or in some instances, within 24 hours. Also referred to as "Ambulatory Surgery" or "Surgical Day Care".

#### **Deductible**

For each *Contract Year*, the amount paid by the *Member* for certain *Covered Services* before any payments are made under this *Evidence of Coverage*. Certain amounts do not count toward your Deductible:

- Any amount paid for services, supplies or medications that are not Covered Services.
- Costs in excess of the Reasonable Charge.
- The premium you pay for this plan.

See the "Benefit Overview" at the front of this Evidence of Coverage for additional information about the Deductible.

<u>Note</u>: The amount credited towards the *Member's* Deductible is based on the *Network Providers* negotiated rate at the time the services are provided. It does not reflect any later adjustments, payments, or rebates that are not calculated on an individual claim basis.

#### Dependent

The Subscriber's Spouse, Child, or Disabled Dependent.

### **Developmental**

Refers to a delay in the expected achievement of age-appropriate fine motor, gross motor, social, or language milestones that is not caused by an underlying medical illness or condition.

### **Directory of Health Care Providers**

A searchable list of Network Providers and their affiliated Network Hospitals and certain other Network Providers.

**Note:** This list is updated from time to time with *Providers* changes. For more information about *Network Providers* listed in the Directory of Health Care Providers, call the Member Services Department or check *Our* website.

### **Disabled Dependent**

The Subscriber's or Spouse's natural Child, Stepchild, or Adoptive Child of any age who:

- is medically determined to have a physical or mental health impairment which can be expected to result in death or can be expected to last for a period of not less than 12 months and;
- who is financially dependent on the Subscriber.

#### **Durable Medical Equipment**

Devices or instruments of a durable nature that:

- are reasonable and necessary to sustain a minimum threshold of independent daily living;
- are made primarily to serve a medical purpose;
- are not useful in the absence of illness or injury;
- · can withstand repeated use; and
- can be used in the home.

#### **Effective Date**

The date, according to Our records, when you become a Member and are first eligible for Covered Services.

#### **Emergency**

An illness or medical health condition, whether physical, behavioral, related to substance use disorders, or mental health, that manifests itself by symptoms of sufficient severity, including severe pain, that the absence of prompt medical attention could reasonably be expected by a prudent layperson, who possesses an average knowledge of health and medicine, to result in:

- serious jeopardy to the physical and/or mental health of a *Member* or another person (or with respect to a pregnant *Member*, the *Member*'s or her unborn child's physical and/or mental health); or
- serious impairment to bodily functions; or
- serious dysfunction of any bodily organ or part; or
- with respect to a pregnant woman who is having contractions, inadequate time to effect a safe transfer to another
  hospital before delivery, or a threat to the safety of the Member or her unborn child in the event of transfer to
  another hospital before delivery.

Some examples of illnesses or medical conditions requiring *Emergency* care are severe pain, a broken leg, loss of consciousness, vomiting blood, chest pain, difficulty breathing, or any medical condition that is quickly getting much worse.

# **Evidence of Coverage**

This document and any future amendments.

#### **Experimental or Investigative**

A service, supply, treatment, procedure, device, or medication (collectively "treatment") is considered Experimental or Investigative and therefore, not *Medically Necessary*, if **any** of the following apply:

- the drug or device cannot be lawfully marketed without the approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished or to be furnished;
- the treatment, or the "informed consent" form used with the treatment, was reviewed and approved by the treating facility's institutional review board or other body serving a similar function, or federal law requires such review or approval;
- reliable scientific evidence shows that the treatment is the subject of ongoing Phase I or Phase II clinical trials; is
  the research, experimental, study or investigative arm of ongoing Phase III clinical trials; or is otherwise under study
  to determine its safety, efficacy, toxicity, maximum tolerated dose, or its efficacy as compared with a standard
  means of treatment or diagnosis;
- evaluation by an independent health technology assessment organization has determined that the treatment is not proven safe;
- even if approved for lawful marketing by the U.S. Food and Drug Administration, reliable scientific evidence does
  not support that the treatment is effective in improving health outcomes or that appropriate patient selection has
  been determined;
- the peer-reviewed published literature regarding the treatment is predominantly non-randomized, historically controlled, case controlled or cohort studies; or there are few or no well-designed randomized, controlled trials; or
- there is no scientific or clinical evidence that the treatment is at least as beneficial as any established, evidence-based alternatives.

This definition is fully explained in the corresponding *Medical Necessity* Guidelines.

#### **Family Plan**

Coverage for a Subscriber and his or her Dependents.

#### Free-standing ambulatory surgery center or imaging center

Free-standing facilities such as a free-standing ambulatory surgery center or imaging center is a facility not affiliated with a hospital or a hospital system.

