### POLICY

Tufts Health Plan covers medically necessary services, in accordance with the member's benefits.

### GENERAL BENEFIT INFORMATION

Cost share for services may apply pursuant to the member's specific benefit coverage. Coverage of services and subsequent payment are based on the member's benefit plan document. Providers and their office staff should use self-service channels to verify effective dates and cost share for members prior to initiating services. Eligibility may be subject to retroactive reporting of disenrollment.

**Note:** There is no member responsibility for Tufts Health Plan SCO members.

### For Commercial (including Tufts Health Freedom Plan), Tufts Medicare Preferred HMO and Tufts Health Plan SCO products

Refer to the [Electronic Services](#) section of Tufts Health Plan's public Provider website for self-service channel options. Member eligibility and benefit specifics should be verified prior to initiating services by logging on to Tufts Health Plan's secure Provider [website](#) or by contacting the appropriate call center for [Commercial](#) or [Senior Products](#).

- Tufts Medicare Preferred HMO follows Medicare coverage guidelines. Tufts Health Plan cannot cover items and services not covered under the CMS-approved Tufts Medicare Preferred HMO benefit plan. The Tufts Medicare Preferred HMO benefit plan currently covers a limited number of non-Medicare-covered items as supplemental benefits (subject to change each year).
- Tufts Health Plan SCO follows Medicare coverage guidelines for Medicare-covered benefits and Medicaid coverage guidelines for Medicaid-only covered benefits.

### For Tufts Health Public Plans products

Refer to the [Electronic Services](#) section of Tufts Health Plan's public Provider website for self-service channel options. Member eligibility and benefit specifics should be verified prior to initiating services by logging on to Tufts Health Plan's secure Provider [portal](#) or by contacting [Tufts Health Public Plans Provider Services](#).

---

<sup>1</sup> Commercial products include HMO, POS, PPO, Tufts Health Freedom Plan, and CareLink<sup>SM</sup> when Tufts Health Plan is the primary administrator.

Tufts Health Plan complies with all applicable state and federal laws regarding coverage of healthcare services, including mental health parity requirements. For state-specific mental health parity information, refer to Massachusetts<sup>2</sup>, Rhode Island<sup>3</sup> and New Hampshire<sup>4</sup> statutes.

## **AUTHORIZATION REQUIREMENTS**

Certain procedures, items and/or services may require prior authorization with the Tufts Health Plan Precertification Operations Department. Requirements for authorization include timely notification and submission of all required documentation. While you may not be the provider responsible for obtaining prior authorization, as a condition of payment you must confirm that prior authorization has been obtained.

For more information on procedures, services and items requiring referral and/or prior authorization, refer to the following resources:

## **BILLING INSTRUCTIONS**

Tufts Health Plan follows AMA CPT/HCPCS coding guidelines and accepts all standard modifiers submitted in accordance with the appropriate CPT/HCPCS procedure code(s). Refer to current industry standard coding guidelines for a complete list of modifiers and their usage as well as content-specific payment policies for more information.

- Submit the most updated industry-standard codes and modifiers, when applicable, with the corresponding CPT/HCPCS procedure code(s).
- Ancillary providers may only bill the procedure code(s) in accordance with the applicable financial exhibits of their provider agreements.
- Submit original claims once; additional submissions of the same claim will result in duplicate denials. Refer to [Avoiding Administrative Claim Denials](#) for additional information.
- Refer to Medicare billing guidelines to submit claims for Medicare-only-covered services, and to Medicaid guidelines to submit claims for Medicaid-only-covered services.

To view the status of submitted authorizations and claims, log on to Tufts Health Plan's secure [Provider website](#) (Commercial and Senior Products) or [Tufts Health Provider Connect](#) (Tufts Health Public Plans).

Annually and quarterly, HIPAA medical code sets<sup>5</sup> and modifiers undergo revision by CMS (including NCCI) and AMA. Revisions typically include adding, deleting or redefining the description or nomenclature of new HCPCS, CPT procedure and ICD-CM diagnosis codes. As these revisions are made public, Tufts Health Plan will update its systems to reflect these changes.

<sup>2</sup> [M.G.L. c. 175 § 47B](#) and M.G.L. c. 176G, § 47B.

