Note: This information is intended to provide an overview of the plan. Providers are reminded to check the member's ID card to verify the plan in which the member is enrolled. Services and subsequent payment are pursuant to the member's benefit plan document. Prior to initiating services, member eligibility and benefits should be verified by logging on to the secure Provider website.

Overview

Tufts Health Plan currently offers three Advantage Saver plans: Advantage HMO Saver, Advantage EPO Saver and Advantage PPO Saver. The Advantage Saver plans require members to pay an upfront deductible for most authorized services. Advantage Saver plans work like Advantage HMOs and PPOs, but the in-network deductible applies to a wider range of services.

The Advantage PPO Saver Network

Advantage PPO differs from the standard PPO plan option by how it defines in-network services. Advantage PPO members are assigned to the Tufts Health Plan provider network, the Cigna Health Network or to the Private Health Care System (PCHS) provider network, based on where the member resides in the service area or whether the employer group offers those provider networks.

Note: For all three of these networks, when members are within the Tufts Health Plan service area (Massachusetts, New Hampshire and Rhode Island) they can only receive in-network services from a Tufts Health Plan contracted provider, regardless of their primary network.

Medical and Pharmacy Cost-Share

Cost-share amounts paid toward medical and pharmacy services are combined and apply toward the member's out-of-pocket max.