# **Free-standing Urgent Care Center**

A medical facility that provides treatment for *Urgent Care* services (see definition of *Urgent Care*). A Free-standing Urgent Care Center primarily treats patients who have an injury or illness that requires immediate care but is not serious enough to warrant a visit to an emergency room. A Free-standing Urgent Care Center offers an alternative to certain emergency room visits for a *Member* who is not able to visit his or her *Primary Care Provider* or health care *Provider* in the time frame that is felt to be warranted by their condition or symptoms. A Free-standing Urgent Care Center does not provide *Emergency* care, and is not appropriate for people who have life-threatening conditions. *Members* experiencing these conditions should go to an emergency room. Free-standing Urgent Care Centers are not part of a hospital or hospital system and are not *Limited Service Medical* Clinics. To find a Free-standing Urgent Care Center in *Our* network, please visit *Our* website, and click on "Find a Doctor" or call Member Services.

# Group

An employer or other legal entity with which We have an agreement to provide group coverage. An employer Group subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended, is the ERISA plan sponsor. Under a *Group Contract*, the Group is your agent, not *Tufts Health Plan's* agent.

### **Group Contract**

The agreement between Tufts Health Plan and the Group under which:

- We agree to provide Group coverage; and
- the Group agrees to pay a Premium to Us on your behalf.

The Group Contract includes this Evidence of Coverage and any amendments.

#### Habilitation, Habilitative

Health care services provided in accordance with the federal Affordable Care Act (ACA) in order for a person to attain, maintain or prevent deteriorate of a life skill or function never learned or acquired due to a disabling condition. These services may include physical and occupational therapy, and speech-language pathology services in various *Inpatient* and *Outpatient* settings.

#### **Individual Plan**

Coverage for a Subscriber only (no Dependents).

#### In-Network Level of Benefits

The level of benefits that a *Member* receives when *Covered Services* are provided by a *Network Provider* See Chapter 1 for more information.

#### Inpatient

A patient who is admitted to a hospital or other facility licensed to provide continuous care and is classified as an *Inpatient* for all or a part of the day.

#### **Limited Service Medical Clinic**

A walk-in medical clinic licensed to provide limited services, generally based in a retail store. Care is provided by a nurse practitioner or physician assistant. A Limited Service Medical Clinic offers an alternative to certain emergency room visits for a *Member* who requires less emergent care or who is not able to visit his or her *Primary Care Provider* in the time frame that is felt to be warranted by their condition or symptoms. Some examples of common illnesses a Limited Service Medical Clinic can treat include strep throat, or eye, ear, sinus, or bronchial infections. The services provided by a Limited Service Medical Clinic are only available to patients of ages 24 months or older. A Limited Service Medical Clinic does not provide *Emergency* or wound care, or treatment for injuries. It is not appropriate for people who need x-rays or stitches or who have life-threatening conditions. *Members* experiencing these conditions should go to an emergency room.

#### **Medically Necessary (also Medical Necessity)**

A service or supply that is consistent with generally accepted principles of professional medical practice. This is determined by whether that service or supply:

- required for the prevention, diagnosis, cure, or treatment of a health related condition, including such services necessary to prevent a decremental change in either medical or mental health status;
- is the most appropriate available supply or level of service for the *Member* in question considering potential benefits and harms to that individual:
- is known to be effective, based on scientific evidence, professional standards and expert opinion, in improving health outcomes; or
- for services and interventions not in widespread use, as based on scientific evidence.

Medical Necessity Guidelines are used to determine coverage for Medically Necessary services. These Guidelines are:

- based on current literature review.
- developed with input from practicing Providers in the Network Contracting Area;
- developed in accordance with the standards adopted by national accreditation organizations;
- up dated biennially or more often as new treatments, applications and technologies are adopted as generally accepted professional medical practice; and
- scientific evidence-based, if practicable.

Medical Necessity Guidelines are available on Our website at:

# https://tuftshealthplan.com/member/employer-individual-or-family-plans/tools-resources/digital-tools/telehealth

If you prefer, call Member Services. Or call Our Behavioral Health Department at 1-800-208-9565.

#### Member

A person enrolled in Tufts Health Plan under the Group Contract. Also referred to as "you".

#### **Mental Disorders**

Any mental/behavioral disorder and substance use disorder that is listed in the most recent revised publication or the most updated volume of either the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) published by the American Psychiatric Association or the *International Classification of Disease Manual* (ICO) published by the World Health Organization and that substantially limits the life activities of the person with the illness. Mental disorders do not include tobacco and caffeine in the definition of substance.

#### **Network Contracting Area**

The geographic area within which We have developed or arranged for a network of *Providers* to provide *Members* adequate access to *Covered Services*.

