Note: Audit and disclaimer information is located at the end of this document.

POLICY

Tufts Health Plan covers medically necessary (EI) services, in accordance with the member’s benefits.

DEFINITION

Early intervention is a state-mandated, integrated developmental program available to members from birth until their third birthday who are identified with developmental disabilities, or who are at risk for developmental delay, due to adverse birth or environmental circumstances. EI services include, but are not limited to, screenings and assessments, outpatient physical, occupational, speech, and hearing therapy, nursing care, and psychological counseling.

GENERAL BENEFIT INFORMATION

Services and subsequent payment are pursuant to the member’s benefit plan document. Member eligibility and benefit specifics should be verified prior to initiating services by logging on to the secure Provider website or by contacting the Behavioral Health Department at one of the following numbers:

- Commercial: 800.208.9565
- Tufts Health Direct and Tufts Health Together: 888.257.1985
- Tufts Health RITogether: 844.301.4093

Massachusetts and Rhode Island-based Employer Groups

The Massachusetts and Rhode Island mandates apply to all members who have coverage through a Massachusetts-based or Rhode Island-based employer group. Some self-insured employer groups are not subject to these mandates.

Members enrolled in Rhode Island plans may self-refer for early intervention services.

New Hampshire-based Employer Groups

Early intervention services provided by a PT, OT, or ST therapist or licensed social worker (LICSW) are covered from birth until the member’s third birthday for Tufts Health Freedom Plan members who are

identified with developmental disabilities and/or delay, pursuant to the member’s benefit plan document².

**Note:** For additional information regarding coverage of autism spectrum disorders, refer to the [Autism Professional Payment Policy](#).

### AUTHORIZATION REQUIREMENTS

Prior authorization is not required for EI services that meet applicable state mandate standards, including the following Tufts Health Together members:

- Children ages three and younger
- Families of children whose identified disabilities cause developmental concerns
- Children whose birth or environmental circumstances affect their typical development.

### BILLING INSTRUCTIONS

Tufts Health Plan follows AMA CPT/HCPCS coding guidelines. Refer to current industry standard coding guidelines for a complete list of procedure codes, modifiers and their usage. For more information refer to the [Professional Services and Facilities Payment Policy](#).

**Rhode Island EI Providers**

Refer to the [Early Intervention Procedure Code List for Rhode Island Providers](#) for a list of procedure code(s) that Rhode Island providers may bill in accordance with the codes set forth by the Rhode Island Department of Human Services.

**Massachusetts and New Hampshire Early Intervention Providers:**

Massachusetts and New Hampshire providers may bill only the following procedure code(s) in accordance with the codes set forth by the Massachusetts Department of Public Health and the New Hampshire Insurance Department.

**Note:** The absence and/or presence of a CPT procedure code is not an indication and/or guarantee of coverage and/or payment.

**Note:** Time should be billed in units of 15 minutes (15 mins = 1 unit/2 hr max = 8 units/10 hr max = 40 units).

Assessment code maximums are cumulative per 12-month period for all disciplines. For example, if a physical therapist bills a 2 hour initial assessment (8 units) and an occupational therapist bills a 3 hour initial assessment (12 units) the next month, 5 hours are counted against the total 10 hour maximum for the initial assessment. When more than one discipline is involved in the screening and/or assessment on the same date of service, the total number of units should be billed on one line (do not bill each discipline separately).

² Per N.H. RSA 415:18-s.
³ Use modifier U1 if billing for early intervention-only child group.
⁴ Use modifier U2 if billing for community child group.
COMPENSATION/REIMBURSEMENT INFORMATION

Providers are compensated according to the applicable network contracted rates, regardless of the address where the service is rendered. For additional information, refer to the Professional Services and Facilities Payment Policy.

Tufts Health Plan compensates appropriately certified EI providers, in accordance with applicable state mandates in effect on the date of services rendered.

AUDIT AND DISCLAIMER INFORMATION

Tufts Health Plan reserves the right to conduct audits on any provider and/or facility to ensure compliance with the guidelines stated in this payment policy. If such an audit determines that a provider/facility did not comply with this payment policy, Tufts Health Plan will expect the provider/facility to refund all payments related to noncompliance. For more information about Tufts Health Plan’s audit policies, refer to the Provider website.

This policy provides information on Tufts Health Plan claims adjudication processes. As every claim is unique, this policy is neither a guarantee of payment, nor a final indication of how specific claim(s) will be adjudicated. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization and utilization management requirements (when applicable), adherence to plan policies and procedures, and claims editing logic. An authorization is not a guarantee of payment. Claims for services subject to authorization may be reviewed for accuracy and compliance with payment policies.

This policy applies to the Tufts Health Plan products, as identified in the checkboxes on the first page, and to CareLinkSM for providers in Massachusetts and Rhode Island service areas. Providers in the New Hampshire service area are subject to Cigna’s provider agreements with respect to CareLink members. This policy does not apply to the Private Health Care Systems (PHCS) network (also known as Multiplan). Tufts Health Plan reserves the right to amend a payment policy at its discretion.
