### OVERVIEW

Viberzi is a mu-opioid receptor agonist, indicated in adults for the treatment of irritable bowel syndrome with diarrhea. Viberzi is a schedule CIV controlled substance.

### COVERAGE GUIDELINES

The plan may authorize coverage of Viberzi (eluxadoline) when there is documentation of the following:

1. The member has a documented diagnosis of irritable bowel syndrome with diarrhea (IBS-D)

### LIMITATIONS

- For Irritable Bowel Syndrome with Diarrhea (IBS-D), initial coverage will be limited to 6 months. Subsequent authorization will require documentation of a positive clinical response and may be granted for life of plan.
- Approval of Viberzi is limited to a quantity of 2 tablets per day.

### CODES

None

### REFERENCES

1. Viberzi prescribing information. Madison, NJ: Allergan, Inc.; 2020 June.

### APPROVAL HISTORY

September 2019: Reviewed by Pharmacy & Therapeutics Committee.

Subsequent endorsement date(s) and changes made:

1. November 10, 2020: No changes

### BACKGROUND, PRODUCT AND DISCLAIMER INFORMATION

Pharmacy Medical Necessity Guidelines have been developed for determining coverage for plan benefits and are published to provide a better understanding of the basis upon which coverage decisions are made. The plan makes coverage decisions on a case-by-case basis considering the individual member's health care needs. Pharmacy Medical Necessity Guidelines are developed for selected therapeutic classes or drugs found to be safe, but proven to be effective in a limited, defined population of patients or clinical circumstances. They include concise clinical coverage criteria based on current literature review, consultation with practicing physicians in the service area who are medical experts in the particular field, FDA and other government agency policies, and standards adopted by national accreditation organizations. The plan revises and updates Pharmacy Medical Necessity Guidelines annually, or more frequently if new evidence becomes available that suggests needed revisions.

For self-insured plans, coverage may vary depending on the terms of the benefit document. If a discrepancy exists between a Pharmacy Medical Necessity Guideline and a self-insured Member's benefit document, the provisions of the benefit document will govern.

Treating providers are solely responsible for the medical advice and treatment of members. The use of this policy is not a guarantee of payment or a final prediction of how specific claim(s) will be adjudicated. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization and utilization management guidelines when applicable, and adherence to plan policies and procedures and claims editing logic.