#### Notes:

- For information about *Providers* in the *Network Contracting Area*, call Member Services or check *our* website.
- Certain services may be available outside of the Network Contracting Area through the Tufts Health Plan
  telemedicine vendor. For more information, please visit <a href="https://tuftshealthplan.com/member/health-information-tools/digital-tools/telehealth">https://tuftshealthplan.com/member/health-information-tools/digital-tools/telehealth</a>

#### **Network Hospital**

A hospital that has an agreement either with *Tufts Health Plan* directly or with a *provider* network *We* have a contract with to provide certain *Covered Services* to *Members*. Network Hospitals are independent. They are not owned by *Tufts Health Plan*. Network Hospitals are not *Tufts Health Plan's* agents or representatives, and their staff are not *Tufts Health Plan's* employees. Network Hospitals are subject to change.

#### **Network Provider**

A *Provider* who has an agreement either with *Tufts Health Plan* directly or with a provider network with whom *We* have a contract to provide *Covered Services* to *Members*. Network Providers are located throughout the *Network Contracting Area*.

#### Non-Conventional Medicine

A group of diverse medical and health care systems, practices, and products that are not presently considered to be part of conventional medicine and are generally not based on scientific evidence. Since these services are not based on scientific evidence, they do not meet the definition of *Medical Necessity* and are not covered. *Providers* of these non-covered services may be contracting or non-contracting traditional medical providers. These services may be offered in connection with a traditional office visit. *Providers* of Non-Conventional Medicine services often request payment up front because health insurance typically does not cover these services.

Common terminology used to refer to these types of services include, but are not limited to, "alternative medicine", "complementary medicine", "integrative medicine", "functional health medicine", and may be described as treating the "whole person", the "entire individual", or the "inner self", and may refer to re-balancing hormones or finding underlying causes that lead to bodily dysfunction. Examples of Non-Conventional Medicine and related services include, but are not limited to:

- holistic, naturopathic, energy medicine (e.g., Reiki, Ayurvedic, magnetic fields);
- manipulative and body-based practices (e.g., reflexology, yoga, exercise therapy, tai chi);
- mind-body medicine (e.g., hypnotherapy, meditation, stress management);
- whole medicine systems (e.g., naturopathy, homeopathy);
- biologically based practices (e.g., herbal medicine, dietary supplements, probiotics); and
- other related practices when provided in connection with *Non-Conventional Medicine* services (e.g., animal therapy, art therapy, dance therapy, sleep therapy, light therapy, energy-balancing, breathing exercises).

#### Non-Network Provider

A *Provider* who does <u>not</u> have an agreement with *Tufts Health Plan* directly, or with a provider network with whom *We* have a contract, to participate as a *Network Provider*.

#### Observation

The use of hospital services to treat and/or evaluate a condition that should result in either a discharge within forty-eight (48) hours or a verified diagnosis and concurrent treatment plan. At times, an Observation stay may be followed by an *Inpatient* admission to treat a diagnosis revealed during the period of Observation.

#### **Open Enrollment Period**

For a *Group Contract*, the period each year when *Tufts Health Plan* and the *Group* allow eligible persons to apply for *Group* coverage in accordance with the *Group Contract*.

#### Outpatient

A patient who receives care other than on an Inpatient basis. This includes services provided in:

- a Provider's office:
- a Day Surgery or ambulatory care unit; and
- an Emergency room or Outpatient clinic.

**Note**: You are also an *Outpatient* when you are in a facility for observation.

#### **Out-of-Network Level of Benefits**

The level of benefits that a *Member* receives when *Covered Services* are <u>not</u> provided by a *Network Provider*. See Chapter 1 for more information.

#### **Out-of-Pocket Maximum**

The maximum amount of money paid by a *Member* during a *Contract Year* for certain *Covered Services*.

The Out-of-Pocket Maximum consists of Copayments, Deductibles and Coinsurance. It does not include:

- any amount paid for services, supplies or medications that are not Covered Services;
- costs in excess of the Reasonable Charge; or
- the premium you pay for this plan.

See "Benefit Overview" at the front of this *Evidence of Coverage* for your Out-of-Pocket Maximum under this plan.

#### **Paraprofessional**

As it pertains to the treatment of autism and autism spectrum disorders, a Paraprofessional is an individual who performs applied behavior analysis (ABA) services under the supervision of a *Board-Certified Behavior Analyst* (BCBA) who is a licensed health care clinician. As required by Rhode Island law, Board-Certified Assistant Behavioral Analyst (BCaBAs) are considered paraprofessionals.

#### **Premium**

Under a *Group Contract*, the total monthly cost of an *Individual* or *Family Coverage* that the *Group* pays to *Tufts Health Plan*. Under an *Individual Contract*, the total monthly cost of *Individual* or *Family Coverage* that the *Subscriber* pays to *Tufts Health Plan*.

#### **Primary Care Provider (PCP)**

A *Network Provider* who is a general practitioner, family practitioner, internist, pediatrician, physician assistant, nurse practitioner or obstetrician/gynecologist who provides primary care services.

