GIC NAVIGATOR TIER DESIGN EFFECTIVE JULY 1, 2020

For the GIC Navigator tier design, all Commercial providers and hospitals continue to be placed in one of three tiers. Both PCP and specialist services will continue to be tiered, with providers and hospitals falling under the same contracted provider system placed in the same tier.

Navigator Copayments for Inpatient Hospital Admissions

- **Tier 1:** \$275 copayment for each hospital admission (maximum of one copayment per member, per plan-year quarter)
- **Tier 2:** \$500 copayment for each hospital admission (maximum of one copayment per member, per plan-year quarter)
- **Tier 3:** \$1,500 copayment for each hospital admission (maximum of one copayment per member, per plan-year quarter)

Exceptions

- Non-risk hospitals that have hospital-only contracts in which referring physicians participate in a risk contract. In these instances, the hospital's tier will be the same as the physician's risk tier.
- Specialty hospitals default to Tier 2.

Note: All adult and pediatric transplants are covered with a \$275 copayment when authorized at a Transplant Center of Excellence.

GIC SPIRIT TIER DESIGN EFFECTIVE JULY 1, 2020

The GIC Spirit tier design applies only to providers and hospitals who participate in the Spirit product network. With this tier design, hospitals will continue to be placed in one of two tiers. All specialists will continue to be placed in one of three tiers (which is the same for both Navigator and Spirit plans).

Note: PCPs and PCP/specialists continue to not be tiered under the GIC Spirit plan design.

Spirit Copayments for Inpatient Hospital Admissions

- **Tier 1:** Hospitals with the lowest cost share — \$275 copayment for each hospital admission (maximum of one copayment per member, per plan-year quarter)
- **Tier 2:** Hospitals with a higher cost share — \$500 copayment for each hospital admission (maximum of one copayment per member, per plan-year quarter)

Note: Status and copayment levels of provider networks are effective as of July 1, 2020.

Note: All adult and pediatric transplants are covered with a \$275 copayment when authorized at a Transplant Center of Excellence.
