Outpatient Behavioral Health and Substance Use Disorder Professional Payment Policy

Applies to the following Tufts Health Plan products:

☒ Tufts Health Plan Commercial (including Tufts Health Freedom Plan)¹
☐ Tufts Medicare Preferred HMO (a Medicare Advantage product)
☐ Tufts Health Plan Senior Care Options (SCO) (a dual-eligible product)

The following payment policy applies to Tufts Health Plan contracting behavioral health and substance use disorder (BH/SUD) providers who render professional services in an outpatient office setting.

In addition to the specific information contained in this policy, providers must adhere to the information outlined in the Professional Services and Facilities Payment Policy.

Note: Audit and disclaimer information is located at the end of this document.

POLICY
Tufts Health Plan covers medically necessary behavioral health and substance use disorder (BH/SUD) services rendered in an outpatient office setting, in accordance with the member's benefits.

GENERAL BENEFIT INFORMATION
Services and subsequent payment are pursuant to the member’s benefit plan document. Member eligibility and benefit specifics should be verified prior to initiating services by logging on to the secure Provider website or by contacting Commercial Provider Services.

State and Federal Mental Health Parity Law
Under the mental health parity laws, benefits for mental/behavioral health services and substance use disorder services must be comparable to benefits for medical/surgical services. This means that copays, coinsurance and deductibles for mental/behavioral health and substance use disorder services must be at the same level as those for medical/surgical services. Also, Tufts Health Plan’s review and authorization of mental/behavioral health or substance use disorder services must be handled in a way that is comparable to the review and authorization of medical/surgical services.

Note: While BH/SUD services have no limit, the benefit covers medically necessary treatment only. Treatment for members covered under mental health parity laws must still meet any applicable medical necessity guidelines and authorization requirements.

These laws apply to all members enrolled in Massachusetts, New Hampshire, and Rhode Island fully insured, self-insured and individual plans.

CareLink℠ Members
Cigna, Tufts Health Plan, or another entity, may administer BH services based on employer plan design. The member’s identification card will indicate where the member should be directed for these services. Refer to the Working with CareLink grid for more information.

Carve Out
Some employer groups choose to have BH benefits for their employees managed and administered by a designated BH management company (carve out). The telephone number of the carve out company is listed on the back of the member identification card and is available when you call the interactive voice response system (IVR) system or access member information on the secure Provider website.

AUTHORIZATION & NOTIFICATION REQUIREMENTS
It is the BH provider’s responsibility to obtain the necessary notification number for outpatient BH/SUD services within 30 days of the member’s first visit. Upon submission of the notification, 8 visits will be

¹ Commercial products include HMO, POS, PPO, Tufts Health Freedom Plan, and CareLink℠ when Tufts Health Plan is the primary administrator.
available. If these visits are exhausted, providers may submit a notification for another 8 visits. However, the member or the PCP may also contact the Behavioral Health Department to obtain the initial notification number for outpatient services. Both the member and BH provider will receive confirmation of the initial notification in writing. Refer to the Behavioral Health Outpatient Services Requiring Prior Authorization grid for more information.

Providers can submit requests for initial and additional notifications by:

- Logging in to the secure Provider website
- Calling 800.208.9565 to use the interactive voice response system (IVR) or speak with a BH coordinator

**Note:** CareLink members are able to self-refer to contracting network providers, according to their plan design.

Contact the Behavioral Health Department at 800.208.9565 with any questions regarding prior authorization requests for BH services.

**EVALUATION AND MANAGEMENT SERVICES**

**E&M Procedure Codes**

- New patient visit: 99201-99205
- Established patient visit: 99211-99215
- Initial nursing facility care (per day): 99304-99306
- Subsequent nursing facility care (per day): 99307-99310

E&M codes 99201, 99211-99213 do not require prior authorization for in-plan providers when billed alone or with 90785 and do not count against the member's BH/SUD benefit limit. However, 99214 (with or without the addition of a therapy CPT code) requires prior authorization and will count against the member's BH/SUD benefit.

Tufts Health Plan does not compensate for services performed with an E&M service by the same provider unless modifiers AH, AJ, HM, HN, HO, HP, SA, TD, or TE are also on the claim. Refer to the AMA CPT-4 Manual and CMS HCPCS Level II Manual for more information.

Refer to the Evaluation and Management Professional Payment Policy for more information on E&M procedure codes.