#### **Provider**

A health care professional or facility licensed or certified in accordance with applicable law, including, but not limited to, hospitals, *Limited Service Medical Clinics*, if available, *Free-standing Urgent Care Centers*, physicians, doctors of osteopathy, physician assistants, nurse midwives, registered nurse anesthetists, nurse practitioners, optometrists, podiatrists, psychiatrists, psychologists, mental/behavioral health counselors, independent clinical social workers, psychiatric nurses who are certified as clinical specialists in psychiatric and mental/behavioral health nursing, alcohol and drug counselor I, marriage and family therapists, speech-language pathologists, audiologists, tobacco treatment specialists, and doulas (to the extent licensure or certification is required)..

**Note:** We will only cover services of a *Provider* if those services are listed as *Covered Services* and within the scope of the *Provider's* license or certification, as applicable.

#### **Reasonable Charge**

The lesser of:

- the amount charged by the Non-Network Provider, or
- the amount that We determine to be reasonable, based upon nationally accepted means and amounts of claims payment. Nationally accepted means and amounts of claims payment include, but are not limited to: Medicare fee schedules and Allowed Amounts, CMS medical coding policies, AMA CPT coding guidelines, nationally recognized academy and society coding and clinical guidelines.

<u>Note</u>: Any amount the *Member* pays in excess of the Reasonable Charge is not included in the *Deductible*, *Coinsurance* or *Out-of-Pocket Maximum*.

#### Skilled

A type of care which is *Medically Necessary* and must be provided by, or under the direct supervision of, licensed medical personnel. Skilled care is provided to achieve a medically desired and realistically achievable outcome.

#### Spouse

The *Subscriber's* legal spouse, according to the law of the state in which you reside. *Spouse* also includes the spousal equivalent of the Subscriber who is the registered domestic partner, civil union partner, or other similar legally recognized partner of the *Subscriber* who resides in a state or municipal jurisdiction that provides such legal recognition/spousal equivalent rights.

#### **Subscriber**

The person:

- who is employed by the Group;
- who enrolls in *Tufts Health Plan* and signs the membership application form on behalf of himself or herself and any *Dependents*; and
- in whose name the Premium is paid in accordance with a Group Contract.

#### **Tufts Health Plan or Tufts HP**

Tufts Insurance Company (TIC) which is authorized to offer POS and PPO products. TIC has entered into an agreement with Tufts Benefit Administrators, Inc. (TBA) for TBA to administer the health benefits and make available a network of *Providers* described in this *Evidence of Coverage*.

Both TIC and TBA do business under the name *Tufts Health Plan*. *Tufts Health Plan* is also referred to as "We", "Us", and "Our".

#### **Tufts Health Plan**

Tufts Associated Health Maintenance Organization, Inc., a Massachusetts corporation d/b/a Tufts Health Plan. *Tufts Health Plan* is licensed by Rhode Island as a health maintenance organization (HMO). Also referred to as "*We*", "*Us*", and "*Our*".

#### **Tufts Health Plan Hospital**

A hospital that has an agreement with *Tufts Health Plan* to provide certain *Covered Services* to *Members. Tufts Health Plan Hospitals* are independent. They are not owned by *Tufts Health Plan. Tufts Health Plan Hospitals* are not *Tufts Health Plan's* agents or representatives, and their staff are not *Tufts Health Plan's* employees.

#### **Urgent Care**

Care provided when your health is not in serious danger, but you need immediate medical attention for an unforeseen illness or injury, whether medical, physical, behavioral, related to a substance use disorder, or mental/behavioral health. Examples of illnesses or injuries in which urgent care might be needed are a broken or dislocated toe, a cut that needs stitches but is not actively bleeding, sudden extreme anxiety, or symptoms of a urinary tract infection.

**Note:** Care that is provided after the *Urgent* condition has been treated and stabilized and the *Member* is safe for transport is not considered Urgent Care.

# **Appendix B -- ERISA Information**

# **ERISA RIGHTS**

If your plan is an ERISA plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Most plans are ERISA plans, but not all. Please contact your plan administrator to determine if your plan is an ERISA plan. ERISA provides that all plan participants shall be entitled to receive information about their plan and benefits, continue group health plan coverage, and prudent actions by plan fiduciaries.

# Receiving Information About Your Plan and Benefits

ERISA provides that all plan participants shall be entitled to:

- Examine, without charge, at the plan administrator's office and at other specified locations all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration (EBSA).
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The plan administrator may make a Reasonable Charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

# **Continuing Group Health Plan Coverage**

ERISA provides that all plan participants shall be entitled to:

- Continue health care coverage for yourself, spouse or *Dependents* if there is a loss of coverage under the plan as a result of a qualifying event. You or your *Dependents* may have to pay for such coverage.
- Review your summary plan description and the documents governing the plan on the rules governing your continuation coverage rights under the Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).
- Reduction or elimination of exclusionary periods of coverage for preexisting conditions under a group health plan, if
  you have creditable coverage from another plan. You should be provided a *Certificate* of creditable coverage, free
  of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you
  become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you
  request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of
  creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late
  enrollees) after your enrollment date in your coverage.

