

## Tufts Medicare Preferred HMO Care Management List

Bolded medical groups are “externally managed” and nonbolded medical groups are “internally managed.” The Tufts Medicare Preferred HMO Care Managers are assigned by medical group. In some cases, due to geography, medical group size and/or volume, there may be up to three care managers assigned to each medical group. Each medical group also has a designated primary care manager (PCM) who can be contacted for members who are not presently receiving acute care (CNL), extended care (CCP) or home care services (HC). In all cases, except groups 135 and 301, the acute care manager is also the medical group’s PCM.

Please note that externally managed medical group care management assignments may differ from this format.

Please contact the administrative assistant for groups 009 and 064.

**Key:**

**HC:** Home Care

**PCM:** Group Primary Care Manager

**CNL:** Acute Care (includes tertiary facilities)

**CCP:** Extended Care (includes SNF & Acute Rehab)