<sup>3</sup> R.I.G.L. c. 27-38.2.

<sup>4</sup> R.S.A. § 417-E.

<sup>5</sup> HIPAA medical code sets include HCPCS, CPT procedure and ICD-CM diagnosis codes.

Tufts Health Plan does not add, remove or replace modifiers or procedure codes on submitted claims. These changes are based on the coding guidelines defined by AMA and CMS and are to be utilized appropriately by the submitting provider. Inappropriately coded claims will deny, and providers will have the opportunity to submit a corrected claim.

**Note:** Tufts Health Plan encourages direct electronic claim submission.

**EDI Claims Submission:** Submit claims in HIPAA-compliant 837P format. Claims billed electronically with nonstandard codes will reject. Refer to the [837 Companion Guide](#) for additional information.

**Paper Claims Submission:** All paper claims must be submitted on standard red claim forms. Black and white versions of these forms, including photocopied and faxed versions, will not be accepted and will be returned with a request to submit on the standard red claim form. Claim line(s) billed with nonstandard codes will deny.

Submitted forms deemed incomplete will be rejected and returned to the submitter with a letter stating the reason for the rejection, and instruction to resubmit a new claim with the required information for processing within the applicable filing limits.

For additional billing requirements and instructions, refer to the following:

- Claim Requirements and Dispute Guidelines chapters of the [Commercial](#) and [Senior Products](#) Provider Manuals
- Claims Procedures chapter of the [Tufts Health Public Plans Provider Manual](#)

### **COMPENSATION/REIMBURSEMENT INFORMATION**

Providers are compensated according to the applicable network contracted rates, regardless of the address where the service is rendered. Claims are subject to payment edits that are updated at regular intervals and generally based on CMS (including NCCI), specialty society guidelines and drug manufacturers' package label inserts.

Tufts Health Plan does not allow the use of a so-called "waiver" to circumvent or override the provider's obligations under the applicable participation agreement with regard to services covered under the member's plan. By way of illustration and not limitation, the waiver is of no validity when applied to missed filing deadlines, provider's authorization requirements and attempts to collect payments other than applicable cost share.

Tufts Health Plan members may not be held financially accountable for services performed by a noncontracting lab ordered by or referred from a contracting provider. In such circumstances, Tufts Health Plan may hold the ordering provider accountable for any inappropriate billing and related actions on the part of the nonparticipating lab the provider has selected.

**Note:** Tufts Health Plan does not separately compensate providers for time and direct costs associated with procuring and maintaining inventories of drugs and supplies, as this expense is a component of the existing compensation schedule.

#### **Add-On Codes**

Tufts Health Plan does not compensate add-on code(s) if the primary procedure code has not been submitted on the same claim. Add-on codes are always performed in conjunction with a primary procedure and should never be reported as stand-alone services. If the primary procedure code has not been submitted and compensated on the same date of service, then that add-on code will also not be allowed. Refer to the AMA CPT Manual for additional information.

**Procedure code guidelines:** Tufts Health Plan does not compensate for inappropriately coded services, based on CPT/HCPCS procedure code guidelines.

Tufts Health Public Plans does not routinely compensate any procedure or service received with an ICD-CM sequela (7th character "S") code billed as the only diagnosis on the claim.

Effective for dates of service on or after July 1, 2018, Tufts Health Plan does not routinely compensate procedure codes that are billed with inappropriate diagnosis codes.<sup>6</sup>

---

<sup>6</sup> Applies to Tufts Medicare Preferred HMO and Tufts Health Plan SCO claims.