**Note:** This plan does not include any preexisting condition exclusion.

## **Prudent Actions by Plan Fiduciaries**

In addition to creating rights for plan participants ERISA imposes duties upon the people who are responsible for the operation of the plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a plan benefit or exercising your rights under ERISA.

# **Enforcing Your Rights**

If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you a daily penalty until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

### **Assistance with Your Questions**

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the Employee Benefits Security Administration.

# PROCESSING OF CLAIMS FOR PLAN BENEFITS

The Department of Labor's (DOL) Employee Benefits Security Administration published benefit determination procedure regulations for employee benefit plans governed under ERISA. Regulations set forth requirements regarding processing of claims for plan benefits, including urgent care claims, pre-service claims, post-service claims and review of claims denials.

#### Who can submit a claim?

The DOL Regulations apply to claims submitted by ERISA participants or their beneficiaries. In accordance with the regulations, *Tufts Health Plan* permits an authorized representative (referred to here as the "authorized claimant") to act on your behalf in submitting a claim or obtaining a review of a claim decision. An authorized claimant can be any individual (including, for example, a family member, an attorney, etc.) whom you designate to act on your behalf with respect to a claim for benefits.

### How do I designate an Authorized Claimant?

An authorized claimant can be designated at any point in the claims process – at the pre-service, post service or appeal level. Please contact a *Tufts Health Plan* Member Representative at the number on your ID card for the specifics on how to appoint an authorized claimant.

#### Types of claims

There are several different types of claims that you may submit for review. *Tufts Health Plan*'s procedures for reviewing claims depends upon the type of claim submitted (urgent care claims, pre-service claims, post-service claims, and concurrent care decisions). **Note:** If your request for coverage is denied, you have the right to file an appeal. See Chapter 6 for information on how to file an appeal.

<u>Urgent care claims</u>: An "urgent care claim" is a claim for medical care or treatment where the application of the claims review procedure for non-urgent claims: (1) could seriously jeopardize your life, health or ability to regain maximum function, or (2) based upon your provider's determination, would subject you to severe pain that cannot be adequately managed without the care or treatment being requested. For urgent care claims, *We* will respond to you within 72 hours after receipt of the claim. If *We* determine that additional information is needed to review your claim, *We* will notify you within 24 hours after receipt of the claim and provide you with a description of the additional information needed to evaluate your claim. You have 48 hours after that time to provide the requested information. *We* will evaluate your claim within 48 hours after the earlier of *Our* receipt of the requested information, or the end of the extension period given to you to provide the requested information.

Concurrent care decisions: A "concurrent care decision" is a determination relating to the continuation/reduction of an ongoing course of treatment to be provided over a period of time or number of treatments. If We have already approved an ongoing course of treatment for you and considers reducing or terminating the treatment, We will notify you sufficiently in advance of the reduction or termination of treatment to allow you to appeal the decision and obtain a determination before the treatment is reduced or terminated. If you request to extend an ongoing course of treatment that involves urgent care, We will respond to you within 24 hours after receipt of the request (provided that you make the request at least 24 hours prior to the expiration of the ongoing course of treatment). If you reach the end of a pre-approved course of treatment before requesting additional services, the "pre-service" or "post-service" time limits will apply.

<u>Pre-service claim:</u> A "pre-service claim" is a claim that requires approval of the benefit in advance of obtaining the care. For pre-service claims, *We* will respond to you within 72 hours for an urgent request and within 15 days for a non-urgent request after receipt of the claim. If *We* determine that an extension is necessary for a non-urgent request due to matters beyond *Our* control, *We* will notify you within 15 days informing you of the circumstances requiring the extension and the date by which *We* expect to render a decision (up to an additional 15 days). If you make a pre-service claim, but do not submit enough information for *Us* to make a determination, *We* will notify you within 15 days and describe the information that you need to provide to *Us*. You will have no less than 45 days from the date you receive the notice to provide the requested information.

<u>Post-service claim:</u> A "post-service claim" is a claim for payment for a particular service after the service has been provided. For post-service claims, *We* will respond to you within 30 days after receipt of the claim. If *We* determine that an extension is necessary due to matters beyond *Our* control, *We* will notify you within 30 days informing you of the circumstances requiring the extension and the date by which We expect to render a decision (up to an additional 15 days). If you make a post-service claim, but do not submit enough information for Us to make a determination, *We* will notify you within 30 days and describe the information that you need to provide to *Us*. You will have no less than 45 days from the date you receive the notice to provide the requested information.

