POLICY

Tufts Health Plan covers medically necessary obstetrical and gynecological services, in accordance with the member's benefit.

GENERAL BENEFIT INFORMATION

Services and subsequent payment are pursuant to the member's benefit plan document. Member eligibility and benefit specifics should be verified prior to initiating services by logging on to the secure Provider website or by contacting Provider Services.

REFERRAL/AUTHORIZATION/NOTIFICATION REQUIREMENTS

Certain procedures, items and/or services may require referral and/or prior authorization. While you may not be the provider responsible for obtaining prior authorization, as a condition of payment you must confirm that prior authorization has been obtained.

Commercial and Tufts Health Public Plans

Providers should notify Tufts Health Plan of a member’s pregnancy by completing the appropriate Prenatal Registration Form located in the Provider Resource Center and faxing it to the appropriate number listed on the form. For additional information refer to the Referrals, Authorizations and Notifications chapter of the Commercial Provider Manual or the Care Management chapter of the Public Plans Provider Manual.

Inpatient Notification – Commercial, Tufts Medicare Preferred HMO and Tufts Health Public Plans Products

As per federal law, Tufts Health Plan does not require prior authorization or inpatient notification for planned deliveries that fall within the timeframes (from time of delivery) of 48 hours for a vaginal delivery or 96 hours for a caesarian delivery. Obstetrical admissions that are not for a planned delivery are subject to Tufts Health Plan’s inpatient notification requirements.

1 Commercial products include HMO, POS, PPO, Tufts Health Freedom Plan, and CareLinkSM when Tufts Health Plan is the primary administrator.
2 Tufts Medicare Preferred and Tufts Health Plan SCO are collectively referred to in this payment policy as Senior Products.
In the event that the birth mother and/or the newborn(s) must stay longer due to illness, an inpatient notification is required.