**SUBSTANCE USE DISORDER SERVICES**

**Methadone Treatment Programs**

Tufts Health Plan provides coverage of methadone maintenance treatment for members of fully insured employer groups and individual plans based in Massachusetts, Rhode Island, and New Hampshire, in accordance with applicable state mandates and/or federal mental health parity laws. Some self-insured groups may choose to offer coverage on a voluntary basis.

**Note:** This mandate also applies to Tufts Medicare Complement plans.

**Methadone Maintenance Treatment**

</table>

**Note:** Because Tufts Health Plan has contracted with methadone clinics to provide methadone treatment, methadone administration services will process with the clinic as the provider and payee.

**Opioid Dependence Medications**

Tufts Health Plan covers medically necessary services for the treatment of an opiate addiction when rendered in an outpatient office setting by an appropriately licensed and qualified BH/SUD provider. Opioid dependence medications are covered in accordance with the member’s prescription drug benefit.
BH services related to the treatment of an opiate addiction with opioid dependence medications are covered based on the member's benefit plan document.

Prior authorization is required for opioid dependence medications if the drug will be prescribed and picked up by the member at the pharmacy. There is no prior authorization needed if obtained by the provider and provided to the member during a visit.

A licensed and qualified BH and/or SUD provider must submit the applicable procedure code(s) when rendering services for the treatment of an opiate addiction with opioid dependence medications in an outpatient office setting. For additional information, refer to the Medical Necessity Guidelines for Opioid Dependence Medications.

**Note:** Members of Rhode Island plans may be subject to opioid prescription limits if they have not had an opioid within the previous 30 days. Refer to pharmacy medical necessity guidelines for RI Opioid Prescribing Limits for more information.

**PSYCHOLOGICAL/NEUROPSYCHOLOGICAL TESTING**

Prior authorization is required for psychological and neuropsychological testing for all Commercial plans except CareLink. The recommending provider must complete the standard Psychological and Neuropsychological Assessment Supplemental Form and will be notified of the coverage determination. Refer to the medical necessity guidelines for psychological and neuropsychological testing for additional information.

*96116 and 96121 may be billed up to three hours without prior authorization.

**Note:** Testing is covered as a medical service and does not count against the member’s behavioral health benefit limit.

**TRANSCRANIAL MAGNETIC STIMULATION (RTMS)**

Prior authorization is required for rTMS for all Commercial plans (except CareLink) using the standard form. Refer to the medical necessity guidelines for Transcranial Magnetic Stimulation for more information.

**BILLING INSTRUCTIONS**

Tufts Health Plan follows AMA CPT/HCPCS coding guidelines. Refer to current industry standard coding guidelines for a complete list of procedure codes, modifiers and their usage.

- Submit claims with the identification number and name of the rendering provider in box 24j, when applicable.
- Ancillary providers may only bill the procedure code(s) below, in accordance with the applicable financial exhibits of their provider agreements.

**Health and Behavior Assessment and Intervention**

As listed in the CPT AMA codebook, “health and behavior assessment procedures are used to identify the psychological, behavioral, emotional, cognitive and social factors important to the prevention, treatment or management of physical health problems.”

CPT codes 96150-96155 may be billed for services when the primary diagnosis is a medical condition. A PCP referral is required. E&M codes, as well as psychological service codes, should not be billed on the same day by the provider.

**COMPENSATION/REIMBURSEMENT INFORMATION**

**Facility Fee Reduction**

BH providers who perform services in a hospital may be subject to a facility fee reduction. This reduction is consistent with Medicare’s site of service differentiation built into Medicare fees, and parallels the facility fee reduction Tufts Health Plan applies to medical office visits in these settings.

**Note:** Tufts Health Plan has adopted CMS’s differential compensation for office and facility-based services for providers, replacing Tufts Health Plan’s standard facility fee reduction.

**Provider Type Modifiers**

Tufts Health Plan requires provider organization-affiliated psychiatrists to append appropriate modifiers for services provided by a non-MD clinician in their office. The modifiers will affect compensation according to clinician type. Refer to the [Commercial Modifier Table](#) for a list of modifiers that are accepted by Tufts Health Plan and may impact claims adjudication.
Certain psychological/neuropsychological testing evaluation and administration codes (96130-96133, 96136-96169 and 96146) will be excluded from the modifier logic when billed with modifiers AH and/or HP.

**Note:** Tufts Health Plan does not compensate for services provided by a non-independently licensed clinician providing services under the supervision of a provider organization-affiliated psychiatrist.