# STATEMENT OF RIGHTS UNDER THE NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans or issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). For more information, please see Maternity Care in Chapter 3 or call member Services.

# **FAMILY AND MEDICAL LEAVE ACT OF 1993**

Note: The Family and Medical Leave Act only applies to groups with 50 or more employees.

Under the Family and Medical Leave Act of 1993 (FMLA), if an employee meets the eligibility requirements, that employee is legally allowed to take up to 12 weeks of unpaid leave during any 12-month period for one or more of the following reasons:

- for the birth and care of the newborn child of the employee;
- for placement with the employee of a son or daughter for adoption or foster care;
- to care for an immediate family member (spouse, child, or parent) with a serious health condition; or
- to take medical leave when the employee is unable to work because of a serious health condition.

The FMLA was amended to add two new leave rights related to military service, effective January 16, 2009:

- Qualifying Exigency Leave: Eligible employees are entitled to up to 12 weeks of leave because of "any qualifying
  exigency" due to the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been
  notified of an impending call to active duty status, in support of a contingency operation. Effective October 28, 2009,
  deployment to a foreign country was added as a requirement for exigency leave.
- Military Caregiver Leave: An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered member of the armed services who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled up to 26 weeks of leave in a single 12-month period to care for the member of the armed services. The employee is entitled to a combined total of 26 weeks for all types of FMLA leave in the single 12-month period. Effective March 8, 2013, the definition of "covered service member" was expanded to include certain veterans.

In order to be eligible, the employee must have worked for his or her employer for a total of 12 months and worked at least 1,250 hours over the previous 12 months.

A covered employer is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the employer may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

An employee should contact his or her employer for details about FMLA and to make payment arrangements, if applicable. Additional information is also available from the U.S. Department of Labor (1-866-487-9243, TTY: 1-877-899-5627 or <a href="http://www.dol.gov/esa/whd/fmla/finalrule/FMLAPoster.pdf">http://www.dol.gov/esa/whd/fmla/finalrule/FMLAPoster.pdf</a>).

## PATIENT PROTECTION DISCLOSURE

This plan generally requires the designation of a *Primary Care Provider*. You have the right to designate any primary care provider who participates in *Our* network and who is available to accept you or your family members. For information on how to select a *Primary Care Provider*, and for a list of the participating *Primary Care Providers*, contact Member Services or see *Our* website at **www.tuftshealthplan.com**.

For Children, you may designate a pediatrician as the Primary Care Provider.

You do not need prior approval from *Tufts Health Plan* or from any other person (including a *Primary Care Provider*) in order to obtain access to obstetrical or gynecological care from a health care professional in *Our* network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior approval for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specializes in obstetrics or gynecology, contact Member Services or see *Our* website at <a href="https://www.tuftshealthplan.com">www.tuftshealthplan.com</a>.

# **Notice of Privacy Practices**

# THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Tufts Health Plan values your privacy rights and is committed to safeguarding your demographic, medical, and financial information we may receive or collect when providing services to you. The information we collect includes protected health information ("PH") and personal information ("PI"). PHI is information that relates to your physical or behavioral health condition, your health care, or the payment for your health care. PI includes information like your name and Social Security number. PHI and PI are referred to as "information" elsewhere in this notice.

We may obtain your information from a number of sources, such as through your enrollment in a plan or from doctors and hospitals who submit claim forms containing your information so that we may pay them for services they provided to you. We are required by law to maintain the privacy of your information. To support this, *Tufts Health Plan* has privacy and security policies for safeguarding, using, and disclosing information in compliance with applicable state and federal laws. All employees must complete annual privacy and security training, and access to your information is limited to employees who require it to do their job. *Tufts Health Plan* also requires its business partners who assist with administering health care coverage to you on our behalf to protect your information in accordance with applicable laws.

Tufts Health Plan is required to provide you with notice of our legal duties and privacy practices with respect to your information, and to follow the duties and practices described in the notice currently in effect. We may change the terms of this notice at any time and apply the new notice to any information we already maintain. If we make an important change to our notice, we will publish the updated notice on our website at <a href="https://www.tuftshealthplan.com">www.tuftshealthplan.com</a>.

#### HOW WE USE AND DISCLOSE YOUR INFORMATION

In order to administer your health care coverage, including paying for your health care services, we need to use and disclose your information in a number of ways. *Tufts Health Plan* maintains and enforces company policies governing the use and disclosure of information, including only using or disclosing the minimum amount of information necessary for the intended purpose. The following are examples of the types of uses and disclosures we are permitted or required by federal law to make without your written authorization. Where state or other federal laws offer you greater privacy protections, we will follow the more stringent requirements.