Effective for dates of service on or after January 1, 2019, Tufts Health Plan will not routinely compensate the following, according to current ICD-CM guidelines:

- Claim lines reported with mutually exclusive code combinations
- Claim lines where lateral diagnosis codes do not match the modifier(s) associated to a claim line (e.g., a diagnosis code indicates right-side but a left-side modifier is billed)
- Claim lines where lateral diagnosis codes associated to a claim line are billed incorrectly (e.g., diagnosis billed states right side, another diagnosis billed states left side, and there is a diagnosis code for bilateral)

Effective for dates of service on or after July 1, 2019, Tufts Health Plan will not routinely compensate claim lines if the revenue code is 0636 (drugs requiring detailed coding) and the HCPCS code does not match.<sup>7</sup>

Effective for dates of service on or after July 1, 2019, Tufts Health Plan will not routinely compensate any service if an inpatient or outpatient claim exists with a discharge status of 20, 40, 41, or 42 (patient deceased/expired) prior to the date of service.<sup>7</sup>

Tufts Health Plan recommends not billing the member for any cost-share amount until the claim has processed so that the appropriate member responsibility can be determined. Both the provider's explanation of payment (EOP) and the electronic remittance advice (ERA) will reflect the member's responsibility amount.

**Explanation of Payment:** The EOP provides information on the status of the claim(s) submitted to Tufts Health Plan, including claims payments, denials and pending claims.

**Electronic Remittance Advice:** The HIPAA-compliant 835 ERA is an EDI transaction that providers may request to electronically post both paid and denied claims information to their accounts receivable system.

For more information on how to obtain an EOP and/or ERA, refer to:

- Claim Requirements and Dispute Guidelines chapters of the [Commercial](#) and [Senior Products](#) Provider Manuals
- Claims Procedures chapter of the [Tufts Health Public Plans Provider Manual](#)

#### **Place of Service Coding for Physician Services**

Effective for dates of service on or after October 1, 2018, Tufts Health Plan will not routinely compensate any physician service code if billed in place of service 11 (office) by a professional provider and the same code was billed by any outpatient provider or facility (including ambulatory surgical centers)<sup>8</sup> for the same date of service.

Effective for dates of service on or after January 1, 2019, Tufts Health Plan will not routinely compensate any physician service code when billed in a non-facility place of service by a professional provider and the same code was billed by any facility (on a CMS-1500) for the same date of service.

#### **Tufts Medicare Preferred HMO and Tufts Health Plan SCO Products Only Duplicate/Multiple Professional Components for the Same Service**

Effective for dates of service on or after October 1, 2018, Tufts Health Plan will routinely compensate only one professional or technical component for the same service if billed by different providers.

#### **DOCUMENT HISTORY**

- May 2019: Added claim edits for discharge status and revenue/HCPCS code consistency, effective for dates of service on or after July 1, 2019; removed reference to Claims Submission Policy (retired)
- November 2018: Added edits for place of service and ICD-CM coding, effective for dates of service on or after January 1, 2019
- August 2018: Added claim edits for place of service coding for physician services and duplicate/multiple professional components for the same service effective for dates of service on or after October 1, 2018
- June 2018: Template updates

<sup>7</sup> Applies to Tufts Medicare Preferred HMO, Tufts Health Plan SCO, and Tufts Health Public Plans products.

<sup>8</sup> Effective for dates of service on or after January 1, 2019.

- May 2018: Added claim edit for inappropriately coded claims, effective for dates of service on or after July 1, 2018
- February 2018: Created one document for Tufts Health Plan

#### **AUDIT AND DISCLAIMER INFORMATION**

Tufts Health Plan reserves the right to conduct audits on any provider and/or facility to ensure compliance with the guidelines stated in this payment policy. If such an audit determines that a provider/facility did not comply with this payment policy, Tufts Health Plan will expect the provider/facility to refund all payments related to noncompliance. For more information about Tufts Health Plan's [audit policies](#), refer to the Provider website.

This policy provides information on Tufts Health Plan claims adjudication processes. As every claim is unique, this policy is neither a guarantee of payment, nor a final indication of how specific claim(s) will be adjudicated. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization and utilization management requirements (when applicable), adherence to plan policies and procedures, and claims editing logic. An authorization is not a guarantee of payment. Claims for services subject to authorization may be reviewed for accuracy and compliance with payment policies.

This policy applies to the Tufts Health Plan products, as identified in the checkboxes on the first page, and to CareLink<sup>SM</sup> for providers in Massachusetts and Rhode Island service areas. Providers in the New Hampshire service area are subject to Cigna's provider agreements with respect to CareLink members. This policy does not apply to the Private Health Care Systems (PHCS) network (also known as Multiplan). Tufts Health Plan reserves the right to amend a payment policy at its discretion.