**ADDITIONAL RESOURCES**

Inpatient and Intermediate Behavioral Health/Substance Use Disorder Facility Payment Policy

**DOCUMENT HISTORY**

- May 2019: Clarified existing authorization requirements for neurobehavioral status exam codes 96116 and 96121
- August 2018: Policy reviewed by committee; formatting updates; removed procedure code tables for rTMS, psychological/neuropsychological testing, and E&M codes and added links to applicable medical necessity guidelines and/or payment policies
- June 2018: Template updates
- March 2018: Added notification information for outpatient therapy visits
- June 2017: Added procedure codes and standard form for rTMS; updated standard prior authorization form information for psychological and neuropsychological testing; updated prior authorization requirements for BH services to notification
- April 2017: Updated links to Psychological and Neuropsychological Testing medical necessity guidelines as they are separate effective April 1, 2017
- January 2017: Template updates
- November 2016: Policy reviewed; added Mental Health Parity language and methadone treatment coverage for NH employer groups
- November 2015: Added CPT code S0109 to covered methadone maintenance treatment for members of Massachusetts group and non-group fully insured plans, effective July 1, 2015
- September 2015: Updated parity language, added information regarding prior authorization to Suboxone section, template conversion, template updates
- August 2015: Added information regarding the processing of administration services for methadone clinics
- July 2015: Added information regarding coverage of methadone maintenance treatment for Massachusetts fully insured group and non-group plans effective for dates of service on or after July 1, 2015, template updates
- December 2014: Added information regarding coverage of methadone maintenance treatment for members of Rhode Island-based employer groups, effective for dates of service on or after January 1, 2015, template updates
- May 2014: Added procedure code guidelines policy for billing E & M services without appropriate modifiers effective for dates of service on or after July 1, 2014, template updates
- January 2013: Updated codes for 2014 according to the AMA CPT Manual, template updates
- September 2013: Template conversion
- February 2013: Added information regarding Evaluation (Medication) Management billed as CPT codes 99201, 99211, 99212, 99213, added SCO information. Template updates.
- April 2012: Template updates
- March 2012: Updated CareLink disclaimer language
- October 2011: Template updates, no content changes
- May 2011: Updated Rhode Island Parity Law information. Added information about mental health provider type modifiers effective for dates of service on or after July 1, 2011.
- September 2010: Added information regarding Preventive Services
- July 2010: Modified Suboxone and Subutex information to state that Effective for fill dates on or after July 1, 2010, Tufts Health Plan will require prior authorization for coverage of Suboxone and Subutex
- November 2009: Added a note that: Effective January 1, 2010, Tufts Health Plan will adopt CMS' differential reimbursement for office and facility-based services for physicians, replacing Tufts Health Plan's standard facility fee reduction. Refer to your contract for details regarding outpatient reimbursement provisions
- October 2009: Added Suboxone and Subutex information
- March 2009: Added Rhode Island Parity Law and carve out information
• February 2008: Revised general benefit information with self-service channels information
• January 2008: Added that prior authorization is required for psychological/neuropsychological testing for all commercial plans effective January 1, 2008 and changed Guide for Completing Blue Forms Using IVR to Guide for Completing Mental Health Care Service Requests Using IVR

AUDIT AND DISCLAIMER INFORMATION
Tufts Health Plan reserves the right to conduct audits on any provider and/or facility to ensure compliance with the guidelines stated in this payment policy. If such an audit determines that a provider/facility did not comply with this payment policy, Tufts Health Plan will expect the provider/facility to refund all payments related to noncompliance. For more information about Tufts Health Plan’s audit policies, refer to the Provider website.

This policy provides information on Tufts Health Plan claims adjudication processes. As every claim is unique, this policy is neither a guarantee of payment, nor a final indication of how specific claim(s) will be adjudicated. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization and utilization management requirements (when applicable), adherence to plan policies and procedures, and claims editing logic. An authorization is not a guarantee of payment. Claims for services subject to authorization may be reviewed for accuracy and compliance with payment policies.

This policy applies to the Tufts Health Plan products, as identified in the checkboxes on the first page, and to CareLink℠ for providers in Massachusetts and Rhode Island service areas. Providers in the New Hampshire service area are subject to Cigna’s provider agreements with respect to CareLink members. This policy does not apply to the Private Health Care Systems (PHCS) network (also known as Multiplan). Tufts Health Plan reserves the right to amend a payment policy at its discretion.