#### For Payment

Tufts Health Plan may use or disclose your information for payment purposes to administer your health benefits, which may involve obtaining premiums, determination of eligibility, claims payment, and coordination of benefits. Examples include:

- Paying claims that were submitted to us by physicians and hospitals.
- Providing information to a third party to administer an employee or employer-funded account, such as a Flexible Spending Account ("FSA") or Health Reimbursement Account ("HRA"), or another benefit plan, such as a dental benefits plan.
- Performing medical necessity reviews.
- Sharing information with third parties for Insurance Liability Recovery ("ILR") or subrogation purposes.

### **For Health Care Operations**

Tufts Health Plan may use or disclose your information for operational purposes, such as care management, customer service, coordination of care, or quality improvement. Examples include:

- Assessing and improving the quality of service, care, and outcomes for our members.
- Learning how to improve our services through internal and external surveys.
- Reviewing the qualifications and performance of physicians.
- Evaluating the performance of our staff, such as reviewing our customer service representatives' phone conversations with you.
- Seeking accreditation by independent organizations, such as the National Committee for Quality Assurance.
- Engaging in wellness programs, preventive health, early detection, disease management, health risk assessment participation initiatives, case management, and coordination of care programs, including sending preventive health service reminders.
- Providing you with information about a health-related product or service included in your plan of benefits.

# Notice of Privacy Practices, continued For Health Care Operations, continued

- Using information for underwriting, establishing premium rates, and determining cost sharing amounts, as well as administration of reinsurance policies. (*Tufts Health Plan* will not use or disclose any genetic information it might otherwise receive for underwriting purposes.)
- Facilitating transition of care from and to other insurers, health plans, or third-party administrators.
- · Communicating with you about your eligibility for public programs, such as Medicare.
- Other general administrative activities, including data and information systems management, risk management, auditing, business planning, and detection of fraud and other unlawful conduct.

#### For Treatment

*Tufts Health Plan* may use and disclose your information for health care providers (doctors, dentists, pharmacies, hospitals, and other caregivers) to treat you. Examples include:

- Our care managers providing your information to a home health care agency to make sure you get the services you need after discharge from a hospital.
- Quality improvement programs, safety initiatives, and clinical reminders sent to your primary care provider.
- Disclosing a list of medications you've received using your *Tufts Health Plan* coverage to alert your treating providers about any medications prescribed to you by other providers and help minimize potential adverse drug interactions.
- Receiving your test results from labs you use, from your providers, or directly from you, using the results to develop tools to improve your overall health, and sharing the results with providers involved in your care.

#### For Other Permitted or Required Purposes

The following are examples of the additional types of uses and disclosures *Tufts Health Plan* is permitted or required by law to make without your written authorization:

- To you, your family, and others involved in your care when you are unavailable to communicate (such as during an emergency), when you are present prior to the disclosure and agree to it, or when the information is clearly relevant to their involvement in your health care or payment for health care.
- Sharing eligibility information and *Copayment, Coinsurance*, and *Deductible* information for *Dependents* with the *Subscriber* of the health plan in order to facilitate management of health costs and Internal Revenue Service verification.
- To your Personal Representative (including parents or guardians of a minor, so long as that information is not further
  restricted by applicable state or federal laws) or to an individual you have previously indicated is your Designated
  Representative or is authorized to receive your information. Information related to any care a minor may receive
  without parental consent remains confidential unless the minor authorizes disclosure.
- To our business partners and affiliates. *Tufts Health Plan* may contract with other organizations to provide services on our behalf. In these cases, *Tufts Health Plan* will enter into an agreement with the organization explicitly outlining the requirements associated with the protection, use, and disclosure of your information. The following corporate affiliates of *Tufts Health Plan* designate themselves as a single affiliated covered entity and may share your information among them: Harvard Pilgrim Health Care, Inc., Harvard Pilgrim Health Care of New England, Inc., HPHC Insurance Company, Inc., Tufts Associated Health Maintenance Organization, Inc., Tufts Health Public Plans, Inc., Tufts Insurance Company, CarePartners of Connecticut, Inc., and Point32Health Services, Inc. Group Health Plan
- To your plan sponsor, when sharing information used for enrollment, plan renewal, or plan administration purposes. This is your employer or the employer of your *Subscriber* if you are enrolled through an employer. When sharing detailed information, your plan sponsor must certify that they will protect the privacy and security of your information and that the information will not be used for employment decisions.
- To government entities, such as the Centers for Medicare & Medicaid Services, the Health Connector, Healthsource RI, or MassHealth, if you are enrolled in a government-funded plan.
- To provide information for health research to improve the health of our *Members* and the community in certain circumstances, such as when an Institutional Review Board or Privacy Board approves a research proposal with protocols to protect your privacy, or for purposes preparatory to research.
- To comply with laws and regulations, such as those related to workers' compensation programs.
- For public health activities, such as assisting public health authorities with disease prevention or control and pandemic response efforts.

