TUFTS Health Plan

This is a Massachusetts Large Group Plan

This health plan does not meet Minimum Creditable Coverage standards and will not satisfy the individual mandate that you have health insurance because:

✓ The in-network deductible is more than $2,750 for an individual and/or $5,500 for a family.

NOTE: Your total employer coverage meets Minimum Creditable Coverage Standards and does satisfy the insurance mandate.

Massachusetts Requirement to Purchase Health Insurance: As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector website (www.mahealthconnector.org). This health plan, alone, does not meet Minimum Creditable Coverage standards that are effective January 1, 2010 as part of the Massachusetts Health Care Reform Law. If you purchase this plan only, you will not satisfy the statutory requirement that you have health insurance meeting these standards. If this health plan is offered to you through your place of employment, contact your employer or other plan sponsor to determine if it offers other health plan options that meet Minimum Creditable Coverage standards. Your employer or other plan sponsor also may offer supplemental plans you can add to this insured health plan in order to meet Minimum Creditable Coverage. If this health plan is offered to you through your place of employment and you want to learn about other health plan options available to individuals, you may contact the Division of Insurance by calling (617) 521-7794 or visiting its website at www.mass.gov/doi, or the Connector by calling 1-877-MA-ENROLL or visiting its website at www.mahealthconnector.org. This disclosure is for minimum creditable coverage standards that are effective January 1, 2010. Because these standards may change, review your health plan material each year to determine whether your plan meets the latest standards. If you have questions about this notice, you may contact the Division of Insurance by calling (617) 521-7794 or visiting its website at www.mass.gov/doi.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see https://www.tuftshealthplan.com/doc-links-lg or call 800-462-0224. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why this Matters:
What is the overall deductible?	$5,000 individual/$10,000 family medical deductible; per plan year.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, primary care, specialist care, emergency room services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$6,000 individual/$12,000 family for medical and pharmacy expenses; per plan year.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See https://www.tuftshealthplan.com, "Find a doctor, hospital…" or call 800-462-0224 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