# Notice of Privacy Practices, continued

# For Other Permitted or Required Purposes, continued

- To report suspected cases of abuse, neglect, or domestic violence.
- For health oversight activities, such as audits, inspections, and licensure or disciplinary actions. For example, *Tufts Health Plan* may submit information to government agencies such as the U.S. Department of Health and Human Services or a state insurance department to demonstrate its compliance with state and federal laws.
- For judicial and administrative proceedings, such as responses to court orders, subpoenas, or discovery requests.
- For law enforcement purposes, such as to help identify or locate a victim, suspect, or missing person.
- Disclosures to coroners, medical examiners, and funeral directors about decedents. *Tufts Health Plan* may also disclose information about a decedent to a person who was involved in their care or payment for care, or to the person with legal authority to act on behalf of the decedent's estate.
- To organ procurement organizations for cadaveric organ, eye, or tissue donation purposes, only after your prior authorization.
- To prevent a serious threat to your health or safety, or that of another person.
- For specialized government functions, such as national security and intelligence activities.
- Disclosures by employees for whistleblower purposes.

Other than the permitted or required uses and disclosures described above, *Tufts Health Plan* will only use and disclose your information with your written authorization. For example, we require your authorization if we intend to sell your information, use, or disclose your information for marketing or fundraising purposes, or, in most cases, use or disclose your psychotherapy notes.

You may give us written authorization to use or disclose your information to any individual or organization for any purpose by submitting a completed authorization form. The form can be found at <a href="https://www.tuftshealthplan.com">www.tuftshealthplan.com</a>, or you may obtain a copy by calling our Customer Service department at the phone number listed on your *Tufts Health Plan* ID card.

You may revoke such an authorization at any time in writing, except to the extent we have already made a use or disclosure based on a previously executed authorization.

#### YOUR RIGHTS WITH RESPECT TO YOUR INFORMATION

The following are examples of your rights under federal law with respect to your information. You may also be entitled to additional rights under state law.

#### Request a Restriction

You have the right to request we restrict the way we use and disclose your information for treatment, payment, or health care operations, to individuals involved in your care, or for notification purposes, including asking that we not share your information for health research purposes. We are not, however, required by law to agree to your request.

### **Request Confidential Communications**

You have the right to request we send communications to you at an address of your choice or that we communicate with you by alternative means. For example, you may ask us to mail your information to an address that is different than your *Subscriber's* address. We will accommodate reasonable requests.

### **Access Your Information and Receive a Copy**

You have the right to access, inspect, and obtain a copy of your information maintained by *Tufts Health Plan* (with certain exceptions). We have the right to charge a reasonable fee for the cost of producing and mailing copies of your information.

#### **Amend Your Information**

You have the right to request we amend your information if you believe it is incorrect or incomplete. We may deny your request in certain circumstances, such as when we did not create the information. For example, if a provider submits medical information to *Tufts Health Plan* that you believe is incorrect, the provider will need to amend that information.

# Notice of Privacy Practices, continued

# Your Rights With Respect To Your Information, continued

### **Receive an Accounting of Disclosures**

You have the right to request an accounting of those instances in which we disclosed your information, except for disclosures made for treatment, payment, or health care operations, or for other permitted or required purposes. Your request must be limited to disclosures in the six years prior to the request. If you request an accounting more than once in a 12-month period, we may charge you a reasonable fee.

### Receive a Copy of this Notice of Privacy Practices

You have the right to receive a paper copy of this notice from us at any time upon request.

#### Be Notified of a Breach

You have the right to be notified if there is a breach of your unsecured information by us or our business partners. We will provide you written notice via mail, unless we do not have up-to-date contact information for you. In these cases, we will notify you by a substitute method, such as posting the notice on our public website.

You may exercise any of your privacy rights described above by contacting our Customer Service department at the phone number listed on your *Tufts Health Plan* ID card. In some cases, we may require you to submit a written request. *Tufts Health Plan* will not require you to waive your rights as a condition of the provision of treatment, payment, enrollment in a health plan, or eligibility for benefits.

#### WHOM TO CONTACT WITH QUESTIONS OR COMPLAINTS

If you believe your privacy rights have been violated or you would like more information, you may send a question or complaint to:

Privacy Officer Point32Health

1 Wellness Way

Canton, MA 02021

Or, you may call our Compliance Hotline at (877) 824-7123 or our Customer Service department at the phone number listed on your *Tufts Health Plan* ID card.

You also have the right to submit a complaint to the Secretary of the Department of Health and Human Services. You can find more information at <a href="https://www.hhs.gov/ocr">www.hhs.gov/ocr</a>.

Tufts Health Plan will not take retaliatory action against you for filing a complaint.

THIS NOTICE IS EFFECTIVE SEPTEMBER 1, 2022.
